

THANK YOU LETTER FROM BR KEVIN RYAN TO THE KOKODA EXPEDITION PARTY

Good morning Sean and the total St Pius X College Kokoda Group 2016.

This is just a short note to say again I/we are deeply appreciative of your support of IERC Gerehu and so also the total Network of Callan Services. It is a great contribution and allows the Centre great flexibility and the ability to respond to 'needs' as the staff and parents understand them in their daily work.

Congratulations also on the initiative shown in the fundraising, and thanks to Anthony for the Foundations involvement.

As you journey on to the Kokoda walk and out and into Port Moresby I hope you are able to continue to:

Get to know another country and its people in a more deep way

Get to know yourself better

As you get to know yourself may be open to meeting the God who is present in each of us and the people you meet.

May you be given great energy, have fun through the pain and struggle and then return to Australia to continue to make your College, your families and friendship groups stronger and more compassionate.

The blessings of the Network and the Brothers go with you.

Peace and love.

Kevin

Br Kevin P Ryan

Director

Callan Services for Persons with Disabilities National Unit (CSNU)

A capacity building agency within the Network of Callan Services
Education, Community Based Rehabilitation and Health Services for Persons with
Disabilities
