# BNWPS BIKES

THIS MONTH'S NEWS COMPILED BY JO KEEBLE, BNWPS BIKE HOSPITAL VOLUNTEER

## DR CRANKY'S BIKE HOSPITAL

Big thanks to Bart Sbeghan, aka Dr Cranky, for giving us our very own bike hospital! Dr Cranky has provided us with all the tools and spare parts we need, as well as the support to kick off this initiative in our school.

Dr Cranky's is a community-driven program that aims towards ensuring every school kid has a working bike.

Special thanks to Paul, Stefan, Darren, and Lewis for their time and awesomeness in teaching us to fix up our bikes during our Friday sessions so far. We look forward to having many more budding young (and old!) mechanics joining us!

## WHEN WHERE HOW?

Our BNWPS bike hospital is FREE for our school community.

As a proactive move towards helping slow the spread of COVID19, our usual Friday bike hospital sessions will be on hold.

## GOT A BIKE EMERGENCY?

All tools and spare parts are at school and can be accessed by any teacher or bike hospital volunteer. Please text Jo 0418 330 483 or Paul 0410 212 672 if you need us to arrange a fix for you.

## RIDE-TO-SCHOOL DAY

Last Friday 13th March was BNWPS first ride-to-school day celebration.

Big congrats to all our bike riding legends! It was so great to see just how many kids at our school are ready to jump on their bikes. Check out how full our bike racks were on Friday!

Our kids were encouraged to try out Tom's obstacle course, get a tune-up from our bike hospital , and have a healthy fruit snack. What a combo!

We thank Tim Read, MP for Brunswick, and his team for their support and efforts towards helping more kids ride to school. Photo below taken by Nathan Hart, Office of Tim Read. [www.facebook.com/TimReadGreens/posts/1270002863188841](https://www.facebook.com/TimReadGreens/posts/1270002863188841)

We thank Andrew from Healthy Fresh Food Boxes for his donation of delicious fruit - pictured above with Devon. [www.healthyfreshfoodboxes.com](http://www.healthyfreshfoodboxes.com)
