DEFENCE**JOBS**

 NAVY  ARMY  AIR FORCE

Catch up on ADFA Open Day

Hi Brett,

If you or your students missed the Australian Defence Force Academy's (ADFA) Virtual or campus Open Day, there's no need to worry – we've put the highlights on [ADFA On Demand](#). Learn how your students can get a fully funded world class degree from UNSW, earn a salary while they study and graduate with a guaranteed career, all while receiving cutting edge military leadership training.

If you have students that decide that ADFA is right for them, they'll need to begin their application soon, starting with a Defence Force application, before they submit their university preferences.

Read more about applying on the [ADFA FAQs](#), call 13 19 01 or find a local [ADF Careers Centre](#).

Have a student that's ready to start their application? Apply on the [ADFA candidate hub](#) or call 13 19 01.

Are your students interested in a Defence Force career, but not sure exactly what? They can explore over fifty [career pathways available through ADFA](#), including priority roles such as:

Electronics Engineer

Tackle highly varied engineering challenges on base and at sea, maintaining radar, sonar, communication and navigation systems, combat management systems and more.

LEARN MORE

Army Officer

Join the next generation of leaders as an Army Officer. Your students can unlock their full leadership potential with world-class training and take on a meaningful career that makes a real difference in one of thirteen exciting specialisations.

LEARN MORE

Mission Crew

Work on board a range of military aircraft and operate some of the world's most sophisticated airborne electronic systems, working in surveillance and battle management, air combat or maritime patrol and response.
