Oatlands Primary School OSHC

Hello Parents, Carers and Children,

This past fortnight has been focused on BIG ART WEEK, where children were encouraged to submit art projects by 27th of March for the National competition.

Children have also been busy making Easter Bonnets and Hats, again with some wonderful creations.

We have also been discussing recycling and sustainability in the service. Old Texta pens were used to create water paints which the children then used to create some beautiful aquarelle artworks. We also are planning a vegetable garden and discussed composting.

School Holidays

Please note, school holidays begin at the end of this week. School is closing early on Friday, so Your OSHC will be opening early to care for your children.

Rocketeers

The "Rocketeers – Mission V" school holiday program is running these holidays, ensure you have your children enrolled for this mission!

Have a great fortnight,

Saskia and Crew,

Your OSHC
