

# STUDENT DEVICE PROGRAM

## SCHOOL OWNED DEVICE PROGRAM

South Melbourne Primary School provides a School-owned Device Program (SDP), where the school arranges devices for all students in Prep to Grade 6. All students will be required to have an SDP device in class to access e-learning resources. All families will have the option to buy out the Device at the end of the three years with a \$50.00 fee.

### Ownership:

The devices can be leased from the school for up to a 3 or 4 year period. Students will be allocated an iPad in Prep to Grade 3 and then a laptop from Grade 4 to 6. The device remains school property, unless early payout/purchase has been made. During this time the device will have SMPS and Department software installed for student use with network connectivity. Upon school completion or early exit the device must be returned to factory defaults and either returned to the school or the buyout paid.

### Payment:

Payment options on the devices are as follows:

- Once off payment in full payment of the allocated device
- Annual payments of the total cost of the device
- Prior arrangement

### Device rollout schedule:

Rollout	Students	What's included?	Cost
