OFFICE HOURS
9.00am – 4.30pm weekdays

TISC'S ROLE

TISC runs a joint applications system for admission to undergraduate courses at the universities below.

- Curtin University
- Edith Cowan University (ECU)
- Murdoch University
- The University of Notre Dame Australia
- The University of Western Australia (UWA)

TISC receives and processes applications for admission to these universities. TISC doesn't select applicants, assess qualifications or decide eligibility for admission - the universities do this. If you want detailed information about a course or want to check the likelihood of selection, you should ask the Admissions Centre of the university offering that course.

The information in this book is correct at 30 June 2023 and is based on information supplied by the participating universities. It is relevant only for admission in 2024 and is subject to change without notice. In particular, the universities reserve the right to change the content and/or the method of presentation and/or the method of assessment of any unit of study, to withdraw any unit of study or program which they offer, to impose limitations on enrolment in any unit or program, and/or to vary arrangements for any program.

Enquiries regarding university admission requirements should be directed to the individual university(ies) concerned. TISC and the participating universities cannot accept liability for any incorrect advice received from sources other than TISC, the universities or the universities' officially appointed agents.

'TISC' is a registered trademark.
'ATAR' is a registered trademark.

TABLE OF CONTENTS

IMPORTANT DATES

Dates are subject to change. Check the TISC website for current confirmed dates.

Saturday 30 September 2023, 11.59pm

Final closing date for Bachelor of Medicine, Bachelor of Surgery at Curtin and for Assured Pathways to Dentistry, Medicine, Pharmacy and Podiatry at UWA – you can't apply for these courses or add new preferences for these courses after today. You can still change the order of existing preferences on your preference list.

Thursday 30 November 2023, 11.59pm

Closing date for Educational Access Scheme applications and document submission, for main round consideration.

Final closing date for the Veterinary Science course at Murdoch - you can't apply for this course or add it as a new preference after today. You can still change the order of existing preferences on your preference list.

Monday 11 December 2023

Closing date for change of address for WACE students for mailing of Universities Admission Advice Letter.

Wednesday 13 December 2023, 11.59pm

Final date for you to upload documents/transcripts of results for the main round of offers.

Sunday 17 December 2023

WA 2023 WACE results and Universities Admission Advice Letters available online.

Monday 18 December 2023, 11.59pm

Final closing date for you to add/re-arrange preferences, and to update your address and/or email address, before the main round of offers.

Friday 22 December 2023

Main round offers available online and emailed. Applications and changes of preferences re-open.

Monday 8 January 2024, 11.59pm

Closing date for Educational Access Scheme applications and document submission, for second round consideration.

Sunday 14 January 2024, 11.59pm

This is the final day for you to apply. The universities will consider you for the second round of offers for all courses on your preference list, unless you have already accepted an offer, or allowed a first-preference offer to lapse.

This is also the final closing date for you to re-arrange or add preferences for the second round of offers, and the final date for you to upload documents/transcripts of results to TISC or update your address and/or email address before notification of the second offer round.

Friday 19 January 2024

Second round offers available online and emailed.

INTRODUCTION TO THE GUIDE

Applying to university can seem daunting, particularly if you're the first one in your family to try, but we're here to help you. No matter what your query, we'll help you find the answer, and we'll offer advice on the best way forward.

This printed TISC Guide is targeted at current Year 12 school leavers. Universities also welcome applications from people with VET qualifications, tertiary qualifications, and work and life experience. There is extensive information on our website for anyone considering university study.

As you look through the Guide, you'll notice that each major section starts with a list of selected highlights to help you locate information that you will find particularly helpful.

The information in this Guide and on TISC's website is very important for your application. Go through it carefully before lodging your application, as TISC and the universities will assume you have read all relevant sections.

There are also some icons to identify:

✅ actions you may need to take

⚠️ things you need to be aware of

ℹ️ where you can get further information.

HOW MUCH DOES IT COST?

APPLICATION PROCESSING FEE

There is a flat $88.00 fee to apply through TISC for Semester 1, 2024 admission to WA universities.

This fee covers access to TISC services (for example, accessing your Year 11 and 12 school results and your ATAR) and processing of your application.

TISC won't activate your online application until you've paid for it.

You won't be able to see or use the other online options (like changing preferences) until your application is paid for.

You can pay the application processing fee in different ways:

- Online (Mastercard/Visa), either at the time of application or later by logging back in to your TISCOnline account.

- By telephone (Mastercard/Visa), after completing the application declaration. TISC will need to speak to the cardholder, so if a parent is paying for your application, make sure they're with you when you phone. The cardholder can phone us to pay without the applicant present if they have the TISC ID and full name of the applicant.

- In person (cash, cheque, EFTPOS) by visiting our office in business hours (see inside cover of this Guide). The cardholder must be present if paying by card.

- By post (cheque, money order, or credit card via the authority form on your Application Coversheet). Do not send cash in the mail.

TISC doesn't refund fees except where required by law. Paying for an application is not a guarantee of a place.

HARD COPY RESULTS DOCUMENTS FOR 2023 WA YEAR 12 STUDENTS:

You'll be able to access your Universities Admission Advice Letter (UAAL) (scaled scores and ATAR/ Selection Rank) for free via TISC's website until 1 March 2024, and you'll be able to print or save a PDF of your UAAL. We recommend that you print this for your records before 1 March, as there is a fee to retrieve a statement of results (ATAR certificate) after that date.

TISC will mail hard copy results on TISC stationery to you if you order and pay for this service. You can do this as part of your TISC application, or add it before results are released, by logging into your TISC account.

If you are not applying through TISC, you can still order these documents by logging in to the TISC website – all current-year WACE students are automatically registered with TISCOnline.

These results may be ordered in the form of:

- The ATAR Certificate, which will list all your scaled scores including any achieved in previous years, your ATAR, and WACE achievement.

- The UAAL, which will list current-year scaled scores, as well as any past-year scaled scores used to calculate your ATAR, as well as information from each of the five universities about your eligibility and selection rank for that university. These messages relate to the current admission year only.

The cost to order these results is:
$29.00 (first copy)
$15.00 (extra copies in same order)

These fees apply to any combination of UAALs and ATAR Certificates in a single order.

IN THIS SECTION

- How do I apply through TISC?
- Who should apply through TISC?
- Auditions and Portfolios
- Applying to Associate Members
- Release of scaled scores and ATARs
- Applying interstate

APPLYING TO UNIVERSITY

✅ HOW DO I APPLY THROUGH TISC?

Apply via TISCOnline, TISC's online application system at www.tisc.edu.au. You can apply whenever you like, but doing some preparation will help:

- Ensure you have your Unique Student Identifier (USI). Visit usi.gov.au to retrieve or create your USI. See page 6 for more information on the USI.

- Read the sections on pages 10-12, which tell you how the preference system works and how offers are made.

- Check the course descriptions and admission requirements of courses you're interested in on TISC's website. Note any prerequisites and specific requirements – if you are not studying the required subjects, you should check with the university before applying.

- Check pages 16-37 for Course Codes and other information which you'll need to apply.

- Read each university's section.

- Contact the universities to find out more about specific courses. The contact details of Western Australian universities are in the university sections of this Guide and on TISC's website.

- Check the important dates on page 2, and the calendar on TISC's website.

⚠️ REMEMBER:

- Upload any documentation requested by your application coversheet (see page 13) to your TISC application. If you don't have this documentation yet – for example, a qualification that you expect to complete before the end of the year – make a note to yourself to upload it when you receive it.

- Note any extra course-related submissions you need to make (see page 13). These are specified in the relevant course information but are not requested by your application coversheet. TISC will email you to remind you of these submissions.

- Keep your Guide. You may want to refer to it between now and January.

- Check the TISC website regularly for new, amended, and withdrawn courses.

- Check your emails regularly (including your junk mail folder) in case TISC has contacted you about your application.

- Don't use your school email address when applying through TISC as you may not be able to access this email address once you've completed your Year 12 studies.

ℹ️ ANY QUESTIONS?

You should find the information you need in this Guide or on the TISC website. If you still have questions about:

- Lodging your application – contact TISC, and we'll help you sort it out.

- Admission requirements or course details – contact the Admissions Centre at the relevant university (see university sections of this Guide for contact details).

WHO SHOULD APPLY THROUGH TISC?

You can only apply through TISC if you're an Australian or New Zealand citizen, or you've been approved or granted Australian permanent resident status.

If you're applying for permanent residence, you aren't eligible to apply through TISC until your permanent residence status has been approved or granted. Contact the respective universities for advice.

NOTE: If you have a subclass 457 visa, you aren't eligible to apply through TISC. You must apply directly to the relevant university(ies).

You must provide correct details of your current residency status when you apply. If an offer is made to you, and university checks find that you've provided incorrect residency status information, the university concerned will withdraw your offer in accordance with its policies and procedures.

If you are eligible to apply for university through TISC, that does not mean you must apply through TISC. At the time of printing, the rules for 2023 WA Year 12 students are:

- **Curtin University:** WA Year 12 students must apply through TISC.

- **Edith Cowan University:** WA Year 12 students must apply through TISC, unless you are applying for courses at the WA Academy of Performing Arts (WAAPA), or for Summer UniPrep or UniPrep Accelerate.

- **Murdoch University:** WA Year 12 students must apply through TISC.

- **The University of Notre Dame Australia:** WA Year 12 students can apply directly to Notre Dame or through TISC. You can list Notre Dame preferences on your TISC application if you also have a direct application. Applications for Notre Dame's Young Achievers' Early Offer Program should be made directly with Notre Dame. If you apply through TISC with Notre Dame as your first preference, Notre Dame will be in touch.

- **The University of Western Australia:** WA Year 12 students must apply through TISC, including Assured Pathway courses.

For information about direct application processes, contact the relevant university/ies.

AUDITIONS/INTERVIEWS

ECU: For WAAPA courses and the Bachelor of Education (Secondary) - Music Education major only - you must apply directly to ECU (ecuworldready.com.au/apply). Audition requirements will apply, check with ECU for details.

UWA: Bachelor of Music, or Music: General Studies and Music Studies Majors. You need to apply through TISC and submit a separate application for audition/interview direct to UWA. More details are in the course information on TISC's website.

Interviews for **Medicine** courses at both **Curtin** and **UWA** will be arranged by the respective Medical Schools based on factors including your predicted ATAR, and your UCAT score. Contact the Medical Schools for more information.

EXPERIENCE BASED ENTRY SCHEMES AND PORTFOLIO ENTRY

Curtin: If you're applying for the Portfolio Entry pathway, apply through TISC and attach your portfolio documents to your TISC application under the "Portfolio" document category. For more information regarding Portfolio Entry Pathway, please refer to curtin.edu/portfolio-entry.

Note that Curtin's Portfolio Entry pathway uses separate TISC codes to the standard entry. See course codes on page 17-24.

ECU: If you're a School Leaver and eligible to be considered through the Experience Based Entry Scheme you must apply through TISC and upload your supporting documents to your TISC application. If you're submitting an Experienced Based Entry Scheme application for a WAAPA course or the Bachelor of Education (Secondary) – Music Education, you must apply and upload your supporting documents directly to ECU.

Murdoch: If you're a Portfolio applicant, apply through TISC and attach your portfolio documents to your TISC application under the "Portfolio" document category. Information on the courses available and entry requirements for the Murdoch University Portfolio Pathway is at: https://portfolio.murdoch.edu.au.

The University of Notre Dame Australia: If you are applying for Experience Based Entry, you should apply directly to Notre Dame.

The University of Western Australia: If you're applying for Experience Based entry as a Year 12 School Leaver, you must apply through TISC and you can submit supporting documents as part of your TISC application. All other applicants can apply directly to UWA.

APPLYING TO ASSOCIATE MEMBERS

Applications for courses offered by Associate Members are not lodged through TISC. Apply to the institution direct (contact details on inside back cover of this Guide and on TISC's website). You can have a TISC application as well as direct applications with Associate Members or other institutions.

The degrees and qualifications offered by TISC Associate Members are subject to the same quality standards and accreditation as the degrees and qualifications at universities. They may offer benefits such as smaller class sizes or additional pastoral care.

🛈 RELEASE OF SCALED SCORES AND ATAR

You access only your scaled scores and ATAR from TISC's website – www.tisc.edu.au.

You access your WACE results, including details like raw examination marks, via the School Curriculum and Standards Authority website – www.scsa.wa.edu.au.

✅ APPLYING INTERSTATE

To apply to universities in other Australian states, apply through that state's Tertiary Admission Centre (organisations like TISC in each state). As it will be a separate application to your TISC application, with a separate list of course preferences, you may receive offers from more than one state.

Closing dates and fees vary, so it's important to check these on the websites listed below if you want to apply interstate.

The Commonwealth Government's Course Seeker website (www.courseseeker.edu.au) allows you to search and compare courses from across the country and may be useful if you are interested in studying interstate.

Here are the contact details you need for other states' admissions centres:

STATE	ADMISSIONS CENTRE
New South Wales/ Australian Capital Territory	Universities Admissions Centre (UAC) www.uac.edu.au
Queensland	Queensland Tertiary Admissions Centre (QTAC) www.qtac.edu.au
South Australia/ Northern Territory	South Australian Tertiary Admissions Centre (SATAC) www.satac.edu.au
Tasmania	University of Tasmania www.utas.edu.au/apply
Victoria	Victorian Tertiary Admissions Centre (VTAC) www.vtac.edu.au

MY APPLICATION

ℹ️ HOW DO I START MY APPLICATION?

You must be registered with TISCOnline to be able to log in, lodge an application to university and access other online functions. Current WA Year 12s are registered automatically, unless you are studying the International Baccalaureate or at a non-standard school.

Your 8-digit TISC User ID is your 2023 WACE Candidate Number. To get started, go to the Registration Status Check page for information on the default password required for logging in to TISCOnline for the first time. Once you log in for the first time, you will set your own password.

See the diagram on page 15 for a step-by-step guide to applying via TISCOnline.

WHAT IF MY NAME OR DATE OF BIRTH IS INCORRECT?

TISC receives this information directly from the School Curriculum and Standards Authority (SCSA). If you notice that your name or date of birth is incorrect when you log in to TISCOnline for the first time, you have two options.

1. Speak to your school and ask them to help you fix the error with SCSA. Once SCSA has corrected the information, allow a week for this to flow through to your TISCOnline account before completing your application.

2. Continue with your TISC application. If you choose this option, you will then need to submit proof of the correct information (for example birth certificate) to TISC **as well as** to SCSA.

HIGHLIGHTS OF THIS SECTION:
- How many courses can I choose?
- Does the order of my preferences matter?
- Are all preferences given equal consideration?
- Changing preferences
- Second chance English test (STAT)
- Have you had difficulties in Year 11/12?

✅ ANSWERING THE QUESTIONS

The application process will ask you several questions, including contact details and demographic information. Many of these are for statistical purposes and won't affect the outcome of your application, but it's important to answer them accurately.

Unique Student Identifier

Your Unique Student Identifier (USI) is a 10-character alphanumeric identifier issued by the Federal Government. Many Year 12 students will already have one. To create one, or check what yours is, visit www.usi.gov.au

You will need to enter your USI to complete your TISC application. If you are unable to create one - usually only if you are a New Zealand citizen and not yet in Australia - contact TISC.

Emails and Your Junk Mail Folder

TISC will use email to contact you throughout the admissions cycle so check your emails regularly (including your junk mail), particularly leading up to the two all-preference offer rounds in December and January. Provide an email address which will be active throughout this period (ie NOT your school email address, which you may not be able to access after graduation). Save the email address which TISC will use to contact you (applications@tisc.edu.au) as an approved sender so that emails from TISC don't go to your junk mailbox.

TISC will assume that you've read email notifications and requests, so if there is a problem with the email address you supply, it may affect the outcome of your application. Plus, any offer of a place will be emailed to you, so a viable email address is essential.

Phone Number

Provide at least one telephone number in Australia which will be current from now until February. A mobile phone number is ideal, as TISC and the universities may send you a text message if the matter is urgent.

Your Studies and Qualifications

TISC has access to enrolments and results for all your General and ATAR subjects, including any you are sitting as a non-school-based candidate.

VET Qualifications

For standard entry, the universities only consider qualifications at Certificate IV level or higher, but you can list other VET qualifications if you wish.

If you want to be considered for Portfolio or Experience Based Entry pathways, it's a good idea to list any Certificate II or III qualifications as well.

Enabling Programs

If you are enrolled in a university enabling program through your school (for example, Curtin's UniReady, ECU's UniPrep, Murdoch's TLC Learning for Tomorrow/FlexiTrack High, or Notre Dame's UniPath), you must declare this under the university studies question.

⚠️ We can't see if you are enrolled in VET qualifications or university enabling programs, even if these are done through your school. These must be declared by you on your application.

If they are not, you may miss out on an offer as TISC will not be aware you are studying this qualification/program.

CHOOSING AND CHANGING PREFERENCES

How Many Courses Can I Choose?

You can choose up to six courses.

List them in order of preference, starting with the course you'd most like to study. You should list more than one preference, especially if a similar course is offered at more than one university, or if your first preference is likely to be competitive (that is, more eligible applicants than there are places available). If you're not sure whether you meet the requirements for entry to a course, check with the relevant university's Future Students team.

It's a good idea to list preferences that have different Selection Rank or pre-requisite requirements, to give yourself the best chance of receiving an offer.

Start with your **dream course/s**. Even if you're not confident you'll achieve the requirements, aim high.

Then, add a couple of **confident choices**. Based on your Semester 1 exam results, you may have a reasonable idea of what approximate ATAR you're likely to achieve. Use the course codes and minimum/guaranteed selection ranks in this Guide (see page 16) to see what courses this may give you entry to.

Finally, it's a good idea to consider a **fallback choice** or two. Sometimes things don't go as you plan, and you can still find a path to your dream course, you just might need to consider a different route.

Does the Order of My Preferences Matter?

Yes, it does matter.

In the TISC offer rounds, you will only receive one offer. Your first preference should be the course you'd most like to study, your second preference the course you'd next prefer to do, and so on up to six preferences. List only courses for which you'd accept an offer. You'll be made an offer for the preference highest on your list for which you're eligible, if a place is available.

Are All Preferences Given Equal Consideration?

Yes.

Our system is designed to offer you the highest preference possible. If you're not selected for your first preference, you'll be considered equally with all other eligible applicants for your second preference, and so on. Your chance of being selected for a course isn't reduced because you've placed that course as a lower preference.

Can I Change My Preferences?

Yes, at any time, subject to closing dates.

You can change some of or all your preferences at once. Changing your preferences cancels all previous sets of preferences.

You'll have a limited window of time after Year 12 results are released to change your preferences for the main offer round. We strongly recommend that you give serious thought to your preferences before then, to avoid making a rushed decision. There will also be plenty of time between the two offer rounds to review and reconsider your preferences if you wish.

Can I Change My Preferences Between the Two Rounds of Offers?

Yes, subject to closing dates, and if you don't accept or defer your main round offer.

Make sure that you understand the implications of changing preferences at this stage. Read the 'Offers' section which follows. Don't change preferences until one of the universities or TISC notifies you whether an offer has been made.

Closing Dates for Changing Preferences

Check the dates on page 2 to see whether any course you want to add has an early closing date. Closing dates can't be extended.

There's also a short closure period before the main round of offers when you can't change preferences.

How Do I Change Preferences?

Go to www.tisc.edu.au and log in to your account. If you forget your password, follow the prompts to change it – don't create a new application. Changing preferences is a three-step process, which involves moving through three pages online – make sure that you go through all three steps and receive a reference number, then you'll know you've successfully completed the change. It costs nothing to change your preferences.

If you're applying for a course with an early closing date (see page 2), you must be very careful when changing your preferences. If you accidentally removed a closed course code from your preferences,you will not be able to add it again. If this happens to you, contact TISC immediately for advice.

Will TISC Confirm My Changes of Preference?

When you have finished changing your preferences online, you'll see a page confirming the changes you've made and providing a reference number, which you can print if you like. You can log in at any time to check your preferences, but make sure that you're viewing your current committed preferences, rather than those in your Course Folder or those which are still uncommitted.

ⓘ Where Can I Get Advice?

If you don't understand the procedure involved, or if you're unsure whether to change preferences, contact TISC or the Admissions Centre at one of the universities before you do anything at all – in particular, before you accept or defer your offer.

METHOD OF STUDY

Full-Time Studies

If you choose 'Full-time' as your method of study, you'll study a full-time load of units and enrol in classes on campus for whenever the unit is timetabled. This may be in the daytime or the evening. Some units may be offered in more than one timeslot. Full-time is indicated by 'F' in the tables on pages 17-44. Full-time university studies don't usually involve the same number of contact hours as secondary school, because you are expected to be responsible for study and preparation in your own time.

Part-Time Studies

You can study many courses part-time. Part-time means undertaking a lesser load of study than the normal full-time load. If you're a part-time student, you'll study a part-time load of units on campus. You'll enrol for classes on campus for whenever the unit is timetabled. This may be in the daytime or the evening. Some units may be offered in more than one timeslot. Courses available for part-time study are listed with method of study 'P' on pages 17-44.

External Studies

If you're an external (off-campus) student, you won't normally attend classes on campus. Course materials will be made available online, or possibly mailed to you. Some courses may be offered either partially or fully online. External study is available for some courses at Curtin University, Edith Cowan University and Murdoch University (method of study 'E' – see pages 17-33). The University of Notre Dame Australia and The University of Western Australia don't currently offer external study for undergraduate Bachelor degree programs.

Internet access is required for all external study at ECU.

Curtin Online Studies

Some Curtin courses are delivered either partially or fully online. If you're an external student, you won't attend classes on campus. Course materials are available online and you'll learn using a wide variety of sources that can include interactive videos and animations, simulations, online workgroups, etc. You're required to have internet access for Online Studies. Online Studies courses are listed on pages 17-24 and marked with superscript 7.

Can I Change My Method of Study After I Get an Offer?

You'll need to discuss this with the university when you enrol.

I'VE DONE MY APPLICATION – WHAT NOW?

- Make sure you read your coversheet. Your coversheet will tell you about any documentation that you need to upload in support of your application. There's lots of guidance on submitting documents on page 13.

- Check your email regularly. If there are additional submissions required, TISC will email you within three business days of your application.

- You'll be able to change your preferences and your contact details if necessary. Any other information can't be changed. If you have forgotten to add something or made an error, submit the changes in writing to TISC. You will find an Application Changes Form on TISC's website.

WILL TISC ACKNOWLEDGE MY APPLICATION?

Print or save your application coversheet as a record that you've applied, and as a reminder to upload the documents, if any, requested on it. Once you've applied, TISC will send you an email confirmation, so you'll know your application is live.

If you don't receive this email, log back in to your TISC account to check your application was correctly submitted.

WHAT'S MY TISC APPLICATION NUMBER?

Your TISC application number is recorded at the top of your application coversheet and is the same as your eight-digit WACE candidate number if you're a 2023 Year 12 student taking WACE courses or courses endorsed by the School Curriculum and Standards Authority. If you're a 2023 final year IB student, you must register as a new user on TISC's website before applying (see the IB brochure at www.tisc.edu.au for more information.)

If you're a 2023 final year student at a non-standard school in WA, you must register as a new user on TISC's website before applying (see Applicants for Admission from Non-Standard Schools on page 9). Students enrolled in the Big Picture Program are considered to be at a non-standard school and should also follow these instructions.

⚠ UPDATING CONTACT DETAILS

Let TISC know if you change your address or your email address, because otherwise you may not receive important information about your application. See page 2 for the change of address/email address deadline before offers are made. Make sure you also ask your school to let the School Curriculum and Standards Authority know your new address.

FRAUDULENT APPLICATIONS

When you apply, you declare that your application is 'true and complete'. If your coversheet tells you to, you must upload documentary proof of all previous Year 12 (or equivalent), and post-secondary studies, including failed courses or units. It's a serious offence to submit a false declaration or false documents. If you do, TISC will notify all participating universities, and your application may be withdrawn. Some universities have policies in place which will prevent you being offered a place in subsequent years. Past cases have also been referred to the police. If you're offered a place in a course and your application is later found to have been incomplete or misleading, your enrolment can be terminated, and your academic record annotated accordingly.

We understand that sometimes applicants accidentally leave out information or make a mistake – if this happens to you, just contact TISC as soon as you realise, and we can make sure this information is corrected or added to your application.

UNDERGRADUATE ADMISSION REQUIREMENTS

Refer to the Undergraduate Admissions Requirements for School Leavers brochure for 2024 on TISC's website. Also see the Prerequisites and Specific Requirements sections of the courses you're interested in on TISC's website.

English Language Requirements

All the universities require you to demonstrate a certain level of competence in English. This is so that you will have a high chance of succeeding in the course you choose. Not meeting the English Language requirements doesn't mean you can't attend university, but you may need to complete some further study first to improve your chances of success.

For WA Year 12 students, the recommended path is by attempting ATAR English, ATAR Literature, or ATAR English as an Additional Language/ Dialect. If you achieve a scaled score of 50 or higher in one of these subjects, you will satisfy the English Language requirements for all five WA universities.

If you don't achieve a scaled score of 50 or higher in an ATAR English subject, here are some other ways you may be able to satisfy the English Language requirements for direct entry into undergraduate degrees as a Year 12 WACE student:

CURTIN	• Sit STAT Written English (see page 9) in January; **OR** • Successfully complete the UniReady in Schools program (ECU's UniPrep Schools also accepted).
ECU	• a school letter grade of C or better in an ATAR English subject; **OR** • minimum grade of 50 in Academic Writing completed as part of ECU's UniPrep; **OR** • a minimum score of 140 in STAT Written English. * See page 51 or further information or refer to https://www.ecu.edu.au/future-students/course-entry/english-proficiency-bands Bands 3 and 4)
MURDOCH	Complete Year 11 and 12 in Western Australia.
NOTRE DAME	Complete Year 11 and 12 in Western Australia.
UWA	• Sit STAT (both sections) in January – UWA conditional offer letter required; **OR** • You may be able to enrol in an additional first year communications unit. Check with UWA for details.

This list is not exhaustive, and you should check with the university where you are applying for more information. Enabling courses, experience-based entry schemes and portfolio entry pathways may have differing requirements.

Applicants for Admission from Non-Standard Schools

Non-standard schools in Western Australia include schools like Perth Waldorf School that don't deliver WACE, or schools following the Big Picture Program. It also includes homeschooled students.

Apply for admission via TISC, but also include with your application a statement giving full details of your upper secondary school studies.

WACE isn't required by any of the universities for applicants from non- standard schools, but an equivalent senior secondary certificate may be required. You should check with the university/ies if you are unsure.

SPECIAL TERTIARY ADMISSIONS TEST

STAT is a nationally recognised set of tests offered by TISC to help mature-aged candidates gain entry to university. STAT doesn't test knowledge of specific academic subjects but tests a range of competencies considered important for success in university study, such as the ability to understand and think critically about issues. As a result, you don't need any particular preparation to sit STAT.

STAT is also used by the Western Australian universities as a second-chance test of English competence. If you don't achieve English Language Competency via your WACE exam but have sat the exams in English ATAR, Literature ATAR or English as an Additional Language or Dialect ATAR, you may be invited to sit STAT in late December/early January to demonstrate English Language Competency for university entrance. This invitation will be on your Universities Admission Advice Letter (UAAL), which will also provide your ATAR and scaled scores from ATAR courses. If your UAAL doesn't invite you to sit STAT at Year 12 results time, but you've sat exams in one of the above English courses, you may also sit STAT to achieve English Language Competency. In this case, it would be wise to check with the universities whether English Language Competency is all that is required to give you eligibility for university entry. See TISC's website for information on STAT and how to book a test but note that you can't book until after the WACE examinations.

If you took English/Literature/English as an Additional Language or Dialect General, you may need special permission from a university before you can book for STAT. The universities have different policies in this area, so if you took one of these General English subjects, it's best to check with the university/ies before booking for STAT, otherwise your booking form may be rejected, which can cause delays. You also will not be able to book until after the WACE examinations, even if you are not sitting any of the examinations.

Generally, Year 12 school leavers are not permitted to sit the Multiple Choice section of STAT. Some limited exemptions may apply, but applicants must request permission from the university/ies where they wish to study.

There is a fee to sit STAT:

- $170.00 to sit one section (eg, Written English only)
- $270.00 to sit both sections.

HAVE YOU HAD DIFFICULTIES DURING YEARS 11/12?

If you've faced circumstances beyond your control that have adversely affected your study during Years 11 and 12, you can submit a single application through TISC's **Educational Access Scheme** (EAS) to be considered by each university in your preference list.

Your EAS application will be handled in the strictest confidence by TISC and the universities concerned.

EAS covers the following areas of possible disadvantage:

- School environment – for example, multiple relocations during your schooling, attending a school where few students are interested in university study or a school in a rural or isolated area.
- Financial circumstances – for example, family financial hardship,
- Low socio-economic status background or needing to work excessive hours to support family income.
- Family situation – for example, family disruption, death of a close family member or friend, lack of a supportive home study environment, supporting family member/s with illness/disability, or Indigenous background.
- Personal health issues – for example, personal medical condition/ disability, or accidental injury.
- Other circumstances – for example, difficult migrant passage, refugee/asylum seeker status, leaving foster care, or any other circumstances not covered above.

Supporting documentation will be required, and the closing date to be considered for the main round is 30 November, to allow the assessment panel time to assess the documentation. If you think you may wish to apply for EAS, we recommend that you organise your application well in advance, as statements of support can take time to obtain. Check the details on the TISC website or email eas@tisc.edu.au for advice.

OFFERS

WHO MAKES THE OFFERS?

The individual universities make the offers of admission. After any of the offer rounds, if you have any queries about why you have or haven't been made an offer, contact the Admissions Centre of the university concerned.

HOW ARE THE OFFERS MADE?

Your application is considered based on selection criteria established by each university. You're ranked in order of merit for each course you've listed. Most universities consider any or all of the following when considering your application:

· secondary studies; and

· other studies done while at school, such as enabling programs or VET qualifications; and

· post-secondary studies; and

· in some cases, special circumstances.

The offer process will consider your first preference first, and if it's possible to offer you that, will do so. If it's not possible to offer you your highest preference, the system will ignore that preference and try to offer you your next preference. This process continues until we can make you an offer, or until all your preferences have been considered. If an offer is made, any preference lower than the offered preference is ignored. You can view your offer via TISC's website. The university concerned will advise you of the offer details by email, including information on how to respond to the offer.

WHAT IS A SELECTION RANK?

For most courses, you'll be selected for admission based on your ATAR (for IB students, a conversion from your International Baccalaureate Admissions Score to a Combined Rank). However, some universities assign WACE students who are eligible for certain Adjustment Factors a Selection Rank which is higher than their ATAR. For these students, selection into courses is based on the Selection Rank assigned by the university concerned.

Eligibility for the adjustment factors is based on specified criteria. International WACE students are not eligible for these adjustment factors. TISC advises eligible WACE students at the time of the WACE results/ATAR release in December, via the Universities Admission Advice Letter (UAAL). The appropriate Selection Rank is automatically applied for offer rounds. For 2024 admission, the following pathways provide Selection Ranks for eligible WACE students: Curtin University's StepUp to Curtin Pathway, ECU's ECU Access Pathway, Murdoch University's RISE Pathway, and UWA's Broadway UWA Pathway. For further details about any of these pathways, see the individual universities' sections in this Guide or the university's website.

Notre Dame will assign Selection Ranks based on additional criteria (Individual Factors). These Selection Ranks may not be reflected on your UAAL. If you are applying for Notre Dame, you should submit an Individual Factors form to provide information about yourself. TISC will email you reminding you to submit this form if you list any Notre Dame course preferences.

WHEN WILL I GET MY OFFER?

The five universities are making early offers to Year 12 students for some courses. See the next section for details. Separately from early offers, there will be two rounds of TISC offers as in previous years. Main round offers will be available to view on the TISC website on Friday 22 December. Emailed details of an offer will be sent by the universities over the following few business days.

Second round offers will be available to view on the TISC website on Friday 19 January with email details sent out by the universities shortly afterwards.

Second round offers will be made to eligible new applicants, previously unoffered applicants who are now eligible (including those who sat STAT to satisfy university English requirements), those who changed preferences since the previous round, and those applying for some quota courses where some places were held for the second round.

EARLY OFFERS FOR YEAR 12 STUDENTS

All WA universities are participating in early offers to Year 12 students for selected courses. In most cases, courses with limited places will not make early offers, and neither will enabling programs. Details of the early offer schemes vary by university, so you should check with each university for further details. Early offers will not be made until Monday 17 July 2023, to ensure that students can concentrate on and do their best in their Semester 1 examinations.

For Curtin, ECU, Murdoch and UWA, your TISC application is your early offer application, subject to closing dates. If your first TISC preference is eligible for an early offer, the application will be assessed. These four universities will make early offers on the following dates:

- Monday 17 July 2023

- Monday 21 August 2023

- Monday 18 September 2023

- Monday 16 October 2023

- Monday 20 November 2023

- Friday 8 December 2023

Notre Dame's early offer program is by direct application. If you apply through TISC with Notre Dame as your first preference, Notre Dame will be in touch. Notre Dame will make early offers on a progressive basis from Monday 17 July 2023 through until Friday 8 December 2023.

If you receive an early offer, you should check carefully whether it has conditions that you must fulfil, such as achieving a certain ATAR, or passing particular subjects.

Receiving or accepting an early offer does not lock you in, and you can still add, remove, or change preferences on your TISC application, subject to closing dates.

Not receiving an early offer does not mean you will not receive an offer in the TISC all-preference offer rounds.

HOW MANY OFFERS WILL I GET?

Generally, only one offer, if any, in each of the offer rounds. If you receive an offer in each of the TISC all-preference offer rounds, the later one supersedes the earlier one. You can't have both.

If you change preferences during the early offer period, you may receive more than one early offer, however again, the formal TISC offer will supersede this.

If you have a direct application to a university as well as a TISC application, you may receive more than one offer. You can decide at the end of the year which one you want.

For 2023 WACE students, your Selection Rank for each of the TISC participating universities will be printed on your Universities Admission Advice Letter, as well as your raw ATAR.

I'VE GOT A MAIN ROUND OFFER! WHAT DO I DO NEXT?

Congratulations! Check the options below, or the diagram on the TISC website, for what to do next.

You've been made an offer you're happy with and you're ready to start!

Accept the offer, following the university's instructions in your offer email. There'll be a deadline in your offer email, so make sure you accept in time. You won't be made any other offers.

You've been made an offer you're happy with, but you'd like to take a break before you start.

Apply to defer your place. There'll be information about what is possible and a deadline in your offer email, so make sure you act in time.

Remember, a deferral is an acceptance of the offer, so you won't be made any further offers.

You've been made an offer and you're not quite sure now whether that's what you really want.

If you're offered your first preference:

Use the TISC 'automatic safety net'. Don't accept your offer now (remember, a deferral counts as an acceptance). Move your first preference offer to a lower position on your preference list and try for an offer in a higher preference in the next round. You don't need to contact the university. This change of preferences saves your offer. When the next round of offers is made, you'll either get an offer for a higher preference course or your saved main round offer again. A new offer cancels the previous offer –you can't hold two offers at the same time. You won't get an offer for a preference listed lower than your saved offer.

If you're offered your second, third, fourth, fifth or sixth preference:

Use the TISC 'automatic safety net'. Don't accept or defer your offer now. You can either:

- Do nothing at all and hope to get a higher preference offer in the next round; or

- Move the offered course to a lower position on your preference list and try for an offer in a higher preference. You don't need to contact the university.

Either way, your offer is saved and, when the next round of offers is made, you'll either get an offer for a higher preference course or a new offer for your saved course. A new offer cancels the previous round's offer – you can't hold two offers at the same time. You won't get an offer for a preference listed lower than your saved offer.

The offer you receive in the second round will have a new acceptance deadline, so don't worry about 'missing' the deadline in your main round offer email. As long as you follow the instructions above, your offer will be saved.

You've been made an offer, but you've totally changed your mind about what you want to do.

To reject the offer, change your preferences and remove the offered preference from your preference list. You'll lose the offer, but you'll be reconsidered in the next round. Most courses will continue to take students who meet the minimum entry requirements.

If you've been offered your first preference and you don't do anything, the offer may lapse. This might mean you lose your guaranteed place.

Contact TISC if you make errors in changing your preferences between offer rounds or are unsure about what to do. We can help you.

SCAN THIS CODE TO SEE WHAT YOUR OPTIONS ARE FOR YOUR MAIN ROUND OFFER!

I DIDN'T GET A MAIN ROUND OFFER – WHAT ARE MY OPTIONS?

If you didn't receive an offer, don't panic. Here are your options:

Do nothing and automatically be considered for the second round. Be careful before choosing to do this, as in most cases, whatever stopped you from getting an offer in the main round will stop you from getting an offer in the second round, if nothing changes.

Change your preferences to courses that you do meet the requirements for, and automatically be considered for the second round.

Fix any problems and automatically be considered for the second round. For example, if you hadn't satisfied the English Language Competency requirement, you may satisfy this by sitting STAT (see page 9) and achieving the required score.

If you don't know why you didn't receive an offer, it's important that you seek advice from TISC and/or the university Admission Centre/s. It's much easier for us to help you if you contact us as soon as you find out you were unsuccessful in main round. If you wait until after the second round, it's more difficult.

Let TISC know if you no longer wish to be considered for any course at any university and we'll withdraw your application.

SECOND ROUND OFFERS

You'll be considered in the second round of offers, and may be made an offer if you:

- Hadn't satisfied entry requirements (eg English competency) in time for the main round, but have since met the requirements; or

- are completing the IB or another Year 12 qualification where final results were not available in time to be considered in the main round; or

- Changed your preferences between the offer rounds, subject to closing dates; or

- Received an offer in the main round and elected to save that offer (automatic safety net); or

- Applied too late to be considered in the main round; or

- Didn't receive an offer in the main round and didn't advise TISC to withdraw your application.

You'll either be:

- Made an offer if you have met course entry requirements since the main round; or

- Offered a preference higher than your saved offer; or

- Re-offered your saved offer; or

- Made an offer, even if unsuccessful in the main round of offers; or

- Advised that your application was unsuccessful.

⚠ I'VE BEEN MADE A SECOND ROUND OFFER. WHAT DO I DO NOW?

Accept your offer by enrolling or deferring by the deadline in your offer email or you'll lose your offer. There aren't any further TISC offer rounds.

ENROLMENTS AND DEFERRALS

How do I enrol?

Your offer email will outline enrolment procedures. You'll have to enrol online or in person. Note that you will need a Tax File Number (TFN) and a USI to apply for a HECS-HELP loan.

Enrolments for Curtin University and Edith Cowan University must be done online.

Can I Defer?

Yes. You can defer your offer of a place for 12 to 24 months (depending on the university concerned), subject to certain restrictions and meeting the application deadlines.

You can defer most courses, except for Music courses at UWA, and competitive entry courses at ECU.

For some courses, the universities also allow deferral for one semester if second semester entry is available for the course and there are places available. For further information, check with the universities.

WHAT IF I'LL BE AWAY FROM HOME IN DECEMBER-FEBRUARY?

You need to make crucial decisions once TISC releases your Year 12 results, and a short time later when the universities make offers. The universities will provide details of their offers by email, so make sure that TISC has your current email address and that you check your emails (including your junk mail) around the published offer date. If you'll be away from your normal address during December-February, change your address with TISC or arrange for someone to check your mail for you, as some information may come by mail during this period.

If you haven't received your emailed details of an offer from a university by three business days after the published offer release date, contact the university immediately.

If you want TISC or the universities to be able to discuss your application, offer or enrolment with someone other than you, you must provide written authority. Download the online authorisation form (printing three copies), fill in each form and send one to TISC. Give one form to the person you've nominated so they can present it if they need to contact TISC or the universities and keep the remaining completed form for yourself.

Follow the instructions detailed in your offer. It's possible to lose an offer in certain circumstances if you don't follow the instructions. See the information on page 10 for guidance on your options before you respond to your offer. If you're unsure of what to do, contact TISC for assistance before you respond to your offer.

After accepting your offer, and depending on the university, you must enrol online or in person. You may not be able to nominate someone else to enrol for you. Ensure that you're in Perth and can enrol on the specified date if you must enrol in person.

AUSTRALIAN YEAR 12 RESULTS COMPARISON

An ATAR achieved from 2011 or later in any state or territory (2020 or later in Queensland) is considered the same as an ATAR from any other state or territory.

Tertiary institutions throughout Australia agree that if an interstate Year 12 applicant has fulfilled the requirements for eligibility for selection into all courses in their home state, they are eligible for consideration for entry into courses in another state (subject to ATAR and any specific course requirements).

WHAT ELSE DO I NEED TO KNOW?

WHAT ABOUT MY SUPPORTING DOCUMENTATION?

TISC needs documentary proof of all qualifications and any change of name you've stated on your application. TISC can obtain some of this proof electronically, but not all of it. If you need to provide any documentation, your Application Coversheet will tell you. If TISC isn't successful in retrieving the results it expects for you, we'll email you and ask you to provide the documentary proof yourself.

Applications where information or documentation isn't complete may not be successful. It's your responsibility to provide all supporting documents that TISC requests from you.

Current (2023) studies

You do not need to upload any documents relating to your Year 12 ATAR and/or General studies.

If you're studying anything else in 2023 – for example, a Certificate IV through your school – and haven't yet completed your course, apply to TISC by the closing date and upload all documents requested by your Application Coversheet, except those related to your current study. Upload the documents for your Semester 2, 2023 study as soon as they're available. TISC and the universities can't guarantee that documents received at TISC after the published closing date for receipt of documents will be considered in the main round of offers, but they'll be considered for the second offer round.

Additional documentation

Sometimes TISC may request that you submit documentation that isn't requested on your coversheet. This is usually because it relates to a specific course preference that you have listed. For example, nursing, teaching, and medicine courses often require additional submissions.

These are listed on the TISC website, and you will receive an email from TISC outlining what you need to do, within three business days of your initial application or preference change.

Documentation which TISC will try to obtain for you

WA TAFE and Fremantle Education Centre studies

TISC can obtain Semester 2, 2023 results for all WA TAFEs and Fremantle Education Centre, provided you apply to TISC by 30 November 2023. WA TAFEs will only provide proof of course completion to TISC if you've applied to graduate. You must apply to your WA TAFE for your award by the end of October 2023 if you expect to complete your qualification at the end of 2023. If you don't do this, it may affect your application, as the universities require proof of course completion when assessing your qualifications.

You may prefer to upload your certificate yourself, which you can do at any time.

International Baccalaureate results

TISC can retrieve 2023 International Baccalaureate results if candidates release them. If you're sitting The Diploma of the International Baccalaureate (IB) in 2023, arrange through your school in advance for your results to be made available to TISC. Provide your IB personal code so that TISC can retrieve your results.

Results from university enabling programs

If you are currently enrolled in a university enabling program, TISC will be able to obtain these results for you as long as you correctly declare it on your application.

If you are enrolled in Murdoch's FlexiTrack High and are applying for courses at other universities, you may need to provide a letter confirming completion of the program.

Uploading documents

If you need to upload documents, you must comply with TISC's requirements for supporting documentation:

- Documents must be original, uncertified documents which are complete, in colour and clearly legible (not blurred). Copies, certified copies, online printouts, faxes, and examination result slips aren't accepted for upload.

- For Certificate IV or lower qualifications, in most cases you will only need to upload the award (completion) certificate.

- For Diploma or higher qualifications, you need to upload the award (completion) certificate and a separate statement of academic record listing the units or competencies completed within the qualification.

Note: In all cases TISC reserves the right to request an original document.

When you are uploading documents, you may have different categories to choose from.

- Qualifications that you have listed may have their own category – for example if you declare a Certificate IV in Business at a private training provider, you will see this as a category. This is where you should upload proof of completion and any other documents relating to this qualification.

- Portfolio documents. If you have listed at least one preference that accepts portfolio or experience-based entry applications, you will see this as a category. This is where you should upload portfolio documents required by the university/ies.

- EAS documents. If you have applied for consideration under the Educational Access Scheme (see page 9), you will see this as a category. This is where you should upload documents required for the EAS, such as your applicant statement. These documents have restricted access due to their potentially sensitive nature.

- General documents. This is where you should upload any other documents, for example a completed English Declaration for nursing courses.

Documentation you should not submit

To reduce the amount of information held by TISC, please don't submit:

- Identification documents (birth certificate, driver's license), unless specifically required for a change of name or personal details.

- Participation certificates and other similar documents, unless these form part of a portfolio or EAS application.

- School reports, unless these form part of a portfolio or EAS application or you have been specifically asked to submit them. The universities will calculate your predicted ATAR, if applicable, from your final Year 11 results that are received from SCSA.

- Your final Year 12 report or Statement of Results. We will obtain this information from SCSA.

TISC PRIVACY STATEMENT

When you apply for university through TISC or register for the Special Tertiary Admissions Test (STAT) through TISC, we necessarily collect personal information about you. TISC has a firm commitment to privacy in accordance with the Australian Privacy Principles (March 2014). See the complete Privacy Policy at www.tisc.edu.au.

If you don't agree to any part(s) of TISC's Privacy Policy, you shouldn't use any of our services, or provide TISC with any personal information. By using our services, for example registering on our website, or providing us with any personal information, you agree to your personal information being collected, held, used, and disclosed as detailed in our Privacy Policy.

PAYING FOR UNIVERSITY STUDY

If you're a domestic student, check www.studyassist.gov.au/. You should check the StudyAssist website at intervals during 2023 for any changes.

Financial Assistance

If you're studying, you may be eligible for financial assistance. Centrelink assists students through payments such as Youth Allowance, ABSTUDY and Austudy. Full details of payments are available at servicesaustralia.gov.au.

For more information or help in your language, visit www.servicesaustralia.gov.au/individuals/information-in-your-language

Scholarships

All the universities offer a wide range of scholarships and bursaries to assist students financially. Some scholarships are for academic excellence, others for community commitment, and others for students with educational or financial disadvantages. Some are course-specific, some are campus- specific, some assist with accommodation costs, some assist with fees or books. These scholarships are many and varied, and you should investigate what's available. Detailed information on scholarships, including the eligibility criteria, selection criteria and application process, is available from the following sites:

Curtin University:
scholarships.curtin.edu.au

Edith Cowan University:
www.ecu.edu.au/future-students/fees-and-scholarships

Murdoch University:
www.murdoch.edu.au/study/scholarships

The University of Notre Dame Australia:
www.notredame.edu.au/current-students/opportunities/scholarships

The University of Western Australia:
uwa.edu.au/study/scholarships/explore

WHAT IF I HAVE A DISABILITY, MEDICAL CONDITION OR LEARNING DIFFCULTY?

Many people have disabilities, medical conditions, mental health conditions or learning difficulties which affect their mobility, sight, hearing, ability to communicate, manual dexterity, etc. Under Equal Opportunity legislation, you can't be discriminated against in the selection process on the grounds of a disability, medical condition, mental health condition or learning difficulty. Universities are keen to assist students with disabilities, medical conditions, mental health conditions or learning difficulties, wherever possible, to complete whatever course they choose.

Some courses may have inherent selection requirements that may preclude some applicants. Check the course information and if necessary contact the university to discuss your situation.

If you'd like to receive information from the universities about facilities available for students with disabilities, medical conditions or learning difficulties, choose the appropriate answer to this question when you apply. This service is confidential. Otherwise, check the websites of the relevant universities for further information. Contacts at each of the universities are on TISC's website.

ⓘ EXTRA INFORMATION AND ADVICE

You can get more information about the application procedure from TISC. We have a team of friendly people who will be happy to help explain anything you're not sure about.

You can get advice on choice of courses from your school or the Prospective/ Future Students' Office or Admissions Centre at the universities. More useful contact information is on the inside back cover of the Guide.

HOW TO APPLY VIA TISCONLINE

FOR YEAR 12 WACE STUDENTS

1 Log in using your User ID (WACE number). First time? Use your default password.

2 Confirm/add contact details - no school email addresses!

3 Answer demographic questions (eg country of birth).

4 Add at least one preference. You can choose up to six.

5 Tell us about your studies or qualifications. Certificates I-IV go under VET studies; uni enabling programs go under uni studies.

6 Check your application is true, complete & correct, then complete Application Declaration.

7 Complete payment. The application won't be considered until you have paid.

8 Print or save your coversheet & check if it asks you for documents.

9 Upload requested documents. You can do this now, or later, but don't miss the closing date.

COURSE CODES

COURSE CODES – SOME TIPS

- Use the codes in this section to apply for courses and change preferences. You can also find the codes – and important course information – using the Course Search function on the TISC website.

- Read the course information on our website, so you get the full picture on entry requirements for your chosen courses.

- Majors (specialisations) within degrees might have a specific course code or might be listed with other majors under the name of the degree. If they're listed under the name of the degree, you'll be able to choose which major you want to do when you enrol at the university.

- In some courses, you can choose to complete two majors (double major). Popular combinations may be listed in the following pages, but there are many more combinations available. It pays to check with the university before you apply if you're interested in a particular major combination, as not all majors can be combined. To apply for a double major, just choose the code that includes one of the majors you're interested in. You can confirm the combination once you enrol.

- You only need to use a course code once in your preference list. Our application system won't let you add it twice. This is so you can keep the biggest range of options available.

- Check codes carefully, as some courses are offered at more than one campus, or offer different entry pathways with separate codes.

- Some courses have specific subject prerequisites. Check the entry on TISC's Course Search for details.

- All courses lead to a Bachelor degree, except where indicated.

GUARANTEED AND MINIMUM ATAR/ SELECTION RANKS

Minimum ATARs/Selection Ranks are provided for courses. Minimum ATARs/Selection Ranks show you the rank needed to be considered for entry to a course. However, obtaining these ranks is not a guarantee of being selected for a place in these courses. Some courses will have N/A for the minimum ATAR/ Selection Rank, where an ATAR is not applicable due to emphasis on other eligibility criteria.

Guaranteed ATARs/Selection Ranks are listed for many courses. If you achieve the Guaranteed ATAR/Selection Rank for a course, you are guaranteed acceptance into that course, provided you also achieve WACE, English Competency, and a scaled score of 50 or more in any ATAR course prerequisites listed for the course.

Some courses have no Guaranteed ATAR/Selection Rank listed, as they use additional selection criteria (such as aptitude test, audition, interview, etc) and/or have limited places available.

For most courses, information on the lowest, highest, and median (middle) ATARs and Selection Ranks offered places in the previous year is available on TISC's Course Search, university websites or the CourseSeeker website. If this is not available, it may be because it is a new course, or because students were admitted on a basis other than ATAR.

METHOD OF STUDY

Many courses offer either full-time (F) or part-time (P) enrolment and may be studied on-campus or externally (E), including online. See page 7 for further information.

CURTIN UNIVERSITY

COURSES CURTIN PERTH CAMPUS	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR / SELECTION RANK 2024	GUARANTEED ATAR / SELECTION RANK 2024

Photography	CUDPH	F, P	70.00	70.00
Photography (Portfolio Entry)	CODPH	F, P	N/A	N/A
BUSINESS, MANAGEMENT AND LAW				
Construction Management	CUAMH	F, P	70.00	70.00
Bachelor of Business Administration				
Business Administration	CUBAC	F, P, E	70.00	70.00
Business Administration (Portfolio Entry)	COBAC	F, P, E	N/A	N/A

Business specialisations:

Accounting for Business Decisions	*International Business*
Advertising	*Marketing*
Business and Law	*Property Investment*
Business Project Management	*Public Relations*
Corporate Governance	*Retail and Supply Chain*
Digital Marketing	*Small Business Start-up*
Event Management	*Social Leadership and Ethics*
Human Resource Management	*Tourism and Hospitality*
Information Management in Business	

COURSES CURTIN PERTH CAMPUS	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR / SELECTION RANK 2024	GUARANTEED ATAR / SELECTION RANK 2024
Bachelor of Commerce				
Commerce[1]	CUBBC	F, P, E	70.00	70.00
Commerce (Portfolio Entry)	COBBC	F, P, E	N/A	N/A

Accounting	*Industrial Relations**
*Accounting Technologies**	*International Business*
Advertising	*Logistics and Supply Chain Management*
*Banking**	*Management*
*Business Information Systems (Professional)***	*Marketing*
*Business Information Technology (Professional)***	*Professional Human Resource Management*
Business Law	*Property*
Economics	*Property Development and Valuation*
Entrepreneurship	*Public Relations*
Event Management	*Taxation**
Finance	*Tourism and Hospitality*
*Financial Planning**	

* Only available as part of a double major.
**These majors can be studied alongside one specialisation/minor, four elective units or as a double major with each other.

COURSES	COURSE CODE	METHOD OF STUDY	MINIMUM ATAR	GUARANTEED ATAR
Bachelor of Innovation				
Innovation	CUINC	F, P	70.00	70.00
Innovation (Portfolio Entry)	COINC	F, P	N/A	N/A

More than 60 specialisations offered - see Curtin's website for details.

Law	CULLC	F, P	90.00	90.00

Bachelor of Laws/Bachelor of Arts (*double degree*)	CULAC	F, P	90.00	90.00

Arts majors:
International Relations
Jounalism

Bachelor of Laws/Bachelor of Commerce (*double degree*)	CULBC	F, P	90.00	90.00

Commerce majors:
Accounting
Economics
Finance
Human Resource Management
Taxation

Law/Psychology (LLB/BSc) (*double degree*)	CULPC	F, P	90.00	90.00

Key

[1] External study is available on a limited basis. Read the course entry & contact the teaching area for more information.

[2] Part-time study is restricted to applicants with prior learning. Read the course entry and contact the teaching area for more information.

[3] Mature age applicants who wish to apply to study the Bachelor of Medicine, Bachelor of Surgery are advised that they are required to study four WACE ATAR courses to be eligible. Applicants applying on the basis of fewer than four courses will not be considered for this course. It is also important to note that mature age applicants should not possess a tertiary record if they're looking to apply by completing four ATAR courses.

[4] Part-time study is only available for Year 1 and Year 2. Students are advised to study full-time during Year 3 & Year 4.

[5] The final year is available as full-time study only.

[6] Accreditation by the Actuaries Institute requires applicants to have a minimum ATAR/Selection Rank of 92.00.

[7] This course is available fully online. Access to the internet is a requirement for study. Select 'E' as your method of study when applying for this course.

[8] For further information, please contact 1300 222 888 or email educationstudents@curtin.edu.au.

Chemical Engineering [2]	*Chemistry* [3]				
Civil Engineering [2]	*Conservation Biology*				
Computer Systems [2]	*Data Science* [3]				
Electrical Power [2]	*Environmental Management* [2]				
Electronics and Communications [2]	*Horticulture*				
Instrumentation Control and Automation [2]	*Marine and Freshwater Science* [2]				
Mechanical Engineering [2]	*Mathematics* [3]				
Mechatronics [2]	*Physics* [3]				
Petroleum Engineering [2]	*Sustainability*				
Bachelor of Maritime Engineering (Specialisation) Honours [3]		EJMAR	F, P	80.00	80.00
Marine and Offshore Engineering					
Naval Architecture					
Ocean Engineering					
Bachelor of Technology (Aeronautical)		EJBTA	F, P	70.00	70.00
Bachelor of Technology (Engineering)		EJTEH	F, P	70.00	70.00
Chemical					
Civil					
Electrical					
Electronics and Communications					
Electronics and Computer Systems					
Mechanical					
Petroleum					
Bachelor of Technology (Motorsports)		EJMSC	F, P	70.00	70.00
MEDICAL & HEALTH SCIENCES					
Bachelor of Biomedical Science		EJBMC	F, P	70.00	70.00
Applied Chemistry [3]					
Data Science [3]					
Forensic Science					
Human Biology					
Human Genetics					
Medical Science					
Nutrition Science					
Bachelor of Biomedical Science (Bioscience) [5, 7]		EJBIO	F	70.00	N/A
Applied Chemistry [3]					
Data Science [3]					
Forensic Science					
Human Biology					
Human Genetics					
Medical Science					
Nutrition Science					
Diploma of Environmental Health		EDJEN	F, P, E	N/A	N/A
Bachelor of Health Science		EJHSC	F, P, E	70.00	70.00
Addiction Studies					
Health Promotion					
Nutrition					
Nutrition Bioscience					
Occupational and Environmental Health and Safety					
Occupational Safety and Health					
Bachelor of Science (Exercise and Sports Science)		EJASC	F, P	70.00	70.00
Football Performance					
Health Promotion					
Nutrition					
Occupational Safety and Health					
Sport Business					
Bachelor of Science (Exercise Science and Rehabilitation) [3]		EJESR	F, P	80.00	N/A
Bachelor of Science (International Exercise and Sports Science) [7]		EJIES	F, P	70.00	N/A
Football Performance					
Health Promotion					
Nutrition					
Occupational Safety and Health					
Sport Business					

COURSES	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR/ SELECTION RANK 2024
Bachelor of Science (Occupational Therapy) [5]	EJOTC	F, P	80.00	N/A
Bachelor of Science (Paramedical Science) [5]	EJAMC	F, P, E	70.00	N/A
Bachelor of Science (Exercise and Sports Science) / Bachelor of Commerce (Sport Business) (*double degree*)	EJEXC	F, P	70.00	70.00
Bachelor of Speech Pathology [5]	EJSAC	F, P	80.00	N/A
NURSING & MIDWIFERY				
Bachelor of Science (Nursing), Registered Nursing [5]	EJNRC	F, P	70.00	N/A
Bachelor of Science (Nursing) / Bachelor of Science (Midwifery) (*double degree*) [5]	EJSNC	F	75.00	N/A
SCIENCE				
Bachelor of Computer Science	EJCPC	F, P, E	70.00	70.00
Cyber Security [2]				
Software Engineering				
Bachelor of Counter Terrorism, Security and Intelligence	EJCNC	F, P, E	70.00	70.00
Aviation [2]				
Criminology				
Cyber Security [2]				
Data Science [3]				
Historical and Political Studies				
Law in Business				
Management				
Professional Studies				
Bachelor of Science (Cybercrime, Security and Intelligence) [5,7]	EJCSI	F, P, E	70.00	N/A
Bachelor of Science (Cyber Security)	EJNWC	F, P, E	70.00	70.00
Bachelor of Environmental Science [5,7]	EJEVS	F, P	70.00	N/A
Bachelor of Information Technology [1]	EJITC	F, P, E	70.00	70.00
Bachelor of Science [1]	EJSIC	F, P	70.00	70.00
Chemistry [3]				
Conservation Biology				
Data Science [3]				
Environmental Management				
Horticulture				
Marine and Freshwater Science				
Mathematics [3]				
Physics [3]				
Sustainability				
Bachelor of Science / Bachelor of Commerce (*double degree*) [1]	EJSCO	F, P	70.00	70.00

Science Majors:

Chemistry [3]
Conservation Biology
Data Science [3]
Environmental Management
Horticulture
Marine and Freshwater Science
Mathematics [3]
Physics [3]
Sustainability

Commerce Majors:

Accounting
Entrepreneurship
Event Management
Finance
Health Management
Human Resource Management
International Business
International Hotel and Resort Management
Law in Business
Management
Marketing
Project Management
Sport Business
Tourism and Hospitality Management [2]

TEACHER EDUCATION				
Bachelor of Education (Early Childhood Studies) – Joondalup [4]	EJTKC	F, P, E	70.00	70.00
Bachelor of Education (Early Childhood Studies) – Mount Lawley [4]	EMTKC	F, P, E	70.00	70.00
Bachelor of Education (Primary) – Joondalup [4]	EJTPC	F, P, E	70.00	70.00
Bachelor of Education (Primary) – Mount Lawley [4]	EMTPC	F, P, E	70.00	70.00
Bachelor of Education (Secondary) – Biological Science Education [3,4]	EJBCC	F, P	70.00	70.00
Bachelor of Education (Secondary) – Chemistry Education [4]	EJCEM	F, P	70.00	70.00
Bachelor of Education (Secondary) – Design and Technology Education [4]	EMDTC	F, P	70.00	70.00

COURSES	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR/ SELECTION RANK 2024
Bachelor of Education (Secondary) – Drama Education [4]	EMDPC	F, P	70.00	70.00
Bachelor of Education (Secondary) – English Education [4]	EMENC	F, P	70.00	70.00
Bachelor of Education (Secondary) – Health and Physical Education [4, 5]	EJPEC	F, P	70.00	N/A
Bachelor of Education (Secondary) – Food and Materials Technologies: Home Economics Education [4]	EJHEC	F, P	70.00	70.00
Bachelor of Education (Secondary) – Humanities and Social Science Education [4, 5]	EMSSC	F, P	70.00	N/A
Bachelor of Education (Secondary) – Mathematics Education [3, 4]	EJTHC	F, P	70.00	70.00
Bachelor of Education (Secondary) – Physics Education [3, 4]	EJPHY	F, P	70.00	70.00
Bachelor of Education (Secondary) – Visual Arts Education [4]	EMCAC	F, P	70.00	70.00
ENTRY PATHWAYS				
University Preparation Course – Joondalup	EPCJC	F, P, E	N/A	N/A
University Preparation Course – Mount Lawley	EPCMC	F, P, E	N/A	N/A
SOUTHWEST CAMPUS (BUNBURY)				
ARTS & HUMANITIES				
Bachelor of Arts	EBART	F, P, E	70.00	70.00
Creative and Professional Writing				
English				
Bachelor of Social Work	EBSKC	F, P, E	70.00	70.00
BUSINESS & LAW				
Bachelor of Commerce [6]	EBCOM	F, P, E	70.00	70.00
MEDICAL & HEALTH SCIENCES				
Diploma of Environmental Health	EDBEN	F, P, E	N/A	N/A
Bachelor of Health Science	EBHSC	F, P, E	70.00	70.00
Health Promotion				
Nutrition				
Occupational Safety and Health				
Occupational and Environmental Health and Safety				
NURSING & MIDWIFERY				
Bachelor of Science (Nursing), Registered Nursing [5]	EBNRC	F, P	70.00	N/A
Bachelor of Science (Nursing) / Bachelor of Science (Midwifery) (*double degree*) [5]	EBSNC	F	75.00	N/A
SCIENCE				
Bachelor of Science	EBSIC	F, P	70.00	70.00
Conservation Biology				
Environmental Management				
TEACHER EDUCATION				
Bachelor of Education (Early Childhood Studies) [4, 6]	EBTKC	F, P, E	70.00	70.00
Bachelor of Education (Primary) [4]	EBTPC	F, P, E	70.00	70.00
ENTRY PATHWAYS				
University Preparation Course	EPCBC	F, P, E	N/A	N/A

Key

[1] Some majors available in this course may only be available exclusively at either Joondalup, Mount Lawley or off campus.

[2] Available as a separate Bachelor degree.

[3] Indicates a course has prerequisites.

[4] Requires satisfaction of Non-cognitive Entry Criteria. See course entry on TISC website.

[5] Highly competitive course with limited places.

[6] Courses may not be able to be studied in their entirety at ECU South West and/or not all majors are offered on-campus.

[7] This course involves periods of study on both ECU's Joondalup Campus and the University of Portsmouth's Campus in the United Kingdom.

To study online with ECU, select 'E' as the method of study. All external study at ECU requires internet access.
The first two letters of the course code indicate the following:

EB = South West Campus (Bunbury)
EP = University Preparation Course
ED = University Diploma course
EJ = Joondalup Campus
EM = Mount Lawley Campus

MURDOCH UNIVERSITY

COURSES	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR/SELECTION RANK 2024
Agricultural Sciences				
Animal Health	MUSAH	F, P	70.00	70.00
Animal Science	MUSAS	F, P	70.00	70.00
Crop and Pasture Science	MUSPC	F, P	70.00	70.00
Bachelor of Arts				
Asian Studies	MUAAS	F, P, E	70.00	70.00
Community Development	MUACD	F, P, E	70.00	70.00

Marketing	MUBMK	F, P, E	70.00	70.00
Bachelor of Agricultural Science/Business (4 year degree)	MUBSC	F, P	70.00	70.00
Business/Entrepreneurship and Innovation (combined degree)	MUBEI	F, P, E	70.00	70.00
Bachelor of Communication				
Global Media and Communication	MUCGM	F, P	70.00	70.00
Journalism	MUCJO	F, P	70.00	70.00
Strategic Communication	MUCST	F, P	70.00	70.00
Web Communication	MUCWE	F, P, E	70.00	70.00
Creative Media and Communication (combined degree)	MUCCM	F, P	70.00	70.00
Bachelor of Creative Media				
Games Art and Design	MUCGA	F, P	70.00	70.00
Graphic Design	MUCGD	F, P	70.00	70.00
Photography	MUCPH	F, P	70.00	70.00
Screen Production	MUCSP	F, P	70.00	70.00
Sound	MUCSO	F, P	70.00	70.00

COURSES	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR/SELECTION RANK 2024
Bachelor of Criminology				
Crime Science	MUCCS	F, P	70.00	70.00
Criminal Behaviour	MUCCB	F, P, E	70.00	70.00
Legal Studies (pathway to ATAR 90 Law courses)	MUCLS	F, P, E	70.00	70.00
White Collar and Corporate Crime	MUCWC	F, P, E	70.00	70.00
Criminology / Arts (Psychology) (4 year degree)	MUCAP	F, P	70.00	70.00
Criminology / Communication (4 year degree)	MUCBC	F, P	70.00	70.00
Criminology / Global Security (4 year degree)	MUCGS	F, P	70.00	70.00
Criminology / Science (4 year degree)	MUCBS	F, P	70.00	70.00
Bachelor of Data Analytics				
Business Intelligence	MUDAB	F, P, E	70.00	70.00
Bachelor of Education				
Early Childhood and Primary Teaching	MUECP	F, P, E	70.00	70.00
Primary Teaching	MUEPT	F, P, E	70.00	70.00
Primary, 1-10 Health and Physical Education	MUEHP	F, P	70.00	70.00
Bachelor of Education in Secondary Teaching				
Advanced Mathematics	MUEAM	F, P	70.00	70.00
Biology and Environmental Science	MUEBE	F, P	70.00	70.00
Biology and Human Biology	MUEBH	F, P	70.00	70.00
Earth and Environmental Science	MUEEE	F, P	70.00	70.00
English	MUEEN	F, P	70.00	70.00
Geography and Economics (HASS)	MUEBU	F, P	70.00	70.00
History (HASS)	MUEHI	F, P	70.00	70.00
Mathematics	MUEMT	F, P	70.00	70.00
Health and Physical Education	MUEHE	F, P	70.00	70.00
Physical Sciences	MUEPH	F, P	70.00	70.00
Politics (HASS)	MUEPL	F, P	70.00	70.00
Bachelor of Engineering (Honours)				
Electrical and Renewable Energy Engineering	MUENR	F, P	80.00	80.00
Environmental Engineering	MUENE	F, P	80.00	80.00
Industrial Control and Automation Engineering	MUENI	F, P	80.00	80.00
Bachelor of Engineering Technology				
Industrial Control and Automation Engineering	MUSEI	F, P	70.00	70.00
Electrical and Renewable Energy Engineering	MUSER	F, P	70.00	70.00
Environmental Engineering	MUSET	F, P	70.00	70.00
Environmental and Conservation Science				
Marine Biology	MUSBI	F, P	70.00	70.00
Environmental Science and Management	MUSEM	F, P, E	70.00	70.00
Conservation and Wildlife Biology	MUSCW	F, P	70.00	70.00
Bachelor of Global Security				
Cyberspace, Policy and Security	MUGSC	F, P, E	70.00	70.00
Environment, Conflict and Security	MUGSE	F, P, E	70.00	70.00
Politics and International Studies	MUGSP	F, P, E	70.00	70.00
Terrorism and Counterterrorism Studies	MUGSA	F, P, E	70.00	70.00
Health				
Chiropractic Science and Clinical Chiropractic	MUSCP	F, P	70.00	70.00
Bachelor of Food Science and Nutrition	MUFSN	F, P	70.00	70.00
Psychology (BSc)	MUSPS	F, P	70.00	70.00
Sport and Exercise Science (3 year degree)	MUSSC	F, P	70.00	70.00
Sport and Exercise Science/Master of Clinical Exercise Physiology (5 year combined degree)	MUSXM	F, P	70.00	N/A
Sport and Exercise Science/Science (Psychology) (combined degree)	MUSSP	F, P	70.00	70.00

COURSES	COURSE CODE	METHOD OF STUDY (F, P, E)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR/SELECTION RANK 2024
Nursing				
Nursing (school leaver) *(Mandurah Campus)*	MPNUR	F, P	70.00	N/A
Nursing (school leaver) *(Perth Campus)*	MUNUR	F, P	70.00	N/A
Bachelor of Information Technology				
Artificial Intelligence and Autonomous Systems	MUSAI	F, P, E	70.00	70.00
Business Information Systems	MUSIS	F, P, E	70.00	70.00
Computer Science	MUSCS	F, P, E	70.00	70.00

Bachelor of Education (Primary)[1]	NDEDP	F, P	70.00	N/A
Bachelor of Education (Primary)/Bachelor of Arts (*double degree*)	NDEPA	F, P	70.00	N/A
Bachelor of Education (Primary)/Bachelor of Behavioural Science (*double degree*)	NDEPB	F, P	70.00	N/A
Bachelor of Education (Primary)/Bachelor of Science (*double degree*)	NDEPS	F, P	70.00	N/A
Bachelor of Education (Secondary)[1]	NDEDS	F, P	75.00	N/A
Bachelor of Education (Secondary)/Bachelor of Arts (*double degree*)	NDESA	F, P	75.00	N/A
Bachelor of Education (Secondary)/Bachelor of Behavioural Science (*double degree*)	NDESB	F, P	75.00	N/A
Bachelor of Education (Secondary)/Bachelor of Science (*double degree*)	NDESS	F, P	75.00	N/A
PHILOSOPHY AND THEOLOGY				
Bachelor of Philosophy	NDPHI	F, P	70.00	N/A
Bachelor of Philosophy/Bachelor of Theology (*double degree*)	NDPHT	F, P	70.00	N/A
Bachelor of Theology[1]	NDTHE	F, P	70.00	N/A
Diploma of Theology	NDDTH	F, P	70.00	N/A
Bachelor of Philosophy, Politics and Economics	NDPPE	F, P	70.00	N/A
ENABLING PROGRAM				
Tertiary Pathway Program	NDTPP	F, P	N/A	N/A

Key

[1] Other study areas are available within this degree. See notredame.edu.au for details.

[2] Biomedicine Priority Pathway into Notre Dame's Doctor of Medicine (MD) Program will be available from 2024 for school leavers and UNDA Biomedicine graduates. Details are under finalisation and will be available in due course.

THE UNIVERSITY OF WESTERN AUSTRALIA

COURSES	COURSE CODE	METHOD OF STUDY (F,P)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR / SELECTION RANK 2024
Aboriginal Orientation Course	UO020	F, P	N/A	N/A
ARCHITECTURE AND DESIGN				
Bachelor of Environmental Design	UP011	F, P	75.00	75.00
Architecture (Extended Major)				
Environmental Geography and Planning				
Landscape Architecture				
Bachelor of Philosophy (Honours)	UH005	F, P	98.00	98.00
You can choose almost any undergraduate major/s with this bachelor's degree.				
Combined Bachelor's and Master's Degrees				
Bachelor of Environmental Design (Landscape Architecture) and Master of Landscape Architecture	UM036	F, P	82.00	82.00
Assured Pathways				
Master of Architecture via Bachelor of Environmental Design	UK011	F, P	92.00	92.00
Master of Architecture via Bachelor of Philosophy (Honours)	UK005	F, P	98.00	98.00
BUSINESS AND COMMERCE				
Bachelor of Agribusiness	UP020	F, P	80.00	80.00
Agribusiness and Agricultural Science (Extended Major)				
Bachelor of Arts	UP001	F, P	75.00	75.00
Communication and Media Studies				
Work and Employment Relations				
Bachelor of Business	UP009	F, P	75.00	75.00
Business Management				
Enterprise and Innovation				
Global Business				
TIP: You can choose one of the Bachelor of Commerce majors as a second major with your Bachelor of Business degree.				
Bachelor of Commerce	UP002	F, P	80.00	80.00
Accounting				
Business Analytics				
Business Law				
Economics				
Finance				
Human Resource Management				
Management				
Marketing				
Bachelor of Economics	UP013	F, P	85.00	85.00
Financial Economics (Extended Major)				
Professional Economics (Extended Major)				
Bachelor of Philosophy (Honours)	UH005	F, P	98.00	98.00
You can choose almost any undergraduate major/s with this bachelor's degree.				
Bachelor of Philosophy, Politics and Economics	UP012	F, P	90.00	90.00
Philosophy, Politics and Economics (Extended Major)				

COURSES	COURSE CODE	METHOD OF STUDY (F,P)	MINIMUM ATAR/ SELECTION RANK 2024	GUARANTEED ATAR / SELECTION RANK 2024
Combined Bachelor's Degrees				
Bachelor of Agricultural Science and Bachelor of Commerce	UB010	F, P	88.00	88.00
Bachelor of Economics and Bachelor of Commerce	UB020	F, P	90.00	90.00
Bachelor of Engineering (Honours) and Bachelor of Commerce	UB006	F, P	88.00	88.00
Bachelor of Environmental Science and Bachelor of Commerce	UB007	F, P	88.00	88.00
Bachelor of Human Rights and Bachelor of Commerce	UB023	F, P	87.00	87.00
Bachelor of Modern Languages and Bachelor of Business	UB028	F, P	80.00	80.00
Bachelor of Philosophy, Politics and Economics and Bachelor of Commerce	UB017	F, P	92.00	92.00
Bachelor of Psychology and Bachelor of Commerce	UB013	F, P	88.00	88.00
Combined Bachelor's and Master's Degrees				
Bachelor of Economics and Master of Economics	UM002	F, P	90.00	90.00
DATA AND COMPUTER SCIENCE				
Bachelor of Advanced Computer Science (Honours)	UH008	F, P	92.00	92.00
Artificial Intelligence (Extended Major)				
Computing and Data Science (Extended Major)				
International Cybersecurity (Extended Major)				
Bachelor of Science	UP004	F, P	75.00	75.00
Computer Science				
Cybersecurity				
Data Science				
Bachelor of Philosophy (Honours)	UH005	F, P	98.00	98.00
You can choose almost any undergraduate major/s with this bachelor's degree.				
EDUCATION				
Bachelor of Education (Honours) (Primary Education)	UH020	F,P	75.00	75.00
Combined Bachelor's and Master's Degrees				
Bachelor of Science and Master of Teaching (Secondary)	UM023	F, P	88.00	88.00
Assured Pathways				
Master of Teaching (Secondary) via Bachelor of Arts	UT001	F, P	80.00	80.00
Master of Teaching (Secondary) via Bachelor of Biomedical Science	UT006	F, P	80.00	80.00
Master of Teaching (Secondary) via Bachelor of Music	UT008	F, P	80.00	80.00
Master of Teaching (Secondary) via Bachelor of Science	UT004	F, P	80.00	80.00
Master of Teaching (Secondary) via Bachelor of Sport and Exercise Sciences	UT026	F, P	80.00	80.00
There are a wide range of Bachelor's degrees you can take as part of a Master of Teaching Assured Pathway. Find out more at uwa.edu.au/study				
ENGINEERING				
Bachelor of Engineering (Honours)	UH011	F, P	80.00	80.00
Automation and Robotics Engineering (Extended Major) — *Environmental Engineering (Extended Major)*				
Biomedical Engineering (Extended Major) — *Mechanical Engineering (Extended Major)*				
Chemical Engineering (Extended Major) — *Mining Engineering Extended Major)*				
Civil Engineering (Extended Major) — *Software Engineering (Extended Major)*				
Electrical and Electronic Engineering (Extended Major)

Bachelor of Science	UASCI	F, P	75.00	75.00

Key

[1] These course codes have additional entry requirements. Please refer to uwa.edu.au/study/health-and-medical-sciences-applications for more information.

[2] For Assured Pathways to Dentistry and Pathway to Medicine the minimum ATAR/Selection Rank for Rural or Broadway applicants is 98.00.

[3] For Music courses entry is not based solely on ATAR. Please refer to individual course pages on uwa.edu.au/study for more information.

[4] The first year of a limited number of majors and programs will be available at the UWA Albany Campus. Second and higher years may also be available for some courses.

CURTIN UNIVERSITY

CURTIN UNIVERSITY

INTRODUCTION

Curtin is a vibrant, future-focused university ranked in the top 1% of universities in the world. It's a place where ideas and cultures combine to create a place of enthusiasm, endeavour and achievement.

We're widely recognised for the practical and applied nature of our courses, which are designed in close collaboration with industry experts to ensure you graduate with the skills and knowledge employers are looking for.

Curtin University

Throughout your study, you'll be introduced to professional settings through internships, field trips and high-tech simulations. This experience means you'll be ready for the workplace immediately after graduation.

We offer career planning services to identify further study or career options, while our Global Careers service can connect you with employers around the world.

Curtin also offers a range of programs, services and events that allow you to make the most of your time at university. Market days, multicultural week and the Guild Ball are just a few of the amazing events on campus hosted by Curtin's Student Guild – a group of students chosen to represent and advocate your needs throughout the year.

Health and wellbeing services include a physiotherapy clinic, and a medical centre where you can see a doctor, occupational therapist, psychologist, counsellor or social worker.

Curtin also has a childcare centre, a gym, a variety of cafés and a tavern.

OUR LOCATIONS

Our largest campus, Curtin Perth, is located in the suburb of Bentley, about six kilometres south-east of central Perth.

In close proximity to everything Perth has to offer, it boasts 116 hectares of bold architecture nestled amongst beautifully landscaped gardens.

Thousands of students fill the campus grounds every day of semester, creating a vibrant, multicultural atmosphere.

SCHOLARSHIPS

Scholarships offer financial, academic and career support, giving you more opportunities to gain new skills, expand your horizons and add to your portfolio of achievements.

Scholarships are not loans – the money is given to you provided you fulfil key requirements such as academic performance, work experience or volunteer commitments.

There are many scholarships available. Some are offered for academic achievement, such as the Curtin Excellence Scholarship, while others are designed to make university possible for students who face financial hardship. See scholarships.curtin.edu.au.

ADMISSION CRITERIA

GENERAL ADMISSION CRITERIA

- An Australian Tertiary Admission Rank (ATAR) of 70 or equivalent; and

- English Language proficiency (refer to curtin.edu/english-criteria for details)

- Current Year 12 applicants also need to meet WACE requirements. Please check the Admission Requirements for School Leavers 2024 brochure on the TISC website for more information.

COURSE SPECIFIC CRITERIA

- Some courses require an Australian Tertiary Admission Rank (ATAR) above 70;

- Any course prerequisites and other essential requirements for a particular course (refer to course page).

Applicants with a completed AQF Certificate IV qualification, along with evidence of satisfying Curtin University's English language proficiency requirements, will meet the general admission criteria.

There are a number of ways you can satisfy admission criteria. The University reserves the right to determine the appropriate equivalence. Although you may be eligible for admission to the University, this doesn't guarantee a place, particularly in courses for which there's competition for the number of places available.

ENGLISH LANGUAGE PROFICIENCY

You must satisfy the University's English language proficiency for admission to Curtin University. You can demonstrate English language proficiency by achieving a scaled score of at least 50 in one of the following WACE courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EALD) ATAR (for eligible students).

Some courses have specific English requirements. Visit curtin.edu/higher-English for details.

For details of approved English proficiency tests, visit curtin.edu/English-tests.

For further information on English language proficiency, please contact the Admissions Office at curtin.edu/ask or phone on 1300 222 888.

ADMISSION PATHWAY COURSES

Curtin offers bridging programs to selected students who don't satisfy admission criteria for chosen courses. Check your eligibility for these courses, and make sure the course will allow you to continue into the undergraduate degree of your choice.

UNIREADY ENABLING PROGRAM

The UniReady Enabling Program aims to develop independent learning skills in preparation for university-level study. It's a bridging course that helps you meet Curtin's minimum admission requirements for a range of health*, humanities, business, science and engineering* courses.

*Not direct access to all courses. Please visit curtin.edu/uniready for details. Applicants may be required to complete extra documentation. You must be over the compulsory school age as defined by the Western Australian School Education Act 1999 in the year you want to study in the UniReady Enabling Program.

For further information, please contact UniReady at uniready@curtin.edu.au or phone 08 9266 7632.

INDIGENOUS ENABLING COURSES

Applications for the following courses are made directly to Curtin University. For further information visit karda.curtin.edu.au or contact the Centre for Aboriginal Studies Student Services at c_enquiries@curtin.edu.au or phone 08 9266 7091 or 1300 052 732.

Indigenous Tertiary Enabling Course (ITEC)

The Centre for Aboriginal Studies offers the ITEC, which is an enabling course designed to bridge Indigenous students into undergraduate degree programs. The broad aims of the course are to develop the knowledge and competencies required by Indigenous people to access and complete undergraduate degree programs.

Indigenous Pre-Medicine and Health Science Enabling Course

The Indigenous Pre-Medicine and Health Sciences Enabling Course is designed to provide an alternate pre-entry pathway for Indigenous students into undergraduate courses within the Faculty of Health Sciences including Medicine. The course aims to give students the skills and confidence to pursue higher education in the fields of medicine and health sciences in a culturally appropriate environment.

Indigenous Pre-Business and Law Enabling Course

The Indigenous Pre-Business and Law Enabling Course provides Australian Indigenous students with an alternative entry pathway into law and business-related undergraduate degrees in the Faculty of Business and Law. Students are given the opportunity to study in a culturally appropriate environment in which they can gain the skills and confidence necessary to succeed in higher education in the fields of business and law.

Indigenous Pre-Science and Engineering Enabling Course

The Indigenous Pre-Science and Engineering Enabling Course is designed to provide Indigenous Australian students the fundamentals of education in the science and engineering field with an introduction to science (STEM) subject areas. Successful completion of this course with an ATAR Equivalence entry score and career pathway counselling, will provide a strong foundation for students to articulate into Multidisciplinary Science or another nominated undergraduate degree in the Faculty of Science and Engineering.

PORTFOLIO ENTRY INTO SELECTED COURSES

Alternative entry is available for selected courses for those who can demonstrate equivalence to Curtin's ATAR entry through the submission of a portfolio. Applicants are required to provide a complete portfolio when applying through TISC. An interview may be required as part of the application process. If you are a school leaver, please prepare your supporting documentation before the end of the school year to ensure you have the required documents, as letters of support can be harder to obtain after the school year has concluded.

For further information about the portfolio requirements and application process, please visit curtin.edu.au/portfolio-entry. See pages 17-24 of this guide or the Course Search facility on TISC's website to see which courses are available for portfolio entry.

SPECIAL CONSIDERATION

Curtin recognises that preparation for tertiary study isn't always smooth. Special consideration is a scheme for applicants whose educational achievements have been compromised or disadvantaged by external factors. Applicants applying for this scheme will have these factors considered as part of their application. Please visit curtin.edu/special-con for more details. TISC applicants will be able to apply for special consideration through the Educational Access Scheme (see page 6).

STEPUP TO CURTIN

StepUp to Curtin is one of many equity initiatives at Curtin that work towards breaking down the barriers to higher education.

Not everyone has the same opportunities to achieve their true academic potential. You may have the ability to succeed at university but not had the educational, financial or social opportunities to focus on your studies and achieve a high enough Australian Tertiary Admission Rank (ATAR) for entry. That's where StepUp can help.

StepUp to Curtin is a collaboration of two alternative access schemes: StepUp Entry and StepUp Equity Adjustment Admission Pathway (StepUp Bonus). Both schemes are for domestic applicants who are applying to Curtin University based on their ATAR from Australian Year 12 and grant an adjustment factor of additional ATAR points making applicants eligible to be considered for admission into Curtin undergraduate courses.

Successful StepUp Entry and StepUp Equity Adjustment Admission Pathway (StepUp Bonus) applicants will be eligible to be considered for admission into courses at Curtin University, in courses with no prerequisites or where prerequisites have been met.

Please visit curtin.edu/stepup for more details and the eligibility criteria for StepUp Entry and StepUp Equity Adjustment Admission Pathway (StepUp Bonus). If you have any queries, please contact the Admissions Office on 1300 222 888 or email stepup@curtin.edu.au.

GENERAL INFORMATION

DEFERRING YOUR STUDIES

If you have received a TISC offer, you can defer your offer for a period of twelve months. If the course you wish to defer has a mid-year intake and availability for students to return after six months, you will receive an email from Curtin University by May regarding your deferred place. Otherwise, you will be contacted by September. A place of study in the same course will only be guaranteed for the following 12 months.

EXTERNAL AND ONLINE STUDIES

Courses available on an external basis are indicated in the Method of Study column in the Course Codes section of this Guide on pages 17-24.

For further information regarding availability of external courses, see the Curtin 2023 courses handbook at handbook.curtin.edu.au/.

Some Curtin courses are delivered either partially or fully online. In these courses, your resources are available online and you learn using a variety of sources that can include interactive videos and animations, simulations and online workgroups, etc. You need to have internet access for Online Studies. Online courses are marked with superscript 8 in this guide.

SCREENING FOR CLINICAL HEALTH SCIENCES

If you are a student in a course that includes supervised practice (including research) in a clinical setting, you are required to undergo screening for, and vaccination against, a range of infectious diseases before beginning the placement. For specific details relating to these requirements, see www.curtin.edu.au/study/applying/fieldwork-statements/

Criminal record screening is also necessary and, where relevant, Working with Children Checks – see the information for the course on TISC's website.

HOUSING

When you study at Curtin there are many student accommodation options to consider. Curtin's Housing Advisory Service team have decades of experience and can help you explore a variety of options to suit your personal circumstance. Living on campus is convenient, safe, and best of all, you become part of a community of students from all over the world. See curtin.edu/accommodation for more information.

STUDENT GUILD

Information about the Curtin Student Guild will be available at the time of enrolment or go to guild.curtin.edu.au. When you enrol at Curtin, you automatically become a member of the Guild, which provides a range of very useful support services to students and is involved in organising many social, sporting and club- based activities at our campuses.

For further information, visit Building 106F, Curtin Perth (Monday to Friday 9am – 4pm) or contact the Student Guild hello@guild.curtin. edu.au or phone (08) 9266 2900, country callers 1800 063 865.

STUDENT EXPERIENCE

Please visit students.curtin.edu.au for detailed information on what it's like to study at Curtin.

FEES AND CHARGES

Web: fees.curtin.edu.au
Tel: 1300 222 888
Webform: curtin.edu/ask

CURTIN CONNECT

Curtin Connect is the hub for student service, support and advice at Curtin. Curtin Connect is also the main point of contact for any information related to your offer during the TISC offer round.

FAQs: future.connect.curtin.edu.au
Webform: curtin.edu/ask
Tel: 1300 222 888

Telephone hours: Monday to Friday, 8.30am to 4.30pm (Tuesday from 9.30am)

EDITH COWAN UNIVERSITY

EDITH COWAN UNIVERSITY

INTRODUCTION

ECU has more than 30,000 students. From the scientific to the creative, there's something for everyone to study at ECU, with a diverse range of courses, and most offering the flexibility of online study.

Our courses are designed with industry consultation and our teaching staff have extensive professional experience and networks.

So, our students can expect to gain the knowledge, skills and confidence they'll need to meet the challenges of today's and tomorrow's workplaces.

Our courses are also internationally recognised, with many being professionally accredited by national and international organisations.

Student learning also extends beyond the classroom with practicum placements in real businesses or organisations, and opportunities for paid internships and international study tours.

WHY CHOOSE ECU?

- ECU is rated as Australia's top public university for undergraduate teaching quality for the 7th year in a row (QILT Student Experience Survey, 2021). ECU also topped the rankings for public universities in Australia for undergraduate overall experience, skills development and learning resources.

- ECU has again been ranked in the world's top 100 universities under 50 years old in the 2022 Times Higher Education (THE) Young Universities Rankings.

- In the 2023 Good Universities Guide, ECU maintained its long-standing 5-star rating for teaching quality. It's now 16 straight years! ECU was also rated 5-stars for undergraduate overall experience, skills development, student support, learning resources and learner engagement.

- ECU has been ranked in the top 50 for Gender Equality (24th), Good Health and Wellbeing (24th) and Quality Education (41st) in the 2021 Times Higher Education Impact rankings, showing how the universities are working towards the achievement of the United Nations' Sustainable Development Goals.

FANTASTIC FACILITIES AND PROGRAMS

As Australia's most exciting young university, ECU is set to transform the city of Perth, in developing Western Australia's first comprehensive city campus.

Our new campus in the heart of the Perth CBD will represent the future of university education – urban, connected, integrated with business and community – and part of the lifeblood of a thriving city.

ECU City will seamlessly bring together Creative Industries, Business and Technology to deliver a world-class university campus that transforms the city of Perth. ECU City will open to students from 2026.

ECU also has a wide range of courses across a number of study areas with highlights including:

- Offering one of the most comprehensive Arts & Humanities Schools in the southern hemisphere.

- Our Business and Law students have access to state-of-the-art facilities including the Digital Hub, SMART Lab, Law Moot Court, Centre for Business Development, Business Bureau and Tax Clinic.

- We are ranked in the Top 175 universities in the world for Engineering by the Times Higher Education World University Rankings for 2023.
- We offer a comprehensive range of medical and health science courses and are ranked 30th for Sports-related courses in the 2022 QS World University Rankings by Subject.
- ECU has a reputation for producing some of the highest quality nursing and midwifery graduates in Western Australia and is recognised as a top 100 nursing program worldwide.
- ECU is the only Australian university recognised as an International Cybersecurity Center of Excellence.
- ECU has been ranked the top public university in Australia for Undergraduate Teaching Quality, Skills Development and Learning Resources in Teacher Education in the 2021 QILT survey results.
- And we are very proud to be home to WAAPA, one of the world's leading performing arts academies.

WHAT PATHWAY CAN YOU TAKE INTO ECU

At ECU we attract a wide range of students including high school graduates and students who aren't fresh out of Year 12.

That's because we offer different options for gaining entry to our undergraduate programs. Like our Experience Based Entry Scheme or a University Preparation (UniPrep) course.

Find out more about how ECU can help you achieve your dreams.

ADMISSION REQUIREMENTS

Universities have many admission pathways, catering for applicants with varying qualifications, such as Year 12 studies, Vocational Education and Training qualifications, tertiary studies, and work and life experience.

At ECU, we believe people from all backgrounds should have the opportunity to access a university education. That's why we've created a range of innovative admission pathways.

Our pathways are available for school leavers and other applicants, and we provide the support and flexibility to anyone wanting to further themselves through education.

While ECU will make every effort to offer you a place in your chosen course, attaining the minimum academic and English competency requirements isn't an automatic guarantee.

Sometimes the number of eligible applicants is greater than the number of places. Where this occurs, offers will be made on a competitive basis.

ENGLISH COMPETENCY REQUIREMENTS

All applicants are required to meet ECU's minimum English requirements as follows and equivalencies will be considered.

Bachelor and Associate Degrees

WA ENGLISH COURSE	YOU MUST HAVE ACHIEVED:
ATAR or TEE English (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final scaled score of at least 50; OR • a final school letter grade of A, B or C studied in Year 12
General English * (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final school letter grade of A (*Experience Based Entry Scheme and Creative Arts Portfolio Entry pathway applicants only)
WACE English (Stage 2 or 3) (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final scaled score at least 50; OR • a final school letter grade of A, B or C in two units (Stage 2 or above) studied in Year 12
Wholly School Assessed Senior English	• a final school grade of A studied in Year 12
Special Tertiary Admissions Test (STAT)	• 140 or greater on the STAT Written English (if sat after February 2010)
ECU Approved English Test	• a satisfactory level of competency in an ECU approved English test.

University Preparation and University Diploma Courses

WA ENGLISH COURSE	YOU MUST HAVE ACHIEVED:
ATAR or TEE English (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final scaled score of at least 50; OR • a final school letter grade of A, B, C or D studied in Year 12
General English * (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final school letter grade of A, B or C studied in Year 12
WACE English (Stage 1, 2 or 3) (includes English, Literature, English as an Additional Language / Dialect or English as a Second Language)	• a final scaled score at least 50; OR • a final school letter grade of A, B or C in one unit (Stage 2 or above) studied in Year 12; OR • a final school letter grade of A in both 1C and 1D studied in Year 12
Wholly School Assessed Senior English	• a final school letter grade of A, B or C studied in Year 12
Special Tertiary Admissions Test (STAT)	• 110 or greater on the STAT Written English (if sat after February 2010)

Academic Entry Requirements

ECU offers a variety of ways to meet our minimum academic entry requirements for a course, depending on what you have studied previously, or your work or life experience. We call these admissions pathways.

In addition to meeting our minimum academic requirements through one of our admission pathways, applicants may also be required to have:

- achieved WACE or equivalent (school leaver applicants applying for Bachelor degree courses); and
- satisfied ECU's minimum English requirements (refer to English Competency Requirements on this page, or refer to TISC's website); and
- met any course specific prerequisites.

ADMISSION PATHWAYS

ATAR

If you satisfy our minimum English and academic requirements (refer to page 51) and you:

- have or will obtain an ATAR, you may meet the admissions requirements for your chosen undergraduate course with your ATAR;

- have not or will not obtain an ATAR, you may still have some options as outlined below.

- If you've attended a school on our ECU Access List, your selection rank may be adjusted upwards, and you may meet the requirements for an undergraduate course. Please search ECU Access list at www.ecu.edu.au for more information.

Alternatively, you may:

- be eligible to apply through our Experience Based Entry Scheme; or

- apply for another course with a lower ATAR requirement; or

- consider our UniPrep course which we recommend you include as a preference on your application.

How to apply

School leaver applicants should apply through TISC, unless applying for WA Academy of Performing Arts (WAAPA) courses (refer to page 53 for WAAPA courses).

EXPERIENCE BASED ENTRY SCHEME (EBES)

If you satisfy our minimum academic requirements (refer to page 51) you may be eligible to be considered through our Experience Based Entry Scheme.

This pathway assesses your application to ECU based on evidence that may include your school results, qualifications, and work and life experiences. It allows you to be considered for entry to undergraduate courses and caters for:

- school leavers with a near-miss ATAR for their chosen course;

- school leavers who successfully completed at least 3 ATAR courses and 1 General course; and

- other applicants, who may or may not have completed Year 12.

Some courses do not accept applications through this pathway – this will be noted in the published Course Entry requirements for your chosen degree at ECU (ecu.edu.au).

As part of your EBES application, you need to include:

- an introductory letter;

- a résumé;

- two written references; and

- copies of any certificates, awards or academic records if applicable (school leavers must also submit their most recent school report).

EBES applicants will have their supporting documents assessed against specified criteria, including reasons for study and demonstrated preparedness for tertiary level study, and will be admitted to undergraduate level courses based on a competitive process.

Eligibility for this pathway does not guarantee entry into an ECU course at undergraduate level.

For more information refer to Experienced Based Enty Scheme (www.ecu.edu.au/future-students/course-entry/experience-based-entry-scheme)

How to apply

School leaver applicants should apply through TISC, unless applying for WA Academy of Performing Arts (WAAPA) courses (refer to page 53 for WAAPA courses).

All other applicants should apply directly to ECU and upload supporting documents for assessment (ecu.edu.au/apply).

QUALIFICATIONS FROM A REGISTERED TRAINING ORGANISATION (RTO)

If you've completed an RTO Certificate IV, and you meet the minimum English and academic requirements (refer to page 51), you may be eligible to be considered for entry to most of our undergraduate courses.

If you've completed an RTO Diploma or Advanced Diploma (or equivalent) award, you'll be eligible to be considered for entry and may also be eligible to receive credit for recognition of prior learning.

How to apply

School leaver applicants should apply through TISC and upload all relevant documents, unless applying for WA Academy of Performing Arts (WAAPA) courses (refer to page 53 for WAAPA courses).

All other applicants should apply directly to ECU and upload supporting documents for assessment (ecu.edu.au/apply).

ENABLING COURSES

If you satisfy ECU's minimum English requirements (refer to page 51), you may wish to consider our UniPrep course as an alternative pathway to our undergraduate courses.

ECU offers the University Preparation Course (UniPrep) at three different campuses and the course is available to study online.

On successful completion of the UniPrep course, you're eligible to be considered for entry to most undergraduate courses at ECU subject to you also meeting any course specific requirements.

ECU will make every effort to offer UniPrep graduates a place in their chosen undergraduate course, however, where the number of eligible applicants is greater than the number of places available, offers will be made on a competitive basis. Some courses, such as Nursing, Paramedicine and Occupational Therapy are very popular and attract a large number of applicants each year.

Australian Citizens, holders of an Australian Permanent Humanitarian Visa, Australian Permanent Residents and New Zealand Citizens are currently eligible to study in a Commonwealth Supported Place, making these courses free, with no up-front or deferred tuition fee. Check ECU's website for details at ecu.edu.au/future-students/fees-and-scholarships

How to apply

School leaver applicants should apply through TISC.

All other applicants should apply directly to ECU and upload supporting documents for assessment (ecu.edu.au/apply).

CREATIVE ARTS PORTFOLIO ENTRY (CAPE)

Our CAPE pathway is for applicants who are passionate about art and design but may not have an ATAR or meet the admission requirements by another means.

This pathway is available for the following courses and majors:

- Bachelor of Design (all majors);

- Bachelor of Arts (Visual Arts major only);

- Bachelor of Media & Communication (Photomedia or Screen Production majors only).

To be considered through this pathway, in addition to meeting the minimum English and academic requirements (refer to page 53) you'll also need to satisfy the following:

- successfully completed a minimum of 1 ATAR course;

- successfully completed a minimum of 3 General courses with at least one course in an area related to the course/major you've selected;

Provide a discipline specific portfolio and attend an interview to assess your potential to succeed in your selected course/major. As part of your CAPE application, you need to include:

- an introductory letter;

- a résumé;

- copies of any certificates, awards or academic records if applicable (school leavers must also submit their most recent school report).

- two written references; and

- a digital creative portfolio.

As part of this pathway, you may be contacted by ECU to attend an interview with staff from your chosen discipline.

How to apply

School leaver applicants should apply through TISC and upload all relevant documents.

All other applicants should apply directly to ECU and upload the required documents (ecu.edu.au/apply).

For more information, please refer to ecu.edu.au/future-students/course-entry/creative-arts-portfolio-entry.

SPECIAL TERTIARY ADMISSIONS TEST (STAT)

ECU does not offer STAT to school leaver applicants.

Applicants completing STAT are required to satisfactorily complete **BOTH** the Written English and Multiple Choice tests and achieve the minimum scores below:

STAT	PRIOR TO FEBRUARY 2010	AFTER FEBRUARY 2010
Bachelor / Associate Degrees		
Written English	145	140
Verbal or Quantitative	115	135
UniPrep or University Diploma Courses		
Written English	125	110
Verbal or Quantitative	115	110

EDUCATIONAL ACCESS SCHEME (EAS)

ECU recognises that specific circumstances outside the control of an applicant may occur, which negatively impact on the individual's ability to successfully prepare for entry to university study.

Applicants who have been impacted by one off or a series of events such as serious medical conditions or bereavements may be considered for entry.

How to apply

School leaver applicants should apply through TISC and upload all relevant documents, unless applying for WA Academy of Performing Arts (WAAPA) courses (refer to page 51 for WAAPA courses).

All other applicants should apply directly to ECU and upload supporting documents for assessment (ecu.edu.au/apply).

To be considered through this scheme, applicants must provide a statement and any supporting documents such as medical evidence required to verify their claims. See page 9 of this Guide for information on the TISC Educational Access Scheme.

WESTERN AUSTRALIAN ACADEMY OF PERFORMING ARTS (WAAPA) COURSES AND BACHELOR OF EDUCATION (SECONDARY) - MUSIC EDUCATION MAJOR

In addition to meeting the minimum English and academic requirements (refer to page 51), entry to WAAPA and the Bachelor of Education (Secondary) - Music Education major is also dependent upon a successful audition and/or interview and/or folio presentation of previous work and/or practical/theoretical test.

Audition/interview information will be published on ECU's website in July. Check www.waapa.ecu.edu.au/courses-and-admissions/how-to-get-into-waapa/interviews-auditions-and-folios for up-to-date information.

How to apply

All applicants are required to apply directly to ECU (ecu.edu.au/apply) and upload supporting documentation.

For further enquiries contact futurestudy@ecu.edu.au or refer to the WAAPA website (www.waapa.ecu.edu.au/courses-and-admissions/overview).

GENERAL INFORMATION

OUR CAMPUSES AND ONLINE STUDY

Joondalup

The Joondalup Campus is located 25km north of Perth and is a short walk or bus ride from the Joondalup Train Station and Lakeside Joondalup, one of the largest shopping centres in WA. Joondalup campus features award-winning architecture, cafes, a bar, an outdoor cinema, a lake and loads of trees and green spaces for study.

Here you can study business, law, engineering, psychology, nursing, health sciences, cybersecurity, and other science-related courses.

Mount Lawley

Located in the thriving cultural hub of Mount Lawley and close to Perth CBD, you can't help but be inspired by the artistic vibe at our Mount Lawley Campus. Here, you'll find one of the world's leading performing arts academies, the Western Australian Academy of Performing Arts. The campus is home to Kurongkurl Katitjin, ECU's Centre for Indigenous Australian Education and Research.

ECU South West

Located two hours' drive south of Perth, ECU South West in Bunbury is the largest university campus in regional Western Australia. Here, you can expect small, personalised class sizes and courses in commerce, science, health sciences, nursing, social work and teacher education. The campus features a cafe, mini-gym, creche facilities, multi-purpose sports courts, and a library with 24-hour access to a computer lab.

Online Study

If you'd like to study at university but can't attend classes for reasons such as distance, family or work commitments, then online study may be for you. Many of our courses and units are offered online, and our excellent support services are also available to online students.

Courses can be seen on the TISC website via the 'Course Search' facility or you can refer to Course Codes on pages 25-30.

Part-time Study

Part-time study doesn't necessarily refer to attendance at evening classes. Part-time study involves undertaking a lesser load than the normal full-time load. A normal full-time load is 60 credit points of study per semester, for example four units of 15 credit points each.

Online enquiries: ask.murdoch.edu.au

MURDOCH UNIVERSITY

INTRODUCTION

Murdoch University has, from its foundation in 1974, been a University committed to offering education for all. As the second University in Western Australia, it's always been associated with the environment and conservation, social justice and providing a pathway to university to those who have previously been excluded, particularly first nations people.

As a Murdoch student, you can expect five-star teaching quality, world-changing research and flexible course options. You'll learn in environments both in and outside of the classroom and have the opportunity to benefit from a wide range of facilities, both professionally and personally - from our animal hospital and working farm to our chiropractic and psychology clinics, and from our IT innovation hub to our law moot court.

Our most recent facility is Boola Katitjin — an enhanced teaching and learning environment which combines the latest technologies and state-of-the-art amenities with mindful and sustainable design.

We've also been awarded 5 stars for teaching, employability and facilities* and are number one in WA for social equity, student-teacher ratio and postgraduate teaching quality and skills development.

To find a course that's right for you, check out our 2024 course guide or contact the friendly Meet Murdoch team on 1300 MURDOCH (1300 687 3624) or by visiting murdoch.edu.au.

*QS Stars, 2023

ADMISSION REQUIREMENTS

Getting into university is simpler than you might think. Murdoch University have a range of pathway options available, taking into account your high school results, previous studies, and work and life experience.

RECENT SECONDARY EDUCATION

All undergraduate courses at Murdoch, apart from nursing and veterinary science (which have competitive entry) have a guaranteed selection rank required for consideration.

Your selection rank for university entry can be generated by a range of qualifications like an ATAR, International Baccalaureate, vocational qualifications, International Big Picture Learning Credential, a portfolio, or completion of an enabling course. You can find the minimum selection rank for the courses you are interested in by visiting murdoch.edu.au/courses.

If you don't currently meet Murdoch's admission requirements, check out their range of enabling pathways that can help you build your skills and get into uni.

VOCATIONAL EDUCATION AND TRAINING (VET) STUDY

If you've completed a TAFE Certificate IV (and have met English Language Competency), Diploma, or Advanced Diploma, you're eligible to be considered for admission for most of Murdoch's courses. Please visit www.murdoch.edu.au/study for further details on the level of VET qualification that needs to be completed to meet entry for your course.

Qualifications at Diploma level or higher completed within the last 10 years may make you eligible for some Advanced Standing towards your Murdoch degree. Further information on gaining Advanced Standing can be found at murdoch.edu.au/study/how-to-apply/recognition-of-prior-learning

MURDOCH RISE

Murdoch University recognises that not all applicants have the same opportunities to achieve their potential. To help support students to achieve admission for an undergraduate degree, Murdoch's RISE adjusts the ATAR of eligible students by up to 10.00 ranking points to a maximum Selection Rank of 90.00.

Eligibility is determined by WA secondary school codes, WA permanent residence postcode, declared Indigenous status, and whether you are the first in your family to attend university (this is determined by your parents'/guardians' highest level of education). Students need to meet one of the criteria to be eligible for the adjustment. For more information on this program visit murdoch.edu.au or alternatively contact the Meet Murdoch team on 1300 687 3624.

COMPETENCE IN ENGLISH

To study at Murdoch University, you will need to meet the specific academic and English Language Competency (ELC) requirements for your chosen course. You can demonstrate ELC by:

* Successfully completing Year 11 and 12, 2 years of VET study, or 2 years of a combination of these pathways in an Australian or English-speaking school.

* Achieving a scaled mark of 50 or higher in ATAR English, Literature or English as an Additional Language or Dialect.

* A score of 140, or higher in the Written English Component of the Special Tertiary Admission Test (STAT).

Further information on ELC requirements can be found at murdoch.edu.au/study.

ENABLING COURSES

* OnTrack Flex is a pre-university, equity-focused program that enables students who don't qualify for entry through other admission pathways to gain entry to Murdoch University. OnTrack Flex provides an opportunity for you to strengthen your academic skills and understanding of university life and study. OnTrack Flex combines face to face with online learning.

Following successful completion of OnTrack Flex, you'll be eligible to be offered a place in most undergraduate degree courses at Murdoch University that have an indicative ATAR of 70.00, commencing the following semester.

* OnTrack Sprint is a four-week intensive program designed to prepare students who have just missed out on the required ATAR for admission to Murdoch University. It provides an admission pathway for students who have completed their WACE Certificate within the previous 18 months, generated a Selection Rank between 60.00 and 69.95 and have met English competency, or have performed well in General subjects in Year 12 (assessed on a case-by-case basis). Applicants must also be Australian citizens, permanent residents, or permanent humanitarian visa holders.

Find out more about Murdoch's enabling pathway courses by visiting https://www.murdoch.edu.au/study/pathways-to-uni/enabling-pathways

Kulbardi Aboriginal Centre
The Kulbardi Aboriginal Centre provides admission pathways to Indigenous people who haven't had an opportunity to complete formal schooling or haven't studied for a while. The following courses are available:

* 14-week Indigenous bridging program (K-Track) – apply directly to Murdoch University.

* Professional education program for Aboriginal and Torres Strait Islanders in Veterinary Studies (Waardong Program).

For more information, visit kulbardi.murdoch.edu.au.

Portfolio Admission Pathway
Admission through the assessment of a portfolio is available at Murdoch University into a wide range of courses with a guaranteed selection rank of 70. For a list of courses available go to murdoch.edu.au/study/pathways-to-uni/enabling-pathways/portfolio-entry

If you can demonstrate your aptitude and ability via school subjects or extracurricular activity that relates to the course you would like to study, then Portfolio may be the pathway for you. You can apply via TISC. The application form and instructions can be found at portfolio.murdoch.edu.au. Portfolio applicants will also need to demonstrate English competency.

Pre-Law Admission Pathway course
Provides an entry opportunity for potential students who have the intellectual capacity and diligence to succeed in the Bachelor of Laws (LLB), but do not have recognised prior learning. Students who complete the courseat a credit level (60% or above) will be offered direct entry into the Murdoch LLB program.

For fees and admission dates, visit murdoch.edu.au/study/pathways-to-uni/enabling-pathways/pre-law

Law Start
Law Startis a legal aptitude entrance pathway to study Law at Murdoch. This pathway is for students who have excelled at school in one or more ATAR subjects with a strong focus on essay writing and communication skills. Applicants will also need to demonstrate their aptitude to study Law by participation in a workshop and completing a written assessment. To find out more, visit murdoch.edu.au/study/pathways-to-uni-enabling-pathways/law-start.

Extenuating circumstances
We understand that the intended admission pathway to university study doesn't always go to plan. For this reason, Murdoch University will consider applications from prospective students whose education has been compromised due to genuine hardship, resulting in them falling short of admission requirements for an undergraduate course. To find out more, visit murdoch.edu.au/study/pathways-to-uni. Also see page 9 of this Guide for information on the TISC Educational Access Scheme.

GENERAL INFORMATION

STUDENT SUPPORT SERVICES

Murdoch's student learning support services will help you develop the academic and study skills you need to succeed at university and beyond. You can access self-help resources like Studiosity and Grammarly, visit a Peer Academic Coach in the Library, and access a range of learning support services by visiting Student Central who will be able to refer you through to our specialised learning support team. Murdoch also have great programs like Peer Academic Study Support to help you with specific units throughout your study.

Kulbardi Aboriginal Centre believes education is freedom. The people you meet, the ideas you engage with and the doors you open are transformational.

The main goal of the centre is to increase Aboriginal and Torres Strait Islander participation in higher education. This is done through increasing awareness and providing support for students throughout their academic journey.

SUPPORT FOR STUDENTS WITH DISABILITY

Murdoch University is committed to ensuring that students with disability, or students who are carers for people with disability, can access specific services and facilities to enable equal participation in study.

If you have a disability or ongoing medical condition, or you are caring for a person with disability, you may need support or assistance with your studies. Your tailored support may include help with coursework or exams.

If you are thinking about studying at Murdoch and would like to know more about how we can support you, contact us. Any conversation that you have with our accessibility advisors is confidential.

SELECTION OF COURSES

When you list a Murdoch course as a preference, for most courses you're also indicating your major area of study. For most of our courses you can only select one major unless you select one of our combined degrees. Information about adding a second major or minors is available at murdoch.edu.au/study/why-choose-murdoch/personalised-courses

Some of our courses are available as combined degrees, which may enable you to graduate with two undergraduate qualifications.

Combined degrees have their own course codes, which you can find via the Course Search facility on TISC's website.

PART-TIME STUDY

Need more flexibility? Part-time study might be an option. You may also be able to change between full-time and part-time study during your course if your circumstances change.

If you're a part-time student, you'll just enrol in fewer units per semester.

EXTERNAL STUDY

Many courses give you the option to study online using materials such as lecture recordings. If coming onto campus isn't always convenient for you, you can complete units and even whole degrees online.

COURSES WITH LIMITED PLACES

The courses with the most competitive entry at Murdoch are Nursing and Veterinary Science.

DEFERRED ADMISSION

If you've been offered a place in an undergraduate degree, you can apply to defer admission for maximum of two years. Deferred students will receive a new letter of offer closer to the time of their preferred intake.

COURSES AVAILABLE AT THE MANDURAH CAMPUS

• Nursing

• OnTrack Flex (enabling course).

COURSES AVAILABLE AT THE ROCKINGHAM CAMPUS

• OnTrack Flex (enabling course).

COMMONWEALTH SUPPORTED PLACES

If you're an Australian citizen or a New Zealand citizen or an Australian Permanent Resident and are offered a place at Murdoch University, you'll be offered a Commonwealth Supported Place (CSP), and if you're an Australian citizen or the holder of an Australian permanent humanitarian visa, you're eligible to access the deferred payment loan scheme (HECS-HELP). If you're currently a Permanent Resident and during your enrolment you become an Australian citizen, you may then access HECS-HELP.

MOUAT'S

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

INTRODUCTION

At The University of Notre Dame Australia, we offer an integrative and transformative educational experience that combines theoretical knowledge and hands-on, industry-specific professional experience so that you graduate job-ready. We will support you through your university journey, empowering you to make a postitive difference in the world by immersing you in an intellectual tradition that has inspired the world's best thinkers for centuries. At Notre Dame University ethics and critical thinking are integrated into your education, preparing you for a fulfilling and purposeful.

Our lecturers are industry professionals and leaders in their field who are here to guide you to reach your academic potential. Our programs offer practical, career-focused learning, as well as a strong foundation in ethics to help prepare you to achieve your personal and professional goals. These are just some of the reasons why we are a 5-star rated university for Teaching Quality, Skills Development, Learner Engagement, Overall Experience, Graduate Salary, and Full-Time Employment (Good Universities Guide, 2023 edition, undergraduate category).

Located within the historic West End of Fremantle, our campus is nestled amongst cafes, restaurants and bars in the cultural, arts and music precinct, offering a welcoming social hub close to beautiful Bathers Beach and Esplanade Park, and just 30 minutes from Perth city. The campus boasts a recently refurbished, architecturally-designed student hall, as well as purpose-built laboratory and gym facilities for our Health Sciences, Physiotherapy, Nursing and Medicine students. Our Law students also benefit from taking classes in the Justice Owen Moot Court – Fremantle's oldest courthouse, which has been refurbished for student use. As a national university, Notre Dame also has campuses across Australia in Broome and Sydney.

Our holistic admissions process goes beyond a single score and is, like the Notre Dame study experience, focused on valuing the whole person.

ADMISSION CRITERIA

Notre Dame's admission process is multifaceted and considers each applicant on an individual basis. While each program has academic entry requirements, the University also considers the whole person, as we recognise it requires more than academic excellence to succeed in your chosen profession.

We consider your:

- academic record
- personal qualities, talents and non-academic achievements
- contribution to community life.

ACADEMIC REQUIREMENTS

Secondary Education

Applicants who have completed the WACE (ATAR stream), an interstate equivalent, or the IB are eligible to apply for undergraduate degrees at Notre Dame University. Entry is based on your Selection Rank (your ATAR + relevant adjustment factors).

Non-ATAR WACE students are eligible to apply for the Tertiary Pathway Program (TPP).

Applicants who have completed Steiner, Montessori or home school curriculums are not eligible for direct entry into undergraduate degrees. They may undertake the TPP or sit a Special Tertiary Admissions Test (STAT) to gain entry to a number of programs at Notre Dame.

Higher Education Requirements

To be considered for entry to Notre Dame University, applicants with previous higher education experience (excluding pathway programs) must have completed a minimum of six months study and passed at least two subjects. Some disciplines require more than this.

Please refer to Notre Dame's Admission Requirements webpage: www.notredame.edu. au/study/admission-requirements for further details.

Vocational Education and Training (VET) study

VET qualifications are accepted for most undergraduate degrees at Notre Dame.

Applicants will generally need a minimum Certificate IV or Diploma to gain entry into a degree.

Please refer to Notre Dame's Admission Requirements webpage: www.notredame.edu.au/study/admission-requirements for further details.

Special Tertiary Admissions Test (STAT)

Applicants who do not meet entry requirements may gain admission to a range of degrees at Notre Dame through completion of a Special Tertiary Admissions Test (STAT).

Applicants must complete both the written English and multiple-choice sections.

Please refer to Notre Dame's Admission Requirements webpage: www.notredame.edu.au/study/admission-requirements for further details.

Please note, STAT is not an accepted pathway for entry into Physiotherapy degrees.

ADJUSTMENT FACTORS

At Notre Dame, we value the whole person. As such, we offer a range of adjustment factors which are applied to an applicant's ATAR to provide a selection rank for admission.

Applicants can receive up to five adjustment factors (points) from each of the below categories, to a maximum of 10 in total.

Individual Factor Adjustments

At Notre Dame, we consider the whole person and recognise non-academic achievements. In your application you will be invited to provide details of your personal qualities, work and life experience and contribution to community life which will be considered as part of the admissions process.

Dependent on the level of your contributions, you can be awarded between one and five adjustment factor points.

Equity Adjustments

Students who have experienced significant educational or other disadvantage due to circumstances beyond their control may qualify for equity adjustments. You will need to complete an application and provide supporting documentation to be considered. You can be awarded between one and five adjustment factor points, depending on the level and/or severity of disadvantage experienced. This can be processed centrally through TISC via their Educational Access Scheme (EAS). Refer to the TISC EAS webpage: http://www.TISC.edu.au/static/guide/eas.TISC for further details.

Elite Athletes and Artistic Performers

Athletes who compete at – and artistic performers who have had success at – a state, national or international level may be eligible for five adjustment factor points.

If you are an applicant who falls under this category, you must clearly indicate (via the Individual Factors form) and provide evidence (by uploading supporting documentation) that you are an elite athlete or artistic performer at the time of your application, in order to have adjustment factor points applied.

University Priority Groups

Notre Dame recognises Aboriginal and Torres Strait Islander students, along with Australian Defence Force (ADF) personnel, as priority groups who may be eligible for five adjustment factor points as part of their application.

Points will be applied automatically for applicants who indicate that they identify as part of these priority groups.

Subject Performance

Current and recent school leavers who achieve outstanding results in school subjects which are relevant to their chosen program at Notre Dame will receive either two, three or five adjustment factor points, depending on the level of results achieved. These will be applied automatically.

For a list of the school subjects considered, along with the results and their respective adjustment points across different Notre Dame disciplines, visit notredame.edu.au/study/how-to-apply/adjustment-factors

Location Adjustments

Current and recent school leavers who live, or have attended school, in designated areas may be eligible for location-based adjustment factors.

Adjustment points will be applied to the following:

- if the area you live in or attended school in is classified as being of socioeconomic or socio-educational disadvantage
- if you attended a school in an area classified as rural or regional

ENGLISH LANGUAGE PROFICIENCY REQUIREMENTS

The University of Notre Dame Australia requires all applicants, both domestic and international, to achieve English language proficiency as well as minimum academic requirements. This ensures that applicants are sufficiently competent in the English language to participate effectively in their chosen program and achieve the expected program outcomes.

Successful completion of secondary studies in Australia is sufficient to meet the English language proficiency requirements for entry to most of our degrees.

Some disciplines (Education and Nursing) have specific English language requirements stipulated by the accrediting bodies. These must be satisfied in addition to the University's English language proficiency requirements.

Please see Notre Dame's English language proficiency requirements page: https://www.notredame.edu.au/study/admission-requirements/english-language-proficiency for further information.

The English language proficiency requirements do not apply to our pathway programs, e.g. Tertiary Pathway Program (TPP).

MINIMUM AGE REQUIREMENTS

If you are a domestic student you are required to be 17 years of age or older or have completed Year 12 (or equivalent) at the time of enrolment at Notre Dame. If you are an international student requiring a visa to study in Australia, you must be 18 years old at the time of enrolment at Notre Dame.

Exceptions to the minimum age requirements will be considered on a case-by-case basis and, if granted, restrictions on enrolment may be imposed.

DISCIPLINE-SPECIFIC ENTRY REQUIREMENTS

Some programs have specific requirements such as evidence of registration, practice licenses or specific industry or professional experience. These requirements can be found in the relevant program pages on our website: notredame.edu.au/study.

PATHWAYS

TERTIARY PATHWAY PROGRAM

Notre Dame's Tertiary Pathway Program (TPP) is designed for students who have not met the requirements for entry into the University's undergraduate degree programs. Following successful completion of the TPP, students may gain entry to undergraduate studies in the School of Arts & Sciences (excluding Architecture), School of Business, School of Education School of Health Sciences, School of Nursing & Midwifery and School of Philosophy & Theology.

UNIPATH PROGRAM

Notre Dame's UniPath Program is designed for Year 12 high school students who are on a Non-ATAR pathway but would like to pursue an undergraduate degree. Students can begin their pathway into university while completing Year 12.

PRIORITY PATHWAY – MEDICINE

From 2024, The University of Notre Dame will be offering a pathway opportunity in Fremantle into the postgraduate Doctor of Medicine degree. This will be via the Bachelor of Biomedical Science degree for top performing graduates who then successfully progress through the Doctor of Medicine admission process. Please refer to our website for further details regarding this pathway.

YOUNG ACHIEVER'S EARLY OFFER PROGRAM

Year 12 students can apply direct to Notre Dame's Young Achiever's Early Offer Program.

Applications open 1 May and close 30 September 2023. Visit the Notre Dame website for more information or call the University on (08) 9433 0533.

GENERAL INFORMATION

FEES

Australian domestic undergraduate students have access to Commonwealth Supported Places (CSP), reducing the amount they pay. Fees vary depending on your citizenship status, area and level of study. See notredame.edu.au/study/fees for details.

THE UNIVERSITY OF WESTERN AUSTRALIA

INTRODUCTION

Our valued industry connections, innovative courses, high-impact research and commitment to our student experience places us as a world top 100 university – the only one in WA (QS 2023).

Kick-start a successful career and join our network of passionate and resourceful graduates leading positive change and shaping the future.

THE UNIVERSITY OF
WESTERN AUSTRALIA

WHY UWA?

Get career-ready

As WA's #1 uni for graduate employability (QS Graduate Employability Ranking 2023), we'll equip you with the skills to launch a rewarding long-term career. With over 4,500 industry partnerships, and initiatives like our Careers and Employability Award and Career Mentor Link programs, you'll graduate with a well-rounded resume and standout in the job market.

Gain real-world, practical experiences

At UWA, you'll take your skills beyond the classroom and, into the real world, developing practical skills, experiences, and life-long connections. Getting a job at the end of your degree is probably your top priority, which is why all our degrees offer the option of work integrated learning units and internships through the McCusker Centre for Citizenships, as well as other industry partners. You could also undertake volunteering for credit or take on an entrepreneurial project with Bloom WA or UWA's Innovation Academy.

Create connections for life

At UWA, you join a community, not just a university. Enjoy an unrivalled student lifestyle and seek new experiences, friendships, fun and even a helping hand if you need it. As part of our diverse and inclusive campus community, with over 160 student clubs and 400+ sporting teams, you'll meet new people and create meaningful connections for life. You can also expand your horizons by taking part in overseas study, with generous scholarships available.

LOCATIONS

There are many great places to socialise, get fit, discover incredible art, relax, study and more.

UWA Perth

UWA's main campus is located on the picturesque banks of the Swan River (Derbarl Yerrigan), just minutes from Perth City. Featuring expansive green spaces, cafés and shops, as well as a multitude of modern teaching and research facilities, our campus provides you with a world-class learning environment. On the river, you'll also find Bilya Marlee – an Indigenous knowledge gateway housing the School of Indigenous Studies and a community of Indigenous students, staff and graduates.

UWA Albany

Located five hours' drive from Perth, UWA Albany is located in the heart of the South West and offers students a supportive and high-tech learning environment. Here you can experience all that regional Western Australia has to offer while studying at university. Find out more at uwa.edu.au/albany

SCHOLARSHIPS

At UWA, we award more than 600 scholarships to our coursework students, totalling $6 million – the most of any WA university – and our scholarships aren't just for high achievers.

We have scholarships for everything from academic and sporting excellence to global experience, leadership, and social impact. We also have scholarships for women in non-traditional fields, Indigenous students, regional and remote students.

Find out more at uwa.edu.au/study/scholarships/explore

ADMISSION REQUIREMENTS

We offer many different entry pathways to study at UWA. You can apply to UWA on the basis of your Year 12 studies, vocational education and training qualifications, tertiary studies, life and work experience. No matter where you're coming from, we'll work with you to help you find the path to where you want to go.

Find out more and get in touch with us at uwa.edu.au/study/how-to-apply

GENERAL ADMISSION REQUIREMENTS

- Entry to most courses is assessed on your ATAR or equivalent (check the ATAR for your chosen course or your eligibility for an ATAR adjustment)
- English language requirements (see "English Language Competence")

Prerequisites

- Some majors have prerequisite subjects that require a final scaled score of 50 or higher in an ATAR or equivalent subject, like Mathematics Applications or Chemistry. There are a number of courses that don't have prerequisites, and in many cases, if you don't meet the prerequisites, you can take a bridging or foundational unit in your first year.

ENGLISH LANGUAGE COMPETENCE

Successful university study requires a certain level of English language skills. In most cases, you'll be able to demonstrate English language competence through satisfactory performance in the required English subjects at school (final scaled score of 50 or above in an ATAR English subject). If you're unable to demonstrate English language competence in this way, you'll need satisfactory performance in an alternative UWA-approved test of English or through completion of a UWA communications unit.

ENTRY REQUIREMENTS FOR MEDICINE OR DENTISTRY

- A minimum ATAR of 98 is required to be considered for school leaver entry
- Sit the UCAT ANZ during the year of application (registrations usually close during May, test sittings take place during July and August)
- Lodge a TISC application
- Complete an interview
- Meet the English requirements (see "English Language Competence")
- Quota eligibility: Indigenous, Rural, Broadway and/or High Academic Achievers (HAA - Western Australian school leavers who meet the ATAR minimum. There are also a small number of places available for domestic school leavers who have completed Year 12 or equivalent at a school outside of Western Australia and have achieved a minimum ATAR or equivalent).

HOW TO APPLY

All current WA Year 12 school leaver applications for 2024 entry should be submitted through TISC, including applications for Early Offers, and for UWA's Assured Pathways to Medicine, Dentistry, Pharmacy, Podiatric Medicine, or the Bachelor of Biomedicine (Specialised). Ensure you check course deadlines.

If you are a recent school leaver or a non-school leaver and meet the criteria for one of our entry pathways, you should also apply through TISC.

All other applicants should apply direct to UWA and upload all relevant supporting documents.

Find out more at uwa.edu.au/how-to-apply

ENTRY PATHWAYS

There are many ways to start your journey at UWA. Explore the entry pathways below or if you're not sure what entry pathway is right for you, get in touch with the team at UWA for advice.

For more information on entry pathways, visit uwa.edu.au/study/admission-entry-pathways

Aboriginal Orientation Course

If you want to better prepare for uni study or don't meet the entry requirements, this free 14-week course gives you entry to most bachelor's degrees and the study skills to succeed.

AccessUWA

With AccessUWA you can study individual units of your choice at UWA without having to enrol in a bachelor's degree. Upon successful completion of a minimum number of four units (24 credit points), you can apply for a comprehensive bachelor's degree based on your AccessUWA results.

Australian Tertiary Admissions Rank (ATAR)

ATAR tells you your position relative to other students in your year. It's important to remember that it's a percentage not a score. It is also the most direct way as a school leaver to get into the bachelor's degree of your choice. There are two ATAR entry pathways:

ATAR based entry

You can secure your place at UWA with an ATAR of 75 or above, or with an ATAR of 70 (see Broadway UWA, Fairway UWA and First in Family). Use your final Year 12 ATAR to apply for UWA courses.

Predicted ATAR entry

We'll be providing offers based on your predicted ATAR from your Year 11 results. You'll need a minimum predicted ATAR of 80 (Broadway ATAR of 78) and meet the entry requirements for your nominated course to receive an offer.

If your predicted ATAR does not meet the early offer entry requirements for your nominated UWA course, you'll receive a conditional offer – conditional that you satisfy the ATAR requirement for your chosen course through your final Year 12 ATAR or by successfully completing STAT.

You can use the predicted ATAR pathway to apply for admission to any of our bachelor's degrees, as well as our Assured Pathways to Law, Teaching, Architecture and Translation Studies. The Predicted ATAR entry pathway is not applicable for Assured Pathways to Medicine, Dentistry, Pharmacy and Podiatry or the Bachelor of Biomedicine (Specialised).

Broadway UWA

If you've completed your entire Year 12 studies at a Broadway UWA school, you'll receive an automated ATAR adjustment.

Diploma Entry Pathway

Applicants with a completed AQF Level 5 qualification (Diploma) or above may be able to use this for admission to bachelor's degrees at UWA.

Early Offers

If you're currently in Year 12, you can apply early for 2024 entry through TISCOnline before Friday 8 December 2023. Tick your application off your list so it's one less thing you need to think about and spend that time focusing on your final exams.

You can apply for an Early Offer for all degrees excluding Assured Pathways to Medicine, Dentistry, Pharmacy, Podiatric Medicine, or the Bachelor of Biomedicine (Specialised).

We'll be able to assess your application in four ways – your predicted ATAR, your actual ATAR (if this is higher than your predicted), Experience-based entry or STAT.

Educational Access Scheme (EAS)

The Educational Access Scheme (EAS) can help you gain access to uni if you've experienced exceptional circumstances during senior secondary schooling. See page 9.

Experience-based entry

UWA's new Experience-based entry allows you to apply for a select number of comprehensive bachelor's degrees using a combination of academic and life experiences. This is the ideal pathway if your ATAR doesn't reflect your true capability, if you have completed TAFE or VET or even if you're not doing ATAR.

Fairway UWA

If you're challenged by location, economic or other factors, complete the Fairway support program in Year 12 to gain entry to our bachelor's degrees with an ATAR of 70 or above.

First in Family

If your parents or guardians have not completed a university-level degree, you may be eligible for a place at UWA through the First in Family program.

Higher Education Study

If you have previously studied at a bachelor's degree level and have successfully completed one full-time (or equivalent) semester, you can apply for entry to UWA.

Indigenous Provisional Entry Scheme

If you're an Indigenous student and don't meet the required ATAR or are mature-age and have a strong educational or employment background, you may be eligible for entry through this pathway.

International Baccalaureate (IB)

UWA welcomes IB students to apply and your IB score will be converted into an equivalent ATAR.

Non-school Leavers

We offer pathways if you're starting at university after working, having time off or completing TAFE study or study at another university.

Special Tertiary Admissions Test (STAT)

The STAT is a national test that provides a pathway to tertiary study if you don't meet the formal entry requirements. You can use your results in the STAT to gain entry to one of our comprehensive bachelor's degrees.

UWA Smart Start

Boost your confidence and equip yourself with the skills to succeed in your university degree course by enrolling in our unique university preparation course in Albany.

STUDENT SUPPORT SERVICES

You'll have plenty of support and help when you get to UWA. Here are just a few of the services we offer.

- **Academic support:** One-on-one support, study skills workshops (STUDYSmarter), extensive online resources and more.

- **Accessibility support:** Perform at your academic best with support for any disability, whether a physical or mental health condition. UWA can help, no matter if your condition is ongoing, temporary or episodic.

- **Career support:** Personalised career advice, industry mentoring, online resources, networking events, workshops and more.

- **Course advice:** Advice on study plans, enrolment, scholarships, studying abroad, extracurricular activities and more.

- **Getting started:** Take part in orientation activities, receive mentoring from an experienced student (UniMentor) and support from the UWA team to help you settle into uni life.

- **Health and wellbeing:** Confidential medical, welfare and mental-health support available with a variety of specialist services and a pharmacy on campus. If you're looking for a doctor or GP, there's a Medical Centre on campus, as well as counsellors, mental health nurses, psychologists, physiotherapists and more.

- **Indigenous study support:** Throughout your studies, you'll have access to UWA's range of student support services. You'll also enjoy social, cultural and community activities as part of the Bilya Marlee community of Indigenous students, staff and graduates across every study area.

- **International student support:** Our dedicated support services will help you settle into Australia and UWA life.

- **Safety:** A security team is on campus 24/7 and is available to walk you to your car, bus stop or UWA accommodation after hours.

- **UWA Student Guild:** Run by students, for students, to make sure you have the best university experience possible.

Find out more at uwa.edu.au/students

Student life

UWA is more than a university – it's your community. With more than 160 clubs and societies, you'll meet like-minded people with the same interests as you and a desire to make amazing things happen.

Plus, there are many great places to eat, drink, shop, get fit, discover incredible art, relax, study and more.

Find out more at uwa.edu.au/study/student-life

STANLEY COLLEGE

Anxious About Your ATAR?

Don't Stress
We're here to help!

There are many ways to get into university. Our Diploma qualifications and Bachelor courses are designed to suit all types of students, whether you didn't get the ATAR you wanted or don't have an ATAR at all.
