

# Works Notification

## Raywood Station construction

**May 2022**

Construction is continuing on the new Raywood Station, which will give people in this growing region access to trains closer to where they live.

Thanks for your patience while this important work is underway.

### What we are doing

Construction of the new Raywood Station will progress throughout May.

Works will include:

- installing fencing and furniture on the platform and station precinct areas
- asphaltting the carpark
- installation of station signage
- commencing landscaping
- extending the footpath on Inglewood Street from the existing footpath to the new train station.

Works will take place 7am to 6pm Monday to Friday and 7am to 1pm Saturdays.

### What to be aware of

You may notice an increase in noise, dust and vehicle movements while works are taking place.

There will be machinery, heavy vehicles and workers within the rail corridor and surrounding areas. Please be mindful and observe all safety signage in place.

### Traffic impacts

The speed limit on Inglewood Street between Robertson Street and Macaulay Street will continue to be reduced to 40km/h. This limit will be in place until construction is complete. Please plan your road journey ahead of time to avoid delays.

### Minimising impacts

#### Dust

We use a range of measures to minimise dust from construction activities, including placing dust monitors in and around the construction site, staging works to minimise exposed areas and using water carts to wet down work areas.

#### Noise

We monitor noise levels to ensure they are within the Environment Protection Authority noise control guidelines and limit out-of-hours works as much as possible.

### Keep informed

Please sign up to our email updates via the Regional Rail Revival website ([regionalrailrevival.vic.gov.au/bendigoechuca](http://regionalrailrevival.vic.gov.au/bendigoechuca)) so we can continue to keep you informed about works in your area or call **1800 105 105** (24 hours a day, seven days a week) for more information.
