

STUDENT DEVICE PROGRAM

GRADE 1, 2, 4 & 5 SCHOOL OWNED DEVICE PROGRAM

In 2020 South Melbourne Primary School introduced a School-owned Device Program (SDP), where the school arranges devices on a lease for all students in Grades 1 and 4. Students in these levels hold onto the devices for a 3-year life cycle. In 2021, the school will be continuing this program and leasing a device to all students in Grades 1 and 4, as we begin to phase out the Bring Your Own Device (BYOD) program. New enrolments in Years 2 and 5 will also receive a device under the 2021 cost basis. All students will be required to have a device in class to access e-learning resources. The devices can be paid via an upfront payment or you may choose to pay the laptop or iPad over three years as instalments. This is a 'lease to return' contract and all students will have to return their device to the school at the end of the three years. All families will have the option to buy out the Device at the end of the three years with a \$50.00 fee.

Ownership:

The devices can be leased from the school for up to a 3-year period. The device remains school property, unless early payout/purchase has been made. During this time the device will have SMPS and Department software installed for student use with network connectivity. Upon school completion or early exit the device must be returned to factory defaults and either returned to the school or they buyout paid.

Payment:

Payment options on the devices are as follows:

- Once off payment in full payment of the selected device
- Three annual payments of the total cost of the device
- Prior arrangement

Devices can be paid for at the front office on EFT, B-Pay or via the Compass Portal. If the upfront payment option is selected, regular credit card deductions & CentrePay will also be available. All devices will be delivered over the summer holidays and once received the devices will be configured with the school's software. Please refer to Compass and the School Fees and Parent Payments booklet for payment.

Device rollout schedule:

Rollout	Students	What's included?	Cost
2021 iPads	Year 1	Apple iPad 8 th Gen 32 GB Wi-Fi STM Dux iPad Case 3 Year Warranty and Insurance	\$180 per year or \$540 upfront

Insurance Excess

Device rollout schedule:	Device rollout schedule:
2021 iPads – Year 1 2021 Laptops – Year 4	\$100 first claim \$150 second claim \$200 third claim and above
2020 iPads – Year 2 2020 Laptops – Year 5	\$100 excess per claim

All 2020 devices that did not opt in for insurance, will be liable for full cost of repairs.

GRADE 3 & 6 BRING YOUR OWN DEVICE PROGRAM

Students in Grades 3 and 6 will continue with the Bring Your Own Device program by either bringing your own device following the specifications below or by purchasing a device off the JB Hi-Fi School Portal: <https://www.jbeducation.com.au/byod/>. On this portal you will find a range of education specific products at discounted prices ranging from tablets to laptops. These products have been specifically chosen as they are the most suitable products for the use of students within schools. Typically, these products are non-retail products, meaning you won't find them in JB Hi-Fi stores. What sets them apart as education products is their durable design and build (providing additional protection) as well as extra onsite (at school) warranties and accidental repair options.

Minimum Specifications

Grade 3 – iPad

- iPad 6th Gen and above
- iPad Air 3 (2019) and above

Grade 6 Windows Laptop

- **Quad Core – 2.4 Ghz**
- 4GB RAM
- 128GB SSD
- Ethernet port or adaptor
- Windows 10
- Must be touch screen and have a stylus

How to Order:

1. Go to <https://www.jbeducation.com.au/byod/>
