31 July 2018

Dear Parents and Guardians

On the evening of Monday 13 August from 6:00 – 8:30pm, the Primary School is having a Star Gazing Evening run by the Astronomical Society of SA and SkyWatch Astronomy Education. The evening will entail a short talk to everyone in Frassati Hall then we will be heading to the oval where the children and parents can move around a number of telescopes and look at various objects around the sky.

There will be a new moon on Monday 13 August and Venus, Jupiter, Saturn and Mars will all be well placed for viewing, as well as a range of bright deep-sky objects – so it should be a great night. Wednesday 15 August will be a backup date should viewing be poor on the Monday.

In order for the scientists to set up enough telescopes please indicate your attendance numbers for the evening as soon as possible.

Yours faithfully

Mr Frank Ali
Head of Primary

Star Gazing Evening RSVP
Return to your son's Class Teacher

We (number _____) will be attending on the Star Gazing Evening on Monday 13 August 2018.
