Pack your emergency kit

- Being prepared includes having your own food, water, medication and other essential supplies to be able to look after yourself and your family for at least 72 hours.
- A collection of items your household may need for survival during the emergency and items to help you recover after an emergency. An emergency kit must be prepared to suit your family's individual needs.
- More information visit https://www.emergencyprepare.com.au/kit/start-packing-your-emergency-kit/

Emergency plan, important contacts, documents & ID

Radio and torches, batteries & cash

Medical aids & Medication First aid Kit

Mobile phone & Charger

Personal & Protective clothing & toiletries

Food & water

Miscellaneous personal items

Items for children & pets.

Emergency Relief Centres (ERC) do not open for every event. If you are relocating during an emergency, you are encouraged to go to family and friends in a location well away from the emergency area. In the event an ERC is established the location will be announced via Vic Emergency and the Emergency Broadcasters.
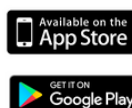

Important Apps and contacts

To install an app on your phone, you need to:
1. Open the app store on your phone (PlayStore, App Store)
