Study a Bachelor of Education with 1-10 Learning Area

Like to mix things up? This course will give you the flexibility to teach children from Year 1 up to Year 10.

It also prepares you for working as a dedicated Primary or lower Secondary School teacher and equips you to teach in regional, rural and remote settings. During your studies, you will receive diverse professional experiences in a range of schools.

You'll also have a chance to specialise in one of these learning areas of interest:

- Health and Physical Education
- Mathematics
- Science

Indicative ATAR: 70

Duration:	4 years full-time or part-time equivalent			
Availability:	**JO**	**ML**	**SW**	**OL**
Full-time			✴	■
Part-time			✴	■

✴ Study at ECU South West is a combination of on campus and online.

This course creates quality graduates ready to take up employment in primary and lower secondary (up to year 10) education environments. You may be employed as a generalist primary teacher, specialist primary teacher or secondary teacher teaching to year 10 in a single learning area specialisation: Mathematics, Science or Health and Physical Education.

Professional Recognition

Graduation from the program would be considered by the Teacher Registration Board of Western Australia (TRBWA) to meet the qualification requirements for Provisional Registration as a teacher in Western Australia.

Registration

You will need to graduate to be eligible to register with the TRBWA. Registration with the TRBWA is required to practice in the profession. You must meet the TRBWA literacy and numeracy proficiency requirements prior to graduation for teacher registration in Western Australia. Further information is available at **trb.wa.gov.au**.
