

What's been happening...

Hello again!

Hello to our families and children!

The focus this fortnight has been to enhance our Yarning Circle time. We have stepped back from having a leading role for this and have now listed the children that will be leading the circle each afternoon. Children have a very strong understanding of our routines and practices and are becoming confident in their leadership skills.

We continue to explore healthy eating options and are putting together a cookbook with healthy snacks and recipes. Please if you have any suggestions, we would love to hear them. The focus for this, is guilt free treats and meals. Our Sport of the Week is continuing till the end of this Term. Last week we played basketball and this week, we played hockey.

We also explored different arts & crafts materials and we made a short Stop Motion Animation. The children made small clay sculptures, came up with the story and took cohesive pictures of their creations, changing the positions of their statues. We compiled these pictures in a slide show and made a fun animation!

With the Spring Holiday Program fast approaching, we have attached the brochure with the activities we have planned. Please make your bookings as quick as possible so you don't miss out on all the fun!

See you all soon, have a great day :)

Important Message

Absences

We would like to kindly request that, if you are aware that your child will not be attending OSHClub on their booked days, due to illness or other reasons, that you notify us prior to pick up time at 3.15. This can be done via text.

FOMO Clubs

Project FOMO

Project FOMO Is back! After voting the children have selected to participate in a Taste of Europe and Dynamic Dinosaurs.

SCHEDULE:

Taste of Europe - Every Friday

Dynamic Dinosaurs - Every Monday

We can't wait to show you our Club creations on our Class Dojo app and a show at the end of this Term.

Come and join in all the fun.

EXCLUSIVE TO OSHCLUB!
