

Update HUB Notifications

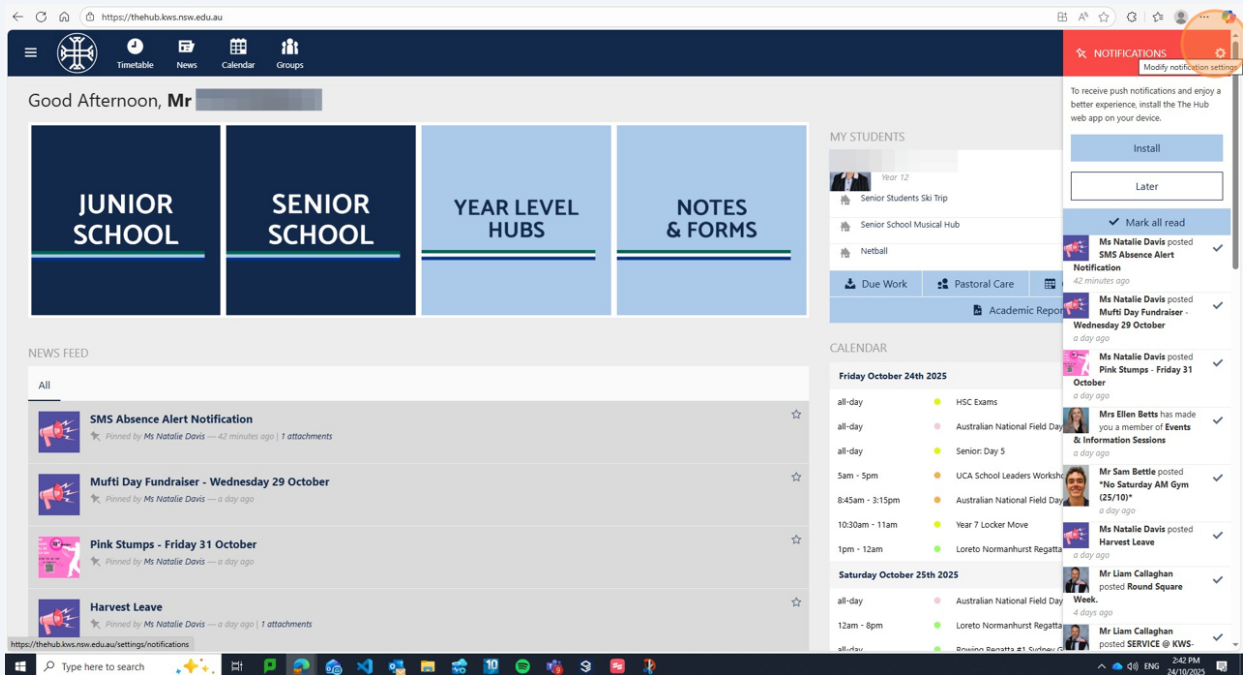

This guide provides a straightforward process for updating HUB notifications, ensuring you stay informed about important updates from Kinross Wolaroi School. By following these simple steps, you can customise your notification preferences to better suit your needs. Viewing this guide will help you enhance your communication experience and ensure you never miss critical information.

1

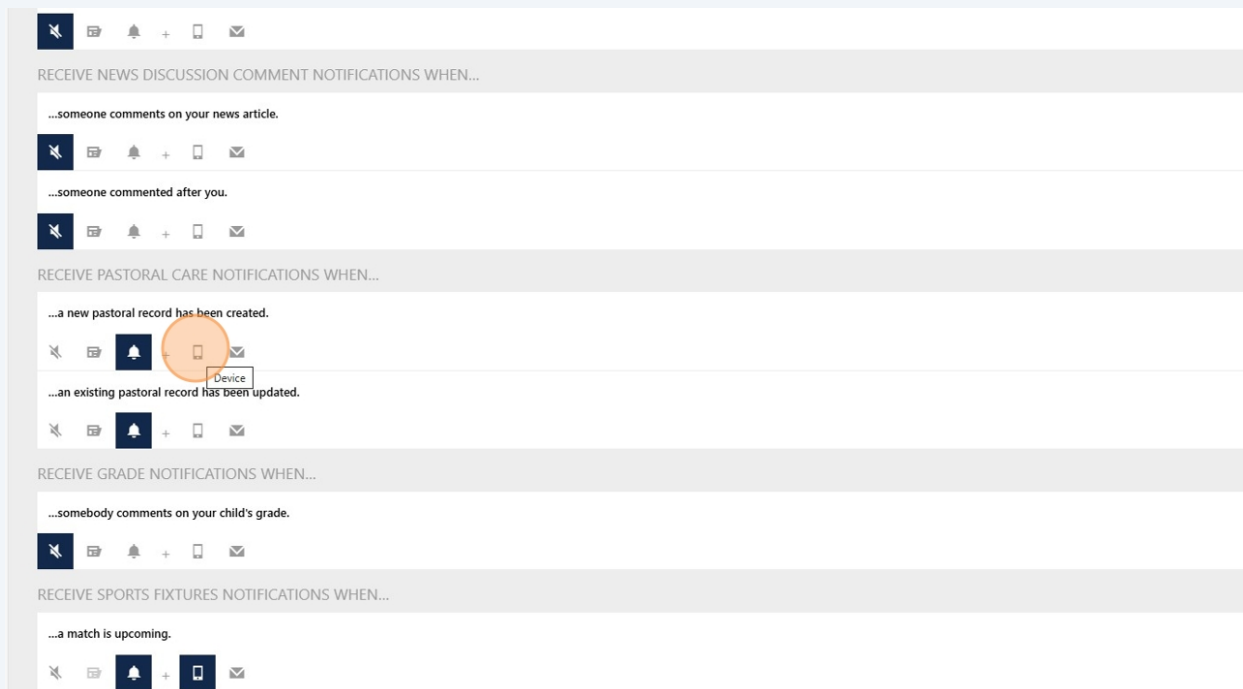

From the HUB landing page, click on the notification icon in the top right-hand corner.

2 Click on the cog to modify your notification settings.

3 Adjust your notification settings as required. By default, parents will receive a simple HUB alert in their notification sidebar for pastoral care entries.

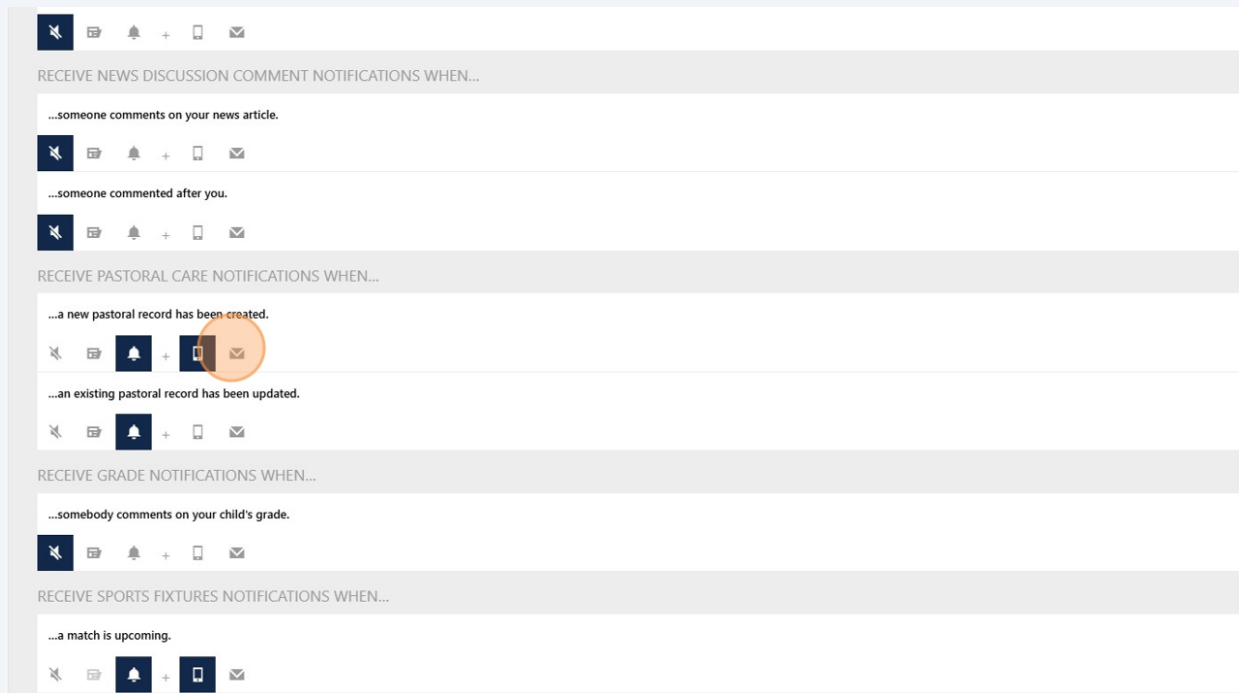

4

Additional settings include:
Muted - Users won't receive notifications

Digest - Notifications will be collated and emailed to users in a digest, but won't be listed in the notification panel.

Device - Notifications will be pushed to a users' devices (if you have push notifications installed. See image 2 of these instructions.)

Email - Notifications will be emailed to a users nominated email address

5

Once you have selected your desired settings, simply return to the homepage or close the browser. You can adjust your settings as required at any time.

The screenshot shows a web browser at the URL <https://thehub.kws.nsw.edu.au/settings/notifications>. The page has a dark blue header with a menu icon, a logo, and navigation links for Timetable, News, Calendar, and Groups. The main content area is titled "Notification Settings" and includes a section "SETUP THE HUB WEB APP" with an "Install" button and a note about device notifications. Below this is a "NOTIFICATIONS" section with a disclaimer. The "RECEIVE QUIZ NOTIFICATIONS WHEN..." section shows two notification types: "...a teacher marks your child's attempt of a quiz." and "...your child failed to attempt a quiz.", each with a row of icons for different notification channels.
