

# What we will do to keep us all safe

## Hand washing

Wash your hands

- After you have been to the toilet
- Before handling food
- Before eating
- After eating
- Sneezing, coughing or touching your face

When washing your hands, use soap and rub your hands together for 20 seconds. Dry your hands with paper towel, an air dryer or shake them until they are dry!

# What we will do to keep us all safe

## Hand sanitiser

Use hand sanitiser:

- On the way out to recess and lunch
- Coming back into class after breaks
- Coming in to a new learning space
- When you sneeze or cough

When using hand sanitiser use one squirt and rub your hands together.

# What we will do to keep us all safe

## Sneeze/cough hygiene

- If you should sneeze or cough, please cover your nose and mouth using a tissue and dispose of this afterwards into a bin. Tissues are in all our learning spaces.
- But if you can't get a tissue quick enough, or you are outside, please sneeze into your upper sleeve or elbow.
- Wash your hands or use hand sanitiser (there is sanitiser in all our learning spaces. Soap dispensers are attached to wall near sinks outside)

# What we will do to keep us all safe

## General hygiene

Try not to touch your eyes, nose or mouth.

# What we will do to keep us all safe

**Keep a 1.5 metre distance from others - when you can**

Keeping our hands and bodies to ourselves is a good way to stop the spread of germs. It's important to keep your distance (whenever you can) from other people. This won't always be possible, but if we do it as much as we can this will make us all safer.

# What we will do to keep us all safe

## Keep a 1.5 metre distance from others- when you can

We want to see you smiling, winking, giving the thumbs up, waving, talking, laughing and enjoying the company of each other. We also want you to minimise physical contact with others. Sit together but not close. Avoid hugs, kisses, hand holding and touching others.

# What we will do to keep us all safe

**Keep a 1.5 metre distance from others- when you can**

Whenever they can, your teachers will encourage a safe distance between students.

Please help your teachers to keep everyone safe by following instructions.

# What we will do to keep us all safe

**Keep a 1.5 metre distance from others- when you can**

Your teachers will be maintaining a distance between themselves and you. This is not because we don't like you! This is to keep everyone safe.

# What we will do to keep us all safe

## Sporting equipment

Only the school's sporting equipment should be used at school. Please do not bring sporting equipment from home.

# What we will do to keep us all safe

## Canteen Years 3-12

- The canteen will operate from Monday - Friday for pre ordered food only.
- All students will be provided with paper bags and a copy of the canteen menu in TA learning spaces.
- Orders and cash need to be placed in the box located in the canteen area before 9.20am by the student.

# What we will do to keep us all safe

## Canteen Years 3-12

Students will use crosses and lines placed on the ground to support physical distancing protocols.

This is the sign for this new procedure. It is above the window in the canteen area.

## **Collection Area for Pre Ordered Food Only**

**Stand on crosses provided**

**One student per cross**

**Wait at the line to be called**

**Leave area once food collected**

**Environment**

**Others**

**Self**

# What we will do to keep us all safe

## When we are eating

Eat only your own food.

Drink only from your own drink bottle

We will not be sharing food or drinks with each other.

# What we will do to keep us all safe

## BYO fruit

Eat only your own food.

Fruit will **not** be available from reception until further notice.

**BYO**

# What we will do to keep us all safe

We can use the taps and the fountains to fill our own drink bottles.

# What we will do to keep us all safe

Senior students will use sanitary wipes to clean tables and door handles before recess and lunch

Lisa and Merv will clean all the F-2 classrooms at recess and lunch

# What we will do to keep us all safe

## Specialist classes

There will be some different protocols (instructions) for some of your specialist classes. This is because we need to be extra safe when there is a lot of contact between students and objects. Please follow your teacher's instructions in these classes.

# What we will do to keep us all safe

We will try and circulate as much fresh air as we can in our learning spaces. If it is not too cold we will have a window or door open.

# What happens if I am sick?

## Stay home if you are sick.

Even if you have mild symptoms of a cold - stay home! That way you don't spread your illness on to others. If a student is at school with cold or flu symptoms, they will be sent to sick bay and a parent/guardian will need to collect them.

# Some students may not be at school

You will notice that some students are not at school. Some families have people who could get really sick if they get coronavirus. Others just want to be home because they feel more comfortable that way.

We respect these decisions.

# Why it's important that we make these changes

Change can feel different and sometimes scary. We don't need to be worried, we are just doing all we can to reduce the risk of getting and spreading coronavirus.

At school we are simply being more careful!
