You can use the **Compass app to action tasks**.

The app is available to download for free from the Apple App Store or the Google Play store.

Once installed and opened for the first time, you will be prompted to choose which school your child attends.

After selecting the school, you will be required to enter your log in details which are the same details you use to log in to your Compass parent portal.

### The App Home Page

When logged in, you will see:

#### 1 Profiles

Each of your children who attend the school will appear at the top of the screen. Click their image to go to their profiles.
