

Name: I Wanna Scream

Written By: Shai-Lee Kolar

The moonlight
The starry sky
Yet neither of them I see
Cause all I see is you

You take my hand
And I feel like
I'm frozen in place
Cause all I feel is you

I wanna scream it out to the world
My heart is beating so fast
I think that I might be
Catching feelings again (for you)

I'm letting my guard down
I'm tearing these chains apart
I'm breaking free now
Free from the dark

Eyes closed
Your hand still in mine
A chill
Brings me closer to you

Hands still linked
The first move
You and me
Closer together

I wanna scream it out to the world
My heart is beating so fast
I think that I might be
Catching feelings again (for you)

I'm letting my guard down
I'm tearing these chains apart
I'm breaking free now
Free from the dark

I'm gonna fly
I'm gonna soar
I'm gonna be by you
Up in the sky

Where we belong
Can you just please
Hold me one more time
Don't let me go

I wanna scream
Beating so fast

I wanna scream it out
Out to the world
My bleeding heart
Is beating so fast

I swear that I'm
I'm catching feelings
Again, again, again
For you

I wanna scream it out to the world
My heart is beating so fast
I think that I might be
Catching feelings again (for you)

I'm letting my guard down
I'm tearing these chains apart
I'm breaking free now
Free from the dark

Free from the dark
Free from the dark
