

YEAR 10 ART (2D & 3D)

In Art students identify the influences of other artists and analyse connections between techniques processes and visual conventions in artworks to develop their own personal art practice. They select, and manipulate materials, techniques, processes, visual conventions and technologies to express ideas and viewpoints in their artworks.

Students analyse and evaluate how artists communicate ideas and convey meaning in artworks. Students discuss how ideas and beliefs are interpreted by audiences and analyse and evaluate exhibitions from different cultures, times and places.

Students will be able to:

Explore and Express Ideas:

Students explore visual arts practices and styles as inspiration to develop a personal style, explore, express ideas, concepts and themes in artworks. Students explore how artists manipulate materials, techniques, technologies and processes to develop and express their intentions in artworks.

Visual Arts Practices:

Students will select and manipulate materials, techniques, technologies and processes in a range of art forms to express ideas, concepts and themes. Students conceptualise, plan and design artworks that express ideas, concepts and artistic intentions.

Present and Perform:

Students will create, present, analyse and evaluate displays of artwork considering how ideas can be conveyed to an audience.

Respond and Interpret:

Students will analyse and interpret artworks to explore the different forms of expression, intentions and viewpoints of artists and how audiences view them. Students will also analyse, interpret and evaluate a range of visual artworks from different cultures, historical and contemporary contexts to explore different viewpoints. Students will be expected to maintain and complete a folio of work which contains a visual diary and finished artworks as well as written analysis tasks.
