

Hello

I say this every year and I'll say it once again. I cannot believe it's already week 6, we've been having a blast and we're only just getting started.

It's been another two successful weeks at TheirCare as we have welcomed back more children to the service and welcomed a new staff member.

As a reminder, with restrictions easing and the return to normal capacity, it is recommended to log on to the online portal and double check your child's and or children's bookings, alternatively you can also contact head office at 1300 072 410 for further assistance.

TheirCare is about to be taken over!

In the next few weeks, we will be accessing the TheirCare toy library which will see us having robots running around the service thanks to our robotics kit. I've used these before and can guarantee they are a lot of fun and a huge hit with the children while providing a great learning experience.

Lastly, it is with great pleasure to introduce our newest staff member Lauren, acting as 2IC for the after-school sessions.

- Jordan
Coordinator

Hello everyone,

I am very excited to meet everyone. I hope I can share some positive energy and fun to the service. I have a Diploma of early childhood. I have been working in Early Childhood and Out of school hours care since 2012. If you have any questions, please feel free to reach out or pop into the service for a friendly hello.

-Lauren
Acting 2IC
