

25 THINGS TO DO IN SPRING

- 1** Take scavenger hunt games to a whole new level with our new [Play Trails app!](#) ([see website for info](#))
- 2** Picnic in your favourite natural place: watch the sun through the trees & enjoy the fresh spring air.
- 3** Camp overnight in your own backyard. In the morning, listen to the birds welcome a new day!
- 4** Build a cubby from cardboard boxes & tree branches.
- 5** Make a miniature boat from seed pods, leaves & bark. Take it for a sail in a creek or lake.
- 6** Find a good sturdy tree and make a rope swing.
- 7** Take part in nature-based activities during the school holidays ([see Events on our website](#))
- 8** Get together with your friends & go fly kites.
- 9** Build a vegetable patch & plant tomatoes, cucumbers, pumpkins or lettuce.
- 10** Build a giant sand person at the beach.
- 11** Make a necklace or crown from dandelions or daisies. See how many pieces of "jewellery" you can create!
- 12** Go bird watching; you might see babies in their nests. Just watch out for swooping magpies!
- 13** Find a flowering wattle and describe its smell.
- 14** Find a great hill for rolling or tobogganing down. Grab a cardboard box & slide away!
- 15** Dig in the garden for worms. How many can you find?
- 16** Collect natural items to make a hanging mobile or wind chime.
- 17** Make an insect hotel for your backyard. ([See our blog for a simple "how to"](#))
- 18** Take the family on a bike ride & see how far you can go.
- 19** Take part in some DIY Play with hundreds of activities in our [Nature Passport app!](#)
- 20** Build a birdbath from an old saucer, place it near plants & watch who comes to visit.
- 21** Go on a creature hunt. How many insects & bugs can you find?
- 22** Create a journal of pressed flowers from your garden.
- 23** Build a scarecrow for your vegetable patch. Will it be scary or funny?
- 24** Go beachcombing. How many cuttlefish can you see?
- 25** Visit as many nature playspaces as you can! (See Play In WA in our [Nature Play WA app](#))
