Staughton College Advice to VCE/VCAL Teachers

Amendment 1 - 20/3/2020

Any student who elects to self-isolate due to the COVID-19 will still need a legal document (stat dec, medical certificate) to be allowed to sit a School Based Assessment (SAC) and receive a score.

Amendment 2 – 25/3/2020

In response to the Continuity of Learning for Senior Secondary Students Advice released by the VCAA on the 24th of March, 2020, we would like to reiterate that the College's position is that scored assessment tasks should not be completed remotely at this time. Teachers should plan formative assessment that allows them to assess what students are ready to learn and this should be delivered remotely. The College's position will continue to be reviewed as new information arises, including the length of time students will be learning remotely.

Amendment 3 - 8/4/2020

In response to the media release from the Premier Daniel Andrews and Minister for the Coordination of Education and Training - COVID 19 James Merlino, dated 7/4/2020, we continue to advise that scored assessment tasks should only be undertaken remotely if authentication of student work can be completed. Our recommendation is for teachers to continue teaching content at this stage, and plan for students to sit scored assessments when we return to onsite learning. Teachers should continue to collect formative assessment during this time, that may be used in the future to derive a score, in the event that offsite learning continues in term 3. The school's position is also that VCE and VCAL teachers and students should not be physically attending the school to complete assessment or teaching.

We expect the Victorian Curriculum Assessment Authority will release more information shortly, including the potential for outcomes to be adjusted and exams to be shorter, and we will update this advice accordingly. SPIT, the VCE sub-school and the VCAL sub-school will also continue to support VCE and VCAL teachers and students during this time.
