

*Feeling Socially Isolated?*

*Tired of Watching TV alone?*

**Come join the Good VIBES!**

**EACH Just Vibing** is an online social group for young people to engage in fun activities within a safe space. The activities will kick off with a **'Games Day'** and will work to a calendar chosen by you. Upcoming possibility of crafts, cooking, arts, writing and open mic/talent events.

Everyone is welcome to join and chose their level of participation or spectate with their camera off if you feel more comfortable and would like to engage with others.

We may be physically distanced but let's stop the social distancing by getting together on the cyber couch, making new connections, learning new skills, trying something different and getting creative with ideas.

Contact Jodie Today to secure your place and register for the fun!
