TEESDALE PS

Hello from the team at CommOSH! Week five at OSHC saw plenty of engagement with planned activities surrounding the fun we can have with textures. From science experiments with foam to, cotton wool, a range of loose parts and some beautiful natural resources for the beautiful outdoors at Teesdale Primary. Week six we celebrated the rich culture of our first peoples. Children had the opportunities to paint indigenous designs on rocks, make their own 'thankful hands' think of and promote ways that they can be an ally for our indigenous Australians and even create their own beautifully decorated and wonderfully sounded rain makers. We had such a great last fortnight and we are all looking forward to what is in store for OSHC in the coming weeks! Have a great week everyone. Rachael + Stacey
