Studying Science at Monash

Students interested in studying science at university might like to explore the following three courses offered at Monash.

1. [Bachelor of Science](#)

Monash offers a comprehensive range of majors, extended majors, and minors – 26 in all – providing students with a broad education and allowing them to explore varied interests before focusing in the one or two areas that most inspire them. However, if a particular field has always captivated a student, they can choose it from the start. Students can choose majors from *Applied Mathematics* to *Earth Science*, *Genetics*, *Psychology* and more.

The VCE Year 12 prerequisites are: Units 3 and 4: a study score of at least 27 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 25 in one of Biology, Chemistry, Environmental Science, Geography, Maths: Mathematical Methods, Maths: Specialist Mathematics, Physics or Psychology.

The ATAR for 2023 entry was 82.00.

2. [Bachelor of Science Research](#)

This is a high-profile, Honours version of the Bachelor of Science for high-achieving students who intend to pursue careers as research scientists or for students want to be leaders in their discipline.

This course offers students the opportunity to deepen and strengthen their science studies, usually by taking two majors, accelerating progress to higher-level units, and providing additional flexibility in their choice of units.

Graduates can expect to find employment in a variety of research careers, including scientific research work in both the university and industrial sectors.

The VCE Prerequisites are: Units 3 and 4: a study score of at least 35 in English (EAL) or at least 30 in English other than EAL; Units 3 and 4: a study score of at least 30 in Maths: Mathematical Methods; Units 3 and 4: a study score of at least 30 in two of Biology, Chemistry, Environmental Science, Geography, Maths: Specialist Mathematics, Physics or Psychology.

The ATAR for 2023 entry was 93.05.

3. [Bachelor of Science/Global Studies](#)

This course is designed for students who aspire to be leaders in creating social change.

A degree each in Global Studies and Science will give students the skill set to understand the complex challenges facing cultures and communities around the world and the opportunity to apply their knowledge to affect change. With this combination, students will think globally and study globally - *overseas travel being a requirement of the course*.

The VCE prerequisites are: Units 3 and 4: a study score of at least 27 in English (EAL) or at least 25 in English other than EAL; Units 3 and 4: a study score of at least 25 in one of Biology, Chemistry, Environmental Science, Geography, Maths: Mathematical Methods, Maths: Specialist Mathematics, Physics or Psychology.

The ATAR for 2023 entry was 82.10.
