Touch Typing Skills at St Pius X

Could your son benefit from touch typing skills for a wide variety of his writing and communication needs at school and beyond?

Designed and run by an experienced occupational therapist, this program has been developed to give students the touch typing skills they need to undertake **effective word processing** on their PLDs, in a way that **develops good and sustainable typing habits, encourages improved desk ergonomics, and improved typing speed and accuracy.**

The program is open to all students in the school from Years 5 to 10

The Program will include activities to:

- **Develop fine motor skills which underpin good typing**
- **Look at overall posture and ergonomic workstation set up**
- **Teach how to touch type, using a popular and easy-to-learn system**
- **Focus on typing technique and tips to improve speed and accuracy**
- **Give incentives to make practice manageable and fun**

The program will be run on a small group basis so that professional guidance, peer feedback and modelling can be maximised, with students attending one nominated afternoon per week for 8 weeks in Term 1 2018.

The program will run over 8 consecutive weeks (except for the Easter week)

Starting Week 3 of Term 1 2018 - week beginning 12th Feb 2018, upto and incl.

Week 11 of Term 1 - week beginning 9th April 2018

Time: 3.20pm – 4.30pm (afternoons available depending on demand)

Location: Leary Room 2 Block D St Pius X College

Cost: \$280.00 per student for 8 sessions

You may be able to claim on your Private Health Insurance cover for this program if your policy includes OT under extras cover – item Number 300 Group therapy intervention.
