

Western Port Highway Upgrade intersection closures

We're kicking off our final phase of works on the Western Port Highway Upgrade, building the new signalised intersections at Ballarto Road and Cranbourne–Frankston Road. Both intersections will be closed from **8pm 15 July to 5am 5 September** to complete the intersection upgrades.

Detours will be in place via South Gippsland Highway for through traffic and via Potts Road and Pearcedale Road for local traffic only. Please follow detour signs and plan ahead for delays of up to 30 minutes.
