HOW TO WORK OUT SIZE FROM SIZE CHART

Unfortunately due to Covid19, you are unable to try on any sizes at the school. Please read below to help make an assessment of what sizes you may require. We understand this is not ideal, but we hope this will help as much as possible.

1. Find some garments you currently like wearing at home
2. Lay them flat on the ground
3. Use a measuring tape to measure some key parts of your garment to compare to the size charts provided.
4. Tops - 1/2 Chest and length are the most Important.
5. Compare measurements to size chart provided - they might not compare exactly, we would recommend going up a size if you are worried.

HOW TO MEASURE
