

Indigenous Studies

For our Elders Junior School

This term, students have been exploring the NAIDOC Week theme 'For our Elders'. This has involved using resources from 'Wingaru Education' to understand who an Elder is and how to show respect to Elders.

Students have learnt about Elders in our broader community and are beginning to research Elders within the local Wadawurrung community. If you are interested in supporting this research or have someone in mind, please reach out and contact the school.
