

New Year New Name for WiseOnes but our program hasn't changed!

Coming up
Term 2, 2023

Hands on Algebra

Park Orchards Primary

Learn how symbols work, how to check if things are equal, the difference between the sides of an equation. Show your parents how you can do things that look hard but you can do easily. We use a balance and actual items to make it work before we try to do it on paper then in our heads. There are three levels of fun and challenge especially designed to get you thinking. Have fun doing a different kind of lesson in a very small group.
