

Aged between 20 and 59?

You may need another measles vaccine

Protect yourself and your loved ones –
get your FREE MMR top-up today

You need two doses of the measles-mumps-rubella (MMR) vaccine to protect yourself and others.

If you were born between 1966 and 1992, you may have only had 1 dose of the MMR vaccine.

If you haven't had two doses, or you don't know, visit your GP or pharmacy.

No Medicare card is required to get a free state-funded MMR vaccine.
