

23/2/06 ✓ Recess should be longer.

since we began ~~eat~~ eating in side we lose at least a couple of minets when the teacher is chacking our room and get up stairs.

If we want for a extra 10-15 minuts of recess And we have to get to my bag and Some people take there time

imagine running to to forest and you run in to a huge web and you didnt now what spider it is but a shark is in the ocean and you dont go far inoff to find a shark so the only a boat can take you out and your not going to jump off the boat.

and spider can be relley close to ~~ad~~ of spider and if you get bet and dont go to the hosptel you can die, your not fast enough but sharks bits the bit once and then again and you can live ~~for~~ longer than a spider. This creepy critters are more dangerous than the amazing ocean critura

~~and~~ amazing killing a spider with the babys and all the babys run at you but if a ~~baby~~ shark died a baby probly <sup>world</sup> an ~~and~~ not come out

This is the rizing why spider are more dangers than sharks

a bit from one of ~~a spider~~ spider and ~~it is a~~ right to the
