The Top Shot Tennis coaching team have been running programs for over 18 years. We have had great success with our students, ranging from beginners to elite level players. Whether your child would like to be the next champion or just needs some improvement on their hand eye co-ordination and concentration skills, we are the team to help. If your child cannot make the before school program, but would like to learn to play Tennis, our coaching team run several programs outside of school hours.
