## 2026 Adolescent Immunisation Program – Year 10

Dear families,

WA Health in partnership with the education sector, deliver its Adolescent Immunisation program to Year 7 and Year 10 students in high schools across Western Australia.

As part of this program, immunisation teams visit schools to provide free, routine and nationally recommended immunisations that protect individuals, families and the wider community against easily preventable diseases that could cause serious harm.

**Year 10s: Meningococcal ACWY** - 1 injection (protects against 4 strains of meningococcal disease)

### **Please complete the consent form (consent or decline)**

Your child can't be vaccinated without your consent. You can complete the consent form via:  
[health.wa.gov.au/adolescentconsent](https://health.wa.gov.au/adolescentconsent)

**Hard copy form** - While use of the online form is preferred, hard copies are available your school admin or you can download from Adolescent immunisation on HealthyWA. Return completed forms to your school.

Information from paper forms will be electronically uploaded to VaccinateWA platform by the WA Health immunisation team and parents will receive email confirmation.

### **The Adolescent Immunisation Team will be visiting:**

*Harvey Agricultural College on Thursday 05/03/26 (Term 1 Week 5)*

Thank you for working with us to support this public health initiative.

### **For queries regarding your local program please contact:**

Sam Bates - Adolescent Immunisation Coordinator- Greater Bunbury
