Karkarook Ward – Dane Road, Moorabbin – Parking Consultation

Background

Council is reviewing parking conditions on Dane Road, Moorabbin, adjacent to Dane Road Reserve. The area experiences a range of parking demands associated with reserve users, visitors to nearby businesses, and school-related activity.

To improve parking turnover and provide greater access to short-term parking opportunities, Council is considering changes to the existing parking restrictions. Council is seeking community feedback on the proposed options.

Council Actions

Council is proposing to introduce timed parking restrictions on one side of Dane Road, adjacent to Dane Road Reserve. This measure aims to support parking turnover and improve access for reserve users, as well as visitors to the school and nearby businesses. Please note all other parking conditions will remain as present.

Have Your Say

We propose introducing one of the following changes:

- Option 1: Introduce 4P parking between 8:00am and 4:00pm on the reserve side of Dane Road.
- Option 2: Introduce 2P parking between 8:00am and 4:00pm on the reserve side of Dane Road.
- Option 3: No changes.

Please refer to the diagram on the next page for a visual depiction of the proposed changes. Please submit your response using the form on the last page by 21 July 2026.

Further information

For further information, please contact the Traffic & Transport team on 1300 653 356 or email info@kingston.vic.gov.au.

Laneway Reconstruction – Le Page Lane, Moorabbin

We're upgrading Le Page Lane in Moorabbin to improve safety and accessibility for pedestrians.

The works will include:

- Construction of a new laneway between Le Page Street and Worthing Road, to improve pedestrian safety and connectivity

Every year, we invest in Kingston's roads and paths to support the current and future needs of our community. Please refer to the attached plan for more details.

Construction Details

Construction is expected to take place in late 2026 and will take approximately two to four weeks to complete (weather permitting).

During the works, access to some pedestrian areas may be temporarily restricted. We'll work to minimise disruption and provide clear signage to assist pedestrians with alternative routes where required.

Additional details, including contact information for construction-related queries, will be shared closer to the commencement of works.

We look forward to delivering these improvements for the community.

Further Information

For further information relating to this project, please contact Laura Wen, Design Engineer or Darren Stephens, Coordinator Major Designs via email kingston.vic.gov.au/contact-us or on 1300 653 356.
