

25 May 2022

Dear Resident/Business Owner

Robinsons Road Level Crossing Removal Project – construction update

We're getting on with the job of removing the dangerous and congested level crossing at Robinsons Road, Deer Park by building a road underpass under the rail line.

The level crossing removal works at Robinsons Road in Deer Park are ramping up to open the new road underpass by 2023. Works are well underway to build the new road alignment and construct the new shared use path.

Upcoming changes to the way you travel

- **Intermittent lane closures on Robinsons Road and Quinn Street:** throughout early June there will be short term intermittent lane closures on Robinsons Road and Quinn Street to locate services.
- **Closure of Quinn Street:** in late June, Quinn Street will be closed at the intersection of Robinsons Road for 24/7 works for up to three weeks. Robinsons Road will remain open. More information will be available soon.

Throughout June, we will:

- locate services on Quinn Street
- continue construction of the tanking slab that will prevent the new underpass from flooding
- continue construction of the shared use path and drainage next to the new road alignment
- install cladding panels on the shared use path
- continue construction of the new road pavement.

What to expect

- Works **Monday to Friday**, between **7am and 6pm** and **Saturday** from **7am to 1pm**.
- Work outside normal construction hours between **6pm and 5am** from **23 May** to **mid July** within the new road alignment.
- Construction noise and activity, with construction vehicles and equipment in operation.
- Reduced speed limits and traffic management will be in place throughout the project area.

Weather conditions may affect our progress.
