

Junior Leadership Bursary Applications are Now Open!

We're excited to announce that submissions have opened for the **ESU Junior Leadership Bursary**. If you consider yourself a leader amongst your community, it's worth having a crack — there's **\$1,500** up for grabs and **\$750** for the runner-up!

And if you're in contact with eligible young Victorians who are making a difference in their regional community, please share this message with them.

The winner will be able to spend the money on a program that will help develop them as a leader — like Outward Bound or similar.

This is a wonderful opportunity for young leaders looking to expand their horizons, challenge themselves and grow. We have a long history of fostering the development of young Australians and aim to support today's rising stars.

To be eligible you must be aged **17 or younger** and reside [outside the Greater Melbourne metropolitan area](#). Our aim is to support young people in regional communities who sometimes don't get equal access to opportunities.

Applying for the Bursary is a simple process involving:

- Filling out a **short online form**
- As an option, sending us a short **video** reiterating what you've already said in the form (no longer than 3-minutes)
- Uploading some **supporting documents**, including testimonials from two referees

Tell us why you see yourself as a leader, what beckons in your future, and how you would spend the Bursary money!

Applications close on Monday 15 November 2021. We expect to announce the winner before Christmas.

Information about the Junior Leadership Bursary and the online application form are at: <https://esuvic.org.au/content/junior-leadership-bursary-0>.

Feel free to contact us if you have any questions. We look forward to reading your application!
