CAN YOU

FLIP IT?

If lockdown has taught us anything, it's how to rethink the way we do things, so this year we've totally flipped the TPS arts fest!

To get your festival started, why not jump online to pre-order a **tasty grazing box** to enjoy while you watch the **performances** streaming for 2.5 hours.

Different rooms will have various class groups and specialist class items. You can see out-takes and interviews, energy and style, all wrapped up with a **short 20 min movie**.

Make sure you check out the **online galleries** for art, craft and the stories behind the work.

And don't forget our **silent auction** for your chance to win awesome prizes and put much needed cash towards the arts.

See how 2021 has given us the opportunity to explore the world of flipping, upcycling and turning an idea on its head. Can YOU flip it?

See you at the festival!
