What does academic learning mean?

Academic learning is about specific subjects or topics that you are learning about.

Am I confident with my multiplication skills?

Am I confident writing information texts?

Am I confident in spelling new vocabulary?

Am I confident reading fluently out loud?

Am I confident in completing my homework?

What are two things you did well with your learning in 2021?

1.	
2.	

What are two things you could improve on with your academic learning this term?

1.	
2.	

Goal 1 - Academic Learning

What do you need to work on? (Specific)	How will you know when it is achieved? (Measure)	List three steps you will take to achieve your goal? (Achievable)	Why is this goal important to you? (Realistic)	How long will it take you to achieve your goal? (Time)
Example: Being mindful of who I am sitting with, if they are distracting me.	When Mr Poppa is not saying my name. I am able to consistently perform the action I am not relying on my teachers or my peers The teachers in aren't saying my name as much	-Looking at where I am sitting. -Taking the time to do the task well. -Asking instead of disrupting.	So I can achieve more and get into less trouble.	10 weeks.

Goal 2 - GEM Learning

What do you need to work on? (Specific)	How will you know when it is achieved? (Measure)	List three steps you will take to achieve your goal? (Achievable)	Why is this goal important to you? (Realistic)	How long will it take you to achieve your goal? (Time)
Example: If I am showing red zone emotions, I attempt to use my strategies	My teachers will prompt and ask me to use my strategies and my tools	-I will feel calm -I will be able to have an appropriate conversation	I want to feel calm when I walk into the classroom	5 weeks.
