HAMILTON
AND ALEXANDRA COLLEGE

8 December 2021

Dear Parents and Guardians

We are pleased to report that our students have successfully completed their End of Year Examinations and have enjoyed five days of the 2022 Step Up Program.

At the end of the week your son or daughter will receive their Semester 2 Report. It will be released via PAM on the College Learning Management System SIMON. Instructions for how to use PAM have been attached to this document. You will note that in Term 3, learning behaviour indicators were published without a written comment for each student. In Term 4, there are both assessment grades and updated learning behaviour indicators. Please refer to the example below.

Last Friday, the College's Remote Learning Program was recognised for 'Excellence' at the Australian Education Awards, and we praise our students for working consistently this year throughout the continuous remote learning and face to face learning periods. Alongside our College assessments, progress is monitored via NAPLAN results for year 7 and 9 students, as well as UNSW REACH testing in Math's, English and Science that was conducted earlier in the year for all year 7-10 students. New Digital Learning Profiles are currently being explored to better capture the story of your child's growth.

On the 16th of December our students studying VCE Unit 3-4 subjects will receive their results. This is an important time for our Year 12 students as they confirm their next steps into further study or work.

Thank you for your support of the teaching and learning at The Hamilton and Alexandra College. We value our partnership with you and look forward to working together in the new year.

Yours sincerely

Susan Bradbeer
Deputy Principal Teaching and Learning
