

JUNIOR SCHOOL

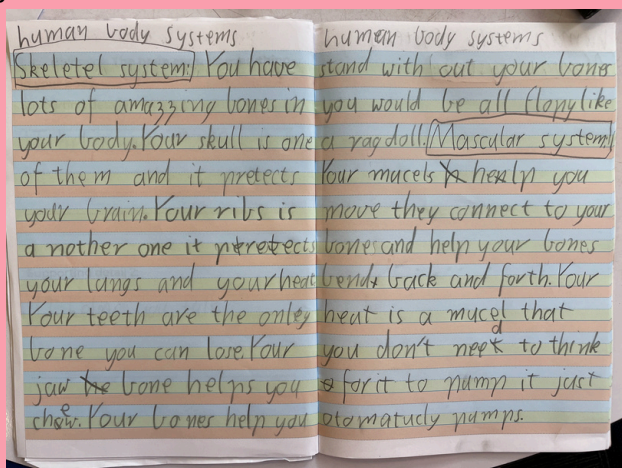

Literacy

Human Body Systems and Charlotte's Web

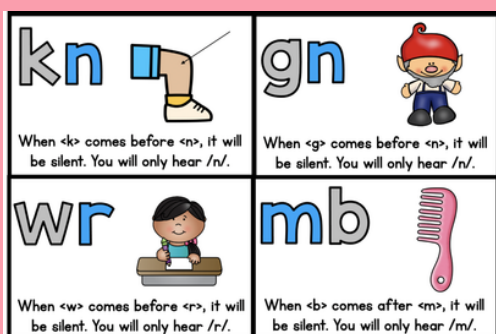

Across this term, we have learnt all about the different body systems. Junior students wrote some amazing information texts all about these systems!

We have now started our final unit for the year, a book study of Charlotte's Web. We are excited to explore the themes of empathy, understanding and friendship.

Focus Phoneme

Over the past few weeks we have explored new consonant digraphs, particularly silent letter combinations.

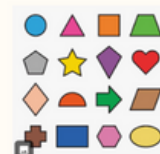

Numeracy

We have been exploring different addition and subtraction strategies. We did an open-ended task that required us to use problem solving skills and addition strategies.

Launch: 2D shape sides

If you had a group of 2D shapes and the sides totaled 22, what shapes could you have?

Upcoming Learning

Next week in numeracy we will be learning about location. We will learn about directional language and explore map reading!
