UAC Deferring a Uni Course - What you need to do.

How do I defer?

When you receive an offer to enrol in a course, information included with your offer will explain how to apply for deferment. You may have to accept the offer before you can defer. Most institutions will ask you to provide a statement to explain why you wish to defer and what you'll be doing during this period. Once your deferment has been granted, you'll receive written confirmation of your deferment from the institution concerned. This will also give instructions on how to take up your deferred course. If, at the end of the deferment period, you decide you'd like to be considered for other courses, you can complete a new UAC application and include these course preferences. If you receive an offer to one of the new courses, you can then decide whether to accept the offer or take up your deferred course.

Can my offer lapse?

Yes. If you undertake degree studies or certain levels of TAFE study other than NSW HSC courses during your deferment period, your offer at many institutions will lapse. You'll need to re-apply through UAC and declare all of your studies. Check with each institution for specific policies.

UAC Digital / Let's Chat – Music students, For the sound of music

Register today to hear from current music students.

Wednesday 21 September 6.00pm

If you are interested in music degree, then this session is for you. Current students from a range of universities share their experiences of student life. Topics covered include:

- how they decided on the course they are studying
- what they found easy about the process of applying and enrolling, and what they found hard
- what they thought uni would be like
- the best thing about being at uni

<https://uacdigital.easywebinar.live/registration-let-s-chat-music-students-for-the-sound-of-music>

University - Institutes

Macquarie University Catchment 5 Adjustment Factors

If you qualify for adjustment factors, they are added to your selection rank and may improve your chances of receiving an offer for your preferred degree. Macquarie offers five additional adjustment factors to students who live in Macquarie's catchment region. Use the tool below to check if your postcode qualifies. If you qualify, you will automatically receive five adjustment factors when you have a Macquarie course listed as one of your preferences through UAC.

<https://www.mq.edu.au/study/admissions/entry-requirements/domestic/macquarie-entry/adjustment-factors/catchment-adjustment-factors>

Western HSC Study Sessions

From 26-30 September 2022

Western Sydney University is offering a range of online study sessions to assist Year 12 students in their preparations for the HSC. Delivered by highly qualified senior teachers, 26 free sessions across 14 key HSC subject areas, the sessions will include content analysis, tips and strategies, and a detailed exploration of key syllabus and curriculum areas. Students will also have the opportunity to sit a practice exam and deconstruction, with feedback and advice from experts.

<https://www.westernsydney.edu.au/future/student-life/events/free-hsc-study-sessions>

The College of Western Sydney University

Apply for one of our programs and you could be on your way to completing a university degree in no time! THE COLLEGE PATHWAYS INCLUDE:

- Humanities, Arts, Social Sciences and Business
- Health and Medicine
- Science, Computing, Technology, Engineering and Mathematics

<https://www.westernsydney.edu.au/future/study/application-pathways/the-college/courses>

University of Sydney - Life of a Mathematician

31 August 2022 5.00pm

Have you wondered what a day in the life of a mathematician is like? And what jobs are available in this growing sector? Join award-winning mathematician, Professor Mary Myerscough, to find out what an average day of work might be like in the field of mathematics. In this session you will learn about the exciting work being done by mathematicians.

19 October 2022 5.00-6.00pm AEST

A career in sport and exercise science will allow you to help people achieve peak performance and optimal health and wellbeing. Join us online to hear from ACU alumni about their experiences working as exercise scientists and clinical exercise physiologists. Learn from our graduates who have worked with the Brisbane Lions, Wests Tigers, Sacramento Kings and more. Take part in a Q&A session about what a career in exercise science and physiotherapy is like and where it could take you.

<https://www.acu.edu.au/about-acu/events/2022/october/talk-with-exercise-scientists-and-physiotherapists>

UNSW Many Courses Have Changed their Names

UNSW Sydney has made changes to some of its courses for 2023. The courses that are changing are detailed in the table below:

<https://www.uac.edu.au/media-centre/news/unsw-course-changes>

UNSW Portfolio Entry

Submissions are expected to open in early September and close in early December.

For degrees in:

- **Art & Design Portfolio Entry**
- **Built Environment Portfolio Entry**
- **Business School - Bachelor of Information Systems Admissions Scheme (BISAS)**
- **Faculty of Engineering Admissions Scheme (FEAS)**

For all domestic and some UAC International applicants who are applying for an eligible degree and expecting an ATAR within 10 points of the lowest selection rank for your degree (unless stated otherwise).

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area.

That's why we offer UNSW Portfolio Entry, which gives you the opportunity to demonstrate your passion and talent, alongside your ATAR. If this sounds like you, we want to see your portfolio submission. It's an

easy, online process, and can only ever boost your chances of admission. What you submit in your portfolio

will depend on which degree you're interested in. Remember, your UNSW Portfolio Entry submission needs to be completed in addition to your UAC application.

<https://www.unsw.edu.au/engineering/study/alternate-pathways/faculty-engineering-admission-scheme>

Westpac Young Technologists Scholarship – Plan ahead for 2023

Students must enrol in an approved technology-related degree at one of five partner universities. Are you intrigued by technology and how it can change the world for the better? Westpac Young Technologists Scholarships are designed specifically for high school graduates who are passionate about technology and eager to explore its potential for good. We're looking for curious young minds, open to new ideas and untapped opportunities. For starters, there's funding. You could get \$5,000 per year over three years to really inspire your thinking. But that's just the start. We'll help you develop into a stronger leader through the Disruptive Leaders Program, which includes five days in Asia as part of an international learning experience (pending no travel restrictions). You will also have access to paid internships and inspiring mentors. Best of all, you'll become a lifelong member of the Westpac 100 Scholars Network: an inclusive group of some of the brightest young minds in Australia.

Conservation Volunteers Australia

Want to lend a hand with post-flood environmental recovery?

We are a national organisation working with communities to re-balance nature for a stronger, more resilient future. For 40 years we've helped connect people with important conservation needs to make real and lasting change at scale. Right now, our focus is on helping people to safely contribute to repairing the environmental damage caused by the recent floods in Queensland and New South Wales. Tonnes of plastic has washed downstream and is threatening marine life. Tens of thousands of trees, planted as habitat for koalas, have been washed away.

<https://conservationvolunteers.com.au/>

Get Involved in Volunteer Projects

People like you who care enough to make a difference - join us on exciting projects which span everything from ocean litter to bushfire resilience, and citizen science to climate change. We exist to strengthen the health of communities and ecosystems for mutual benefit, across Australia. Through our work, we're building a more harmonious and helpful relationship between people and nature. People tell us that they want to play their part to re-balance nature, but they don't know where to start. So, for almost 40 years we've been working to give people that opportunity through hands on volunteering. Now, we're growing our work to empower anyone across Australia to take action for nature through practical activities.

<https://conservationvolunteers.com.au/projects/>
