

Year 6 digest

I don't come often but this week has been great. On Wednesday we had rice-cakes (my fav)!!!! Yum!!!! It was fun Tuesday morning, because all my favourite preps were there. We have made some great pillow forts as well.

By Erica

Coordinator Comment

It's been a busy couple of weeks at TheirCare. The student's favourite thing to do at the moment is making forts, we have seen a variety of different fort designs and its always interesting to talk to students about their fort designing process.

Quick reminder about the upcoming holiday program with the weird science theme. We have lots of fun activities planned to include silly slime and build a bot.

A note to parents. If you know your child need to attend a After school care session, please ensure your children are booked in at least 2 hours before service starts, to ensure adequate staffing arrangements.

We are looking forward to seeing what the rest of the term have to offer, especially the father's day breakfast and the art show!!!

Student Statements

I like to do art and make new things as well as play with the dolls and dress them.

By Eva

I Like to Play Sport outside and play with my friends and play footy, soccer and basketball

By Noah

I Like Do Colour in and draw things, like Hearts rainbows and dogs.

By Ava

At after care I like to fold stuff and be wild, But at 5:15 it is ***banana time***
