

Hello Parents and Families,

I am Shiela Naidu and I have recently joined the before and after school care team as the Year 3 – 6 Coordinator, joining Monica, our K – Year 2 Coordinator. I am excited to join the children and I am looking forward to contributing my part to our efforts to 'Make Kids Smile' in our care. I hope to meet many of you in person as I settle in and learn more about the children.

We had an exciting holiday club this winter break with fun filled activities for all children. The boys and girls got to experience painting their own umbrellas, making wind chimes, perfumes, tornado in a bottle, a DIY thermometer and many more. The kids tried their hands at cooking too and also played variety of sports.

Our team is looking forward to welcoming the children in Term 3 with many more diverse projects to experience. We also have plans to extend their interest in sports daily. It will be great to hear from families and we welcome all feedback. Hoping for a safe and healthy Term ahead.

Once Covid-19 restrictions are over, we are looking at bringing incursions to before and after school care and both incursions and excursions to our holiday club.

Thank you and regards,

Shiela Naidu on behalf of the Camp Australia team.

*Reminder for families to inform about absenteeism.*

*For the safety of your child, and the smooth operating of after school care, it is vitally important you inform the service if your child will be absent. Notifying the service with a quick phone call, text or just leaving a message will assist staff in ensuring children are safe and that valuable time is not taken following up on children not attending the session. We thank you for your understanding.*
