

GRADE 1 CLASS NEWSLETTER

TERM 2, 2025

FROM THE TEACHERS...

Welcome to Term 2. We are looking forward to many wonderful learning experiences this term.

We hope you had a lovely Easter holiday and enjoyed some family time doing special activities!

There is a lot happening in Term 2, please keep an eye on the important dates by regularly checking the newsletter for what's on. We will have our Athletics carnival in Week 4 and we will be going to Jets Gym later in the term. Both activities will require permission through PAM, which will be sent out during Term 2.

Please continue to read and go over tricky words during the term. A new Term 2 diary will be placed in your child's reader cover. Decodables will continue to be sent home as we learn new digraphs.

As we are moving into the colder weather, please ensure that your child is in the correct uniform and wearing sport clothes on their correct day.

Discuss with your children information that has been shared on the school newsletter regarding Classroom Mastery. During class time the children will be introduced to our new routines to create calmer classrooms.

Don't hesitate to contact us if you have any questions or concerns.

Kind regards
Kyle, Jacinta, Melissa and Laura

OUR TERM 2 LEARNING INTENTIONS

Religious Education

- We are learning that Pentecost is a special time in the Church's history, marking the beginning of the church.
- We are learning that through Baptism we are welcomed into the Catholic community.

English

- We are learning to break words apart to record sounds.
- We are learning to read fluently.
- We are learning what adjectives are and how to use them in our sentences.
- We are learning to add suffixes to the ends of words.

Mathematics

- We are learning counting and place value, measurement, addition and subtraction and time.
- We are learning to apply place value knowledge to solve problems.
- We are learning to solve problems involving length, mass and capacity.
- We are learning to add and subtract numbers up to 20.
- We are learning to solve duration and sequence problems.

Inquiry

- We are learning about our own history and how things change over time.
- We are learning how Indigenous stories are shared through time.
