

Cressida Batterham-Wilson

I joined the School Council in 2014. I attended Preshil for the entirety of my schooling, and had worked at Arlington after graduation as a teacher's assistant, and again after graduating with a Bachelor of Teaching (Primary). I returned to Preshil in 2013 after working in dispute resolution and public health.

It was a tremendous honour to join the School Council as my father, Mondie, had been Chair for many years, working alongside Mug both while I attended and beyond.

I am a passionate advocate for the Preshil way, my children attend here, and this year I'm Acting Head of the Arlington Campus.
