**Around the Grounds**

**6A**

A blustery morning at Yeronga against a very well drilled team. Villa played well to win, our boys were valiant in defeat.

**6B**

Unfortunately, not our day today in a very windy and often frustrating game, but we can't make excuses, although at times we played competitive football we lost our structure and couldn't complete on the opportunities that we had. Time now to reset and finish of the season strong.

### 5A

Wow football can be cruel! An absolute character-building game, one that which would that had you on the edge of your seats. Maybe next week we should get channel 7 here! Anyways, another resilient and brave effort today against a quality opposition in Villanova. The theme this week was courage, and that was certainly exemplified by this great group. For most of the day we fought and scrapped and showed that we are a quality footy side. Unfortunately, it wasn't meant to be, but we now turn our focus to the final game next week against Padua. Well done to Hunter Brooks on receiving man of the match, well deserved.

### 5B

The Marist 5Bs fought hard in their game against Villa. We had a dominant first quarter and put a goal on the board, but Villa were quick to come back into the contest in the second quarter. The rest of the game was a hard contest with an unfortunate end as Villa came out on top. Overall, the boys played well all the way to the end.

### 5C

A high-pressure game for the 5Cs this morning prompted many great defensive opportunities, particularly in the first half. Quarter 3 was certainly our best, with Marist scoring and preventing the opposition from gaining any points. A close game until the end, where Villa snuck through our defence to score.

### 5D

After quite an uneventful first half. Despite being down 7 points the boys got psyched up for a big second half. After a hat trick masterclass from Gus Shepley and impressive game changing plays from Tom Farley. The boys did it once again, making a skilful comeback
