

BLUE

DAY

Monday 13th NOVEMBER.

Blue Day aims to celebrate Australia's Deaf and Hard of Hearing community. We hope to raise awareness and funds to help break down communication barriers by promoting accessibility and inclusion.

To help raise money, badges will be available to purchase, from the office from Monday 13th- Friday 17th November.

Monies raised from the sale of the butterfly badges goes to the Deafness Foundation. Their mission is to enhance the lives of people with a hearing loss through research, community support and education.

Please wear something blue to help raise awareness around deafness and help to break down access barriers.

If you would like to donate to the Deafness Foundation please go to:

Buy your Butterflies here

Hearing loss affects so many in our community. One in six Australians has a hearing loss, with one in three primary school age children having some degree of conductive hearing loss. Deafness Foundation supports the Deaf and hard of hearing. Buying a butterfly helps support many important projects & research and raise public awareness.
