

Year 1B Families

22nd June 2026

Dear 1B Families,

I would like to provide you with an update regarding our Year 1B class as we move towards Term 3.

Ms Stephanie Hall has made the decision to return to further study and, as a result, will be reducing her classroom teaching commitment to three days per week. We are excited to support Ms Hall in this next stage of her professional journey.

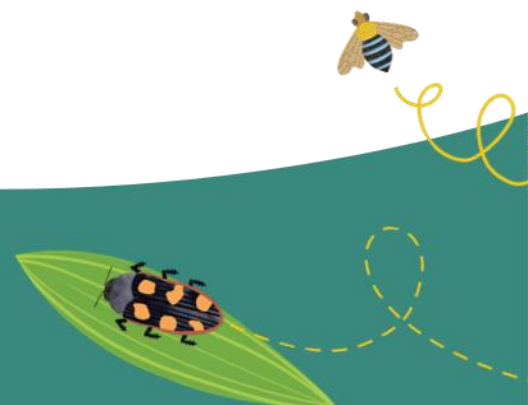

To ensure consistency and continuity for students, we have appointed Ms Megan Fuller, an experienced teacher, who will be joining Balambalam Primary School and taking on the full-time classroom teaching role in 1B.

Ms Fuller visited the classroom today, Monday 22 June, where she had the opportunity to meet students and begin the handover process with Ms Hall. She will also be attending some of the Parent-Teacher Interviews tomorrow evening, providing families with an opportunity to meet her as we begin this transition.

Throughout Weeks 1 and 2 of Term 3, Ms Hall will continue to provide a thorough handover and will spend time working alongside Ms Fuller in the classroom to support a smooth transition for students.

Balambalam Primary School

For the remainder of 2026, Ms Hall will also be undertaking a small-group teaching role across the school on her three working days. Importantly, students will continue to see Ms Hall regularly and maintain the positive relationships they have built with her, while benefiting from the consistency of having Ms Fuller as their classroom teacher.

Our priority remains maintaining continuity, stability, and a positive learning environment for all students. We are confident that this transition will be a positive one for our students and appreciate your ongoing support as we continue to grow and strengthen our school community, always with a focus on providing the best possible outcomes for every child.

Warm regards,

Danielle Heatley
Principal
