What we've been up to in the past fortnight!

Over the last week, the children have enjoyed participating in group activity play. The children were enjoying reading at GOSH. They were doing "STORY TELLING" with their friends. They were taking turns to read the book and listened to the stories so well together. (Photo. 1)

While participating in group game activities, the children at gosh were playing board and card games. The children grouped themselves to play monopoly. The children were having fun playing the game and played together very well. (Photo.2)

At GOSH, we were making "pancakes" this week. The children were taking turns mixing the ingredients. The children were taking turns nicely and this activity is getting popular for the children with both the boys helping mix along with the girls. (Photo.3)

The children played "CHESS". The children were participating in the game with an educator assisting. They were enjoying playing this game and played well with their friends and educators. (Photo.4)

The children were dressing up and building a cubby house, creating an imaginative play scenario. The girls were dressing up and pretended to play as a family along with their friends. It was lovely to see they have a beautiful imagination and had fun together. (Photo. 5)

For the children at gosh we have a new game setting of "POWERBALL". We were using the tissue rolls as we are recycling materials and we had a discussion about recycled materials with the children before we made the POWERBALL activity. The activity involved bouncing a ball into the rolls to randomly choose, like a raffle, the second snack or group game activity. (Photo. 6)
