

## TARNEIT P-9 COLLEGE

Dear Parents and Carers,

We again thank all our parents and carers for all your tremendous support with our online remote learning. It is great to see the wonderful lessons being created by our teachers and the amazing work being completed by our students.

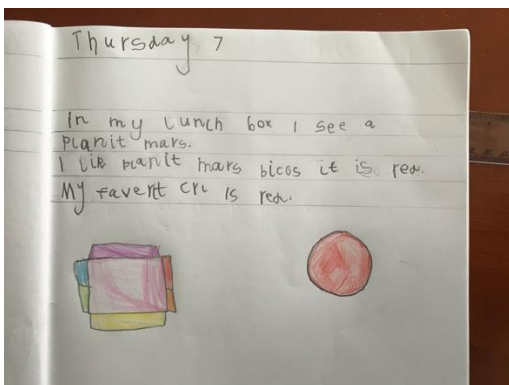

We encourage all students to keep completing their online work to the best of their ability. As you may be aware, Term 2 remote online learning will end on 22 May for our Prep – Year 2 students, with our last week of remote learning being next week (Week 7).

All Prep – Year 2 students are set to return to school on Tuesday 26 May. We welcome you all back and cannot wait to see you all! Please make sure that you read the Principal message and all communication on Compass for all details and information.

We continue to have amazing work produced by our students in P-1. The below examples are only some of the work that is being uploaded online by our P-1 students. We wish we could include them all.

**Aarna from - 1EZ** - Aarna was asked to brainstorm words they remembered with the /aw/ and /au/ digraphs, and to draw a picture to match. Aarna brainstormed words, and also wrote a sentence for each word. So impressive!

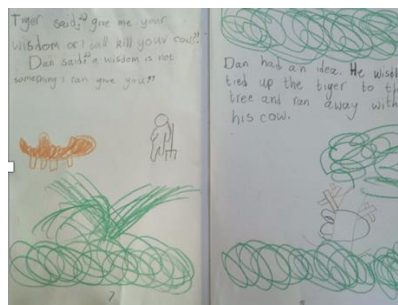

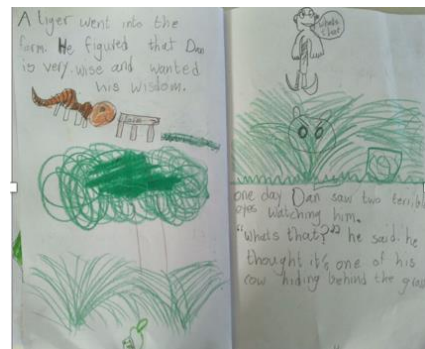

**Petueli – PMT** - Petueli used the sounds the class has learnt to write a sentence. Keep it up!

# TARNEIT P-9 COLLEGE

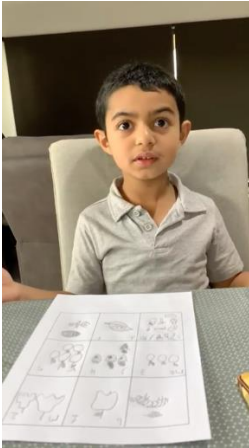

**Ovi- PMT** – Ovi used the tool from the math's toolkit for subtraction. Wonderful work!

**Aayan - 1HP** – The Grade 1's have been looking at some Julia Donaldson books and focusing on some of the wonderful features she uses in her books; like repetition, onomatopoeia, alliteration and voice. Aayan has created a fantastic book which includes some of these features and he has taken great pride in his work. Well done!

## TARNEIT P-9 COLLEGE

**Zohan - 1BS** - who has consistently participated and followed instructions in remote French lessons. He has provided Ms Lam with not only with excellent work, he also makes her smile in his video clips with his happy disposition and creativity. Awesome work!

To continue to support and promote your child's learning, we encourage families to continue to ask your children the below questions:

- What did you learn today?
- How did you do?
- How can you improve on your learning?
- What are you most proud of?

These questions create opportunities for informative conversations and provide a script for discussion.

Thank you and we look forward to seeing all Prep – Year 2 students back at school on 22 May.

We cannot wait to see you all!

Kind Regards,

**Matt Naudi**

Assistant Principal, Prep – Year 1
