

Country Week Contract: Acknowledgement of behaviour expectations for students representing the College at Country Week 2025

I understand that I represent the standards and expectations of the College when I am on excursions and that I must be considered by staff to be responsible and trustworthy to be given the opportunity to attend off-site events.

I understand attendance at Country Week is dependent upon satisfactory behaviour in the two terms prior to the event. The following guidelines seek to clarify college policy:

- Students who do not have their 'Good Standing' at the time of the event are unable to attend.
- Students who incurred more than 5 days suspension or withdrawal of residential privileges in the two terms prior to the event are rendered ineligible to attend. Only the Principal has discretionary powers to review eligibility based on individual circumstances.
- Students who have lost their Good Standing twice or have incurred up to 5 days suspension or withdrawal of residential privileges in the two terms prior will have their eligibility to attend reviewed by a staff panel comprising - Principal, Associate Principal, Positive Culture and Wellbeing Coordinator & Residential Manager.
- Students who display incidents of inappropriate behaviour in any areas of the college (including residential) will have their eligibility to attend reviewed by the above outlined panel.
- Students identified 'at risk' of being ineligible to attend through the consistent display of poor behaviour or attitudes may be placed on a Behaviour Plan or contract during the lead up to the event to support and encourage positive behaviour and engagement.
- All students attending Country Week must reside with the student and staff group in accommodation for the entirety of the camp as determined by the college.
- All students attending these events must sign a contract of acceptance of rules and guidelines.
- All students must be regularly attending training.
- Students displaying inappropriate behaviour during the event period may be returned to the college or sent home at the expense of the parent. Severe departures from Guidelines may result in a period of suspension.

- Students must have a medical sign off if they have experienced injury requiring medical treatment in the lead up to Country Week. Players also require clearance from their club should they be part of a 'professional' sports team or squad.

I understand that I am invited to attend these events at the discretion of staff and that my everyday behaviour at the College reflects how I am likely to behave at these important events.
